been discovered in his own office trans-
acting business as usual. Some of the

cate him.

CHILE'S TRADE FALLS OFF.

English Tonnage Exceeds by Far All
Others Entering Those Ports.

Washington, Feb. 27.—Council Gen-
eral, at Valparaiso, in a report to the
State department, says that out of a
total of 17,000,000 annual tonnage of
vessels entering Chilean ports, those
flying the American flag represented
only 135,000 tons.

Great Britain's flag covered 8,000,000 tons, and Ger-
man ships aggregated 3,000,000 tons.

The trade of the United States fell back
from \$11,000,000 in 1903 to \$10,000,000
in 1904, notwithstanding Chile greatly
increased her purchases.

The Chilean government, the consul
says, is planning many new railroads
and extensions. The trans-Andine
railway, when completed, will shorten
the time between Chile and Europe 10
or 12 days.

Council Leroy, at Durango, writes
that Mexico will soon import wheat.

General Thackeray, at Ber-
lin, reports that the United States pur-
chased nearly \$10,000,000 more mer-
chandise from the empire last year
than in 1904, mostly manufactured
goods, but that the value of American
manufactured goods to Germany, aside
from land and petroleum, in 1905, did
not equal \$15,000,000.

Real estate purchases are not confined
to Eastern people, as Portland men are
investing in apple lands, going as far
as back of Mount Hood. They are re-
lying on the effect the Mount Hood
railroad will have on land in the upper
valley. This road is now nearing com-
pletion, and the first car of freight was
shipped over it last week, consigned to
Moro. Much of the wood formerly
burned in clearing fruit lands will soon
be marketable at a nominal expense,
thus reducing the cost of clearing land.

The sharp wet weather of the past
few days has started plant life into ac-
tivity and berry growers will soon com-
mence cultivating.

Room for Settlers in Umatilla.

Pendleton.—The rapid manner in
which Umatilla county is being settled
has drawn attention of late to the fact
that there is much good wheat land left
on what was once the Umatilla Indian
reservation. A tract of this land was
bought by the government in 1897 and
sold in parcels at low prices to settlers.
In many cases 80 acres out of a quarter
section are to be found, on different
parts of the reservation, which were
then thought useless. With proper at-
tention this land may yet become as
good as the land that was sold. Some
of the land sold then, near Weston,
Athens and Adams, at from \$10 to \$20
an acre, grows wheat of the finest qual-
ity.

Goes to Brazil as Missionary.

Pacific University, Forest Grove—
Miss Grace C. Wood, who has been an
instructor in Tualatin academy for
the past three years, having come to
Pacific from Drury college, Mo., has
left for Brazil to engage in missionary
work, for which she will be pecuniarily
aided. Her position will be filled
immediately by Mr. Zimmerman, from
Riverside academy, Portland. Before
going to Brazil to commence her work,
she will attend the missionary conven-
tion, which is held at Nashville,
Tenn., and from there she will go di-
rect to Brazil.

School District of "First Class."

Salem.—State Superintendent Ack-
erman has gone to Hood River to assist
in the campaign for the organization of
a school district of the first class by
consolidating six country districts.
The subject of the consolidation is to es-
tablish graded schools, and a district
high school. Under the law a majority
of voters in each district, as they now
exist, must vote in favor of the consoli-
dation. It is thought all the Wasco
districts are favorably inclined "excep-
tione," and public sentiment favorable to
consolidation is gaining ground there.

Logging Road on Rock Creek.

La Grande.—Work has been resumed
on the Grand River Lumber company's
railroad up Rock creek. A large
amount of the grading and several
miles of tracklaying were completed
last year, but was discontinued in ac-
count of the winter weather. It is
the intention now to continue the work
until the road is completed. The road
will be used exclusively in bringing
logs to the river from an extensive tim-
ber district in the Rock creek territory.

Return Money to Counties.

Salem.—State Superintendent of In-
struction J. H. Ackerman, one of the
promoters of the Educational congress
at Lewis and Clark fair, has pre-
pared his report of receipts and expendi-
tures of the committee. The money
which Mr. Ackerman is accounting for
was donated on his solicitation for the
expenses of the congress. There is a balance of \$209.86, which
will be returned to the counties in pro-
portion to the amount contributed. In
all, \$1,944.86 was received.

Building Boom on at Baker.

Baker City.—The excavation for a one
story stone building at First and Court
streets, to cost about \$6,000, marks the
beginning of the building boom for
which the architects have been prepar-
ing all winter. In the next six months
more building will be done in Baker
City than during any previous year in
the history of the place. Plans have
been made and contracts let for a large
number of big business blocks, and
many fine residences and cottages will
be erected.

Cremery at Wallawa.

Wallawa.—The Wallawa Building
association has begun work on the
cremery to be installed by the Blinn
Mountain Cremery company, of La
Grande. The ice house is to be fin-
ished by April 1. The same company
will also have a plant at Enterprise.
This will secure a profitable industry
to the farmers of Wallawa valley
which is a perfect dairy country.

Donation Loses Million.

Ottawa, Ont., Feb. 27.—The Do-
minion government loss is from \$1-
000,000 to \$1,500,000 by fire that raged
in Moncton, N. B., late last night and
today, when the Inter-Colonial railway
shops, with 100 cars and several build-
ings of different kinds, were destroyed.
One thousand workmen are thrown out
of employment. There was no insur-
ance.

OREGON STATE ITEMS OF INTEREST

BOOM IN ORCHARD LANDS.

Home-seekers Looking for Locations
on Hood River.

Hood River.—That Hood River is
getting its share of the colonist traffic
is indicated by the fact that ten fam-
ilies have arrived here this week look-
ing for locations. The newcomers are from
Minnesota, North Dakota, Kansas and
Missouri. They are anxious to go into
apple-growing, and real estate men are
busy showing them over the valley.
Each day records several purchases of
land which is now set to apple trees or
will be cleared for that purpose, and
indications are that there will be a
still greater demand for fruit land.

The home-seekers who have arrived
say many more will come as soon as
spring opens in the Middle West, and
there being slow to believe that
spring is so much earlier here.

Real estate purchases are not confined
to Eastern people, as Portland men are
investing in apple lands, going as far
as back of Mount Hood. They are re-

PRIMARY LAW CONSTRUED.

Candidate May Run for Office on Two
Different Tickets.

Salem.—That one man may be the
candidate of both political parties has
been decided by Attorney General
Crawford in an opinion rendered in re-
sponse to an inquiry from W. J. Moore,
district attorney at Lakeview. The
hypothetical case submitted was that
of a candidate who, in the primaries,
was on both the Republican and the
Democratic tickets and received a plu-
rality vote for the office in each instance.
The ruling of the attorney general is
that the office seeker thereby becomes
the nominee of both parties, and his
name must be so printed on the general
ballot at the election in June.

The same would be true if a man
were an aspirant for a Republican nom-
ination and his name were written into
the Democratic primary ballots, there-
by giving him a plurality of the Demo-
cratic votes.

Catch Salmon in Closed Season.

Grants Pass.—Fishermen on Rogue
river, taking lessons from the canner-
men on the Columbia, are doing a big
business even if the season is closed.
Last year they shipped from Grants
Pass and Merlin over 200 tons of fish
to Portland. This year the shipments
will amount to considerable more, as
they are shipping more than a ton a
day. A set net on the Illinois river,
about 20 miles from where it empties
into Rogue river, is daily making big
catches of fine salmon. Fishermen on
Rogue river are also doing a good busi-
ness.

Fruit Canners at La Grande.

La Grande.—An Eastern syndicate,
through its special agent, George T.
Powers, has purchased from the Oregon
Produce company the large storage
warehouse No. 2. In addition to the
plant purchased, Mr. Powers left in-
structions with his agent here to select
sites for a cannery, fruitdrier, a jelly,
vinegar and cider factory. The Oregon
Produce company retains warehouse
No. 1, and will buy and sell, but will
not take fruit on storage or consignment.
It will give possession of ware-
house No. 2 June 1.

Elk for Harney County.

Burns.—J. E. Wallace has returned
from the southern part of Harney coun-
ty, where he went to get an elk pre-
sented to the Harney County Fair as-
sociation by the Pacific Livestock com-
pany. It will be mounted and placed
in the taxidermy display at the pavil-
ion. The large elk on exhibition at
the Lewis and Clark exposition was
sold for \$250 before the Harney county
exhibit of birds and animals was re-
turned.
