Pure Blood

Is certain if you take Hood's Sarsaparilla.

This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Mrs. Helen L. Thompson of Lewiston, Me., reports great benefit to her little girl from Hood's Sarsaparilla, which thoroughly purified her blood after an attack of that blood-poisoning disease, scarlet fever. It gave her strength and renewed health. Thousands of others tell of similar cures, also cures of scrofula, salt rheum, eczema, etc.

This is proved by thousands of testimonials, 40,586 by actual count in the last two years—a record unprecedented in the history of medicine.

Be sure to get Hood's Sarsaparilla.

A new horse disease has come to England from India by way of South Africa. It is called epizootic lymphangitis, and is very contagious.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.

IN THE NATIONAL HALLS OF CONGRESS

Monday, April 9.

Washington, April 9.—McLaurin and Morgan addressed the senate today on the railroad rate question, the former advocating the legislation and the latter opposing. The Mississippi senator announced his intention to support an amendment providing for a court review of the decisions of the Interstate Commerce commission and also stated his adherence to the Bailey amendment, prohibiting the temporary suspension of the commission's orders by the inferior courts. He criticized what he characterized as an effort to inject politics into the consideration of the bill. Morgan took the position that the proposed legislation was an interference with the rights of the states to control the corporations created by themselves, and said that the best way to check exorbitant railroad rates was to keep the waterways in such condition as to insure competition.

Washington, April 9. — Notwithstanding that this was District day in the house and that body resolved itself into a common council for the purpose of making laws for the District of Columbia, general interest was shown in the bills requiring non-resident pupils to pay tuition and regulating the employment of child labor. Hepburn, of Iowa, replying to a long speech of Sims, of Tennessee, in which he contended for self government for the people of the District of Columbia, made a defense of the form of government, but criticized its administration. He did not think two newspaper men and one army officer, who constitute the board of commissioners, the proper personnel for such a government.

Saturday, April 7.

Washington, April 7. — The house did not indulge itself in the usual half holiday today, but continued the consideration of the postoffice appropriation bill, and in the latitude accorded under general debate the discussion took on a wide range, including railway mail pay, increased pay for rural letter carriers, the American smelter trust and the corrupt use of money in elections, with side lights on naturalization laws.

Dalzell, Republican, of Pennsylvania, called up the bill amending the internal revenue laws to prevent the double taxation of certain distilled spirits. He asked that the bill be considered by the house as in committee of the whole, possibly anticipating some debate. Before he could make any statement, the speaker had the bill read a third time, indorsed and passed, while general laughter over the expeditious way the speaker disposed of legislation ran around the chamber.

Friday, April 6.

Washington, April 6.—In making an effort today to get the senate to agree upon a date for taking a vote on the railroad rate bill, Tillman made the important statement that one week more probably would exhaust the general debate. He failed, however, to secure the consent of Aldrich, who said that he would not be willing to agree to vote on the bill until it was more nearly perfected than it now is.

During the day there were three speeches on the rate bill. The first of these was made by Elkins, who, while expressing the opinion that the situation demands legislation, indicated many defects in the pending bill. Gamble followed in support of the bill, and Kean closed in opposition. Elkins was frequently interrupted, and several spirited colloquies marked the progress of his remarks. No senator being prepared to speak tomorrow, the senate adjourned until Monday.

Washington, April 6.—Tariff railway mail subsidies, denaturized alcohol and enlarged postal facilities for Western cities were the features of the debate in the house today. What were alleged to be the iniquities of the Dingley law, so far as the manufacture of watches is concerned, were discussed by Rainey, of Illinois, whose tariff revision speech was listened to with much interest. The "stand-patters" made copious notes for the discussions on protection which are foreshadowed.

Without touching the merits of the postoffice appropriation bill, which nominally was under discussion, the house at 5:15 adjourned until noon tomorrow.

Thursday, April 5.

Washington, April 5.—The postoffice appropriation bill, following an immemorial custom, was made the vehicle for a number of speeches today having no bearing on the subject under discussion, but of general interest to the country. The rights of labor were discussed by Towne, of New York; goods road, by Lee, of Georgia; railway mail pay by Streenerson, of Minnesota, and protective tariff by Rainey, of Illinois. Incident to his speech on labor, Towne spoke of the increased power given the speaker of the house by the rules now in force. He said that, if the house ever has its ancient dignity and power restored, it will be after it has vindicated the right of discussion of all public questions.

Washington, April 5.—In the senate today there was a re-echo of the White house conference of last Saturday relative to the pending railroad legislation, and, while the discussion ended in good nature, there was a time when the feeling was quite intense. The incident occurred at the close of a speech by Stone, which was devoted largely to a discussion of that conference.

Elkins has given notice of a speech on the rate bill for tomorrow and Bailey for a speech on that subject Tuesday. The Texas senator will reply especially to the criticisms made by Spooner and Knox, of his plan for a limitation of the powers of inferior courts in granting injunctions in rate litigation.

Newlands continued his argument in support of his proposition for the national incorporation of railroad companies.

Wednesday, April 4.

Washington, April 4.—In the senate today Newlands discussed the railroad rate bill and Daniel the question of the lack of representation by the Southern states in the public service. Newlands advocated amendments to the rate bill providing for the national incorporation of railroads and announced himself as favorable to the governmental ownership of these utilities. Daniel's speech was based on a provision in the urgent deficiency appropriation bill for the representation of the United States at the next Pan-American congress, to be held in Rio de Janeiro next July. The deficiency bill was amended so as to provide for more delegates, and as amended was passed.

Washington, April 4. — The house during its session today listened to a criticism of the president on the part of Fitzgerald, New York, for the failure of the chief executive properly to advise the house as to the objections he had to the bill opening 505,000 acres of land for grazing purposes in Oklahoma territory, instead of advising the members of the Indian Affairs committee as to the weakness of the measure, so that it might be amended to meet the wishes of the commissioner of Indian affairs.

The postoffice appropriation bill was taken up, but beyond an explanation by the chairman of the postoffice committee, Overstreet, no headway was made.

Tuesday, April 3.

Washington, April 3. — Senators Long and Allison were under cross examination by their brother senators today on the White house conference on the former's court review amendment to the rate bill. After Long had spoken at length in support of his amendment, both the railroad senators on the Republican side and the Democratic senators wanted to know more about its paternity. They scented in its being discussed with the president and his advisers by a few of the friends of the bill before its introduction in the senate an invasion of the sacred prerogatives of the upper house. Long and Allison successfully fenced with the questions and refused to divulge what transpired at the conference.

Washington, April 3. — By a vote of 202 to 26 the house today passed the national quarantine bill. The bill places the control of all quarantine stations, grounds and anchorages under the secretary of the treasury and directs that as soon as practicable after the approval of the act he shall select and designate such suitable places for them and establish the same at such points on or near the seacoast of the United States or the Mexican border as in his judgment are best suited for the same, in order to prevent the introduction of yellow fever into the United States.

The bill carries an appropriation of $500,000.

Fortify Forestry Policy.

Washington, April 9.—When the Carter bill now on the senate calendar becomes law, most of the Oregon opposition to certain features of forest reserves will be disarmed. This law will have the further effect of removing the most serious objection to the pending measure which purposes to keep with the government title to all land bearing commercial timber which is yet public domain. Mr. Carter's bill provides that the secretary of agriculture may permit bona fide homestead entries within forest reserves.

American Questions Up.

Washington, April 9.—The State department has suggested to the Russian government through Ambassador Rosen that the period suggested in the Russian note for the convention of the second Hague peace conference, namely the early part of July, would be inconvenient to America and to some of the other countries of this hemisphere, which were expected to be represented at The Hague. The reason for this action was to avoid a conflict with the Pan-American congress, which has been set for July 21.

More Strict to Immigrants.

Washington, April 3. — The recent heavy influx of European immigration at Eastern ports of the United States was the subject of an important conference at the department of Commerce and Labor today between Secretary Metcalf and Commissioner General of Immigration Sargent, and Commissioners of Immigration Billings, of Boston, Watchorn, of New York, and Rogers, of Philadelphia. It was determined to put in force more effectually, if possible, the regulations bearing on the subject of immigration.

Pay for Conference at Rio.

Washington, April 3.— The senate committee on appropriations today reported the urgent deficiency bill with a number of amendments. The proviso is added to the appropriation for delegates to the International Conference of American States at Rio Janeiro, Brazil, that the delegates shall be appointed so that as far as practicable they shall represent the different sections of the country. An appropriation of $50,000 is made to enable the government to participate in the second international peace conference at The Hague.

Circulation of National Banks.

Washington, April 3.—The monthly circulation statement shows that at the close of business March 31, 1906, the total circulation of National banks was $554,666,967, an increase for the year of $78,718,022, and for the month of $3,863,072. The circulation based on United States bonds amounted to $132,221,551, an increase for the year of $67,351,372, and for the month of $5,047,985. Amount of circulation secured by lawful money was $42,445,416.

Seattle Objects to Negro Soldiers.

Washington, April 9.—Seattle is vigorously protesting against the assignment of a colored infantry regiment to Forts Lawton and Wright, in place of the Tenth infantry, that goes to Alaska in August. The appeals of Senator Piles have been without avail and he is informed that Washington must have its share of colored soldiers. The detail of colored troops to the department of Columbia will not include Vancouver barracks. The detail is for two years.

SSS THE GREATEST OF ALL TONICS

The ingredients that enter into S. S. S. and the method of combining and preparing them so that they build up and strengthen every part of the body, make it the greatest of all tonics. S. S. S. is nature's remedy—**PURELY VEGETABLE**—and while it is restoring the lost appetite, overcoming that tired, run-down feeling, and other ailments common to Spring, which warn us that it is necessary to take a tonic, it is purifying the blood of all poisons and waste matters so that it can supply to the system the strength and nourishment it needs to keep it in perfect condition during the depressing summer months that are to follow.

Spring is the season when most every one needs a tonic. It is nature's time for renewing and changing; and as everything puts on new life, the sap rises in vegetation, the earth thaws out from its winter freezes, and all respond to Spring's call to purge and purify themselves, there is a great change also takes place in our bodies. The blood endeavors to throw off the poisons and accumulations which have formed in the system, and been absorbed by it, from the inactive winter life, and calls upon every member to assist in the elimination. The system is often unequal to the struggle, the appetite grows fickle, the energies give way, the spirits are depressed, and a general run-down condition is the result.

Then the body must have assistance—it must be strengthened and aided by a tonic, and S. S. S. is the ideal one. Being made entirely from roots, herbs and barks, it does not disagreeably affect the system in any way as do most of the so-called tonics on the market, which contain Potash or some other harmful mineral ingredient to derange the stomach and digestion, unfavorably affect the bowels, or otherwise damage the health. S. S. S. tones up the stomach and digestion and assists in the assimilation of food; it rids the system of that always-tired, worn-out feeling, and imparts vigor and tone to every part of the body. It reestablishes the healthy circulation of the blood, stimulates the sluggish organs, and calms the unstrung nerves which make one feel that he is on the verge of prostration. S. S. S. gives an appetite and relish for food that nothing else does, and by its use we can find ourselves with as hearty, hungry an appetite in Spring as at any other season.

It acts more promptly and gives better and more lasting results than any other remedy, and is absolutely safe because of its vegetable purity. Dyspeptic, irritable, nervous, debilitated people will find S. S. S. is just the medicine that is needed for the purification of the blood, which, from its diseased or impure condition, is causing their trouble, as well as for toning up and helping the entire system. When you take your tonic this Spring do not experiment, but get the best—the tonic with forty years of success behind it, and the one endorsed by the best people all over the country—***S. S. S., THE GREATEST OF ALL TONICS.*** It is necessary at this time, when the system is depleted and weakened at every point, that the right remedy be used—one that is especially adapted to the condition, and S. S. S. has proved itself to be this remedy for many years. If it is taken at the first sign of Spring the system will be so built up and strengthened that the disagreeable affections of the season will not be felt as warmer weather comes on.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

AN EFFORT TO PULL THROUGH THE DAY.

I have used S. S. S. quite extensively and unhesitatingly recommend it as the best blood purifier and tonic made. I am a machinist by trade and at one time my system was so run down that by 10 o'clock every day I would be completely exhausted, and it was with the greatest effort that I could pull through the balance of the day. Since taking S. S. S., however, all this has disappeared. I am a strong, vigorous man, abundantly able to do my day's work, my appetite has been whetted up so that I can eat anything, my sleep is sweet and refreshing, and I know further that it has purified my blood and put it in good condition. I cannot speak too highly of your great remedy, S. S. S.
617 W. Broad St., Columbus, O. A. B. MONTGOMERY.

SHE FOUND IT THE BEST SPRING TONIC.

On two occasions I have used S. S. S. in the spring with fine results. I can heartily recommend it as a tonic and blood purifier. I was troubled with headache, indigestion and liver troubles, which all disappeared under the use of S. S. S. My appetite, which was poor, was greatly helped. I can eat anything I want now without fear of indigestion, and my blood has been thoroughly cleansed of all impurities and made rich and strong again. As a tonic and blood purifier it is all you claim for it.
771 E. Main St., Springfield, O. MRS. G. WIEGEL.

PUTNAM FADELESS DYES

TOO LATE?

MAMA!, Don't be frightened—but be warned!

Every Mother knows, or should know, that the terrible Mortality among little children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rashes, Scarlet Fever—even Mumps—have their first cause in constipation.

The Delicate Tissues of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passages, but will not make and keep them Clean, Healthy and Strong.

• • •

There is no other medicine as safe for a child as Cascarets, the fragrant little Candy Tablet, that has saved thousands of families from unhappiness.

The Nursing Mother even in good health should always keep her own Bowels Loose, and her Milk Mildly Purgative by taking a Cascaret at night before going to bed.

No other medicine has this remarkable and valuable quality. Mama takes the Cascaret, Baby gets the Benefit.

Cascarets act like strengthening Exercise on the weak little bowels of the growing babe, and make them better able to get all the Nourishment out of Baby's Natural Food.

Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes.

No need to Force or Bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.

Repulsive medicine forced on the little ones does more harm than good.

• • •

Home is not complete without the ever ready Box of Cascarets. Ten cents buys a small one at the Corner Drug Store.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

• • •

☞ FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD PLATED BONBON BOX, hard-enameled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded.

Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.
