NEWS OF THE WEEK

In a Condensed Form for Our Busy Readers.

HAPPENINGS OF TWO CONTINENTS

A Resume of the Less Important but Not Less Interesting Events of the Past Week.

Torrents of mud from Vesuvius are causing death and panic.

Marines are being rushed to Panama to avert a revolution at the time of the general election, June 20.

The senate bill incorporating the Archaeological Institute of America has been passed by the house.

Estimates have been made for continuing work on the Panama canal to June 30, 1907. The total amount is \$26,348,221.

S. A. D. Pater, wanted in Portland in connection with the Oregon land fraud cases, has been captured in Alameda, a suburb of San Francisco.

Four more bodies have been found in the debris at San Francisco by workmen clearing away the ruins. The corner places the total number of dead at 305.

W. H. Stuart, United States vice-consul at Batavia, Trans. Caucasasia, has been killed by unknown assassins. The case is being investigated by Ambassador Meyer.

It is said the military court which has been investigating the surrender of Port Arthur and the battle of the Sea of Japan has condemned to death Lieutenant General Stoessel and Rear Admiral Nobogotoff.

Senator Heyburn is slightly improved.

Women of England are working for suffrage.

Madrid is making great preparations for the royal wedding.

Vesuvius is pouring a torrent of mud on the nearby villages.

It is now believed that Mrs. Jefferson Davis may recover.

A prompt agreement on the rate bill is likely by the two houses of congress.

It is understood that an Anglo-Russian agreement is about to be perfected.

It is regarded as practically certain that the second Hague peace conference will meet in May, 1907.

The district judge has seized tax records and ballot boxes at Denver and discovered wholesale fraud.

United States warships have been ordered to watch for filibustering vessels going to Santo Domingo.

A severe earthquake in Luzon, P. I., caused a lake to form where a good sized mountain had stood. The natives in the vicinity are in a state of terror.

New York will expend \$100,000,000 in adding to the city's water system.

The San Francisco fire destroyed proof of the citizenship of 100,000 voters.

Wu Ting Fang, ex-Chinese minister to the United States, proposes radical reforms in China.

John Mitchell, president of the United Mine-workers, will soon resign to take up the practice of law.

Baracks have been built in Golden Gate park, San Francisco, which will accommodate 5,000 persons.

The Interstate Commerce commission has secured more admissions of grafting by Pennsylvania railroad officials.

Insurance companies have already paid about \$200,000 San Francisco losses and it is expected all undisputed claims will be paid by June 1.

A great forest fire in Michigan has burned over an area of 200 square miles and latest accounts report the flames still burning. Fourteen towns have been wiped out entirely and thousands of people are homeless. As far as known no lives have been lost, although several entire families have not been accounted for and may have perished. The money loss will be enormous.

The president has declared himself in favor of ship subsidy.

Evidence of rebating has been found against the Pennsylvania railroad.

Governor Blanchard, of Louisiana, has sent a special message to the legislature asking for an insurance reform law.

A court of inquiry has found General Stoessel wrong in surrendering Port Arthur and he may be disgraced and sent to prison.

Commissioner Garfield has produced much documentary evidence against the Standard Oil at the Interstate Commerce hearings.

A New York man just returned from Panama says that country is practically a monarchy with the president at the head. He says the government is constituted on the plan of the big insurance companies—the president's relatives all hold jobs in the government service and control all the good places.

Cumberland Presbyterians will go to law to prevent the possible church union.

Natives at Guantanamo, Cuba, attacked United States sailors, killing one and wounding 22.

WILL ADJOURN EARLY.

Congress Not Likely to Continue in Session After June 15.

Washington, May 22.—Present indications point to an adjournment of congress about the 15th of June. The great debate of the session has been brought to a close, the railroad rate bill has been passed by the senate, and the way is now clear for the regular appropriation bills and other important legislation that demands consideration.

In the house of representatives the work is up to date. All of the big appropriation bills, except the sundry civil bill, have been passed by that body, and this last bill will be reported to the house just as soon as the house is ready to receive it. At the outside two weeks is ample to pass this bill and two unimportant appropriation bills yet to be considered, the general deficiency and the diplomatic.

In the senate appropriation bills have lagged behind on account of the debate on the rate bill, yet in spite of this protracted discussion the senate has found opportunity to pass the emergency deficiency, pension, fortifications, army and Indian appropriation bills, and will make short work of those now awaiting consideration, namely, the postoffice, agricultural, legislative, district of Columbia and military academy bills. The senate, in spite of its reputation for long debates, can dispose of appropriation bills in remarkably short periods when the time for adjournment approaches. It always does. So the legislative program, so far as the appropriation bills is concerned, may be considered in such shape as to permit adjournment by the middle of June. It is the appropriation bill that determines the length of the session after all, for when the last of these bills is agreed to congress always adjourns, unless it happens to be in extra session, called for some special purpose.

The conference committee having the rate bill in charge is not likely to report inside of two weeks, but in the end the house will probably accept the essential senate amendments, including that offered by Senator Allison. The fact that the president approves this amendment will be ample justification for the house to give its assent, and the further fact that practically all the other amendments meet with the approval of the president will insure their final adoption.

EXPENSES CUT IN ZION.

Salaries of Overseers Reduced From \$300 to \$60 Per Month.

Chicago, May 22.—W. G. Voliva, the present head of the Christian Catholic Church, announced to his followers in Zion City Sunday that between January 15 and May 10 he had reduced the expenses in the financial department of the church from \$9,800 per month to \$3,832 per month. This saving, he said, had been brought about by a reduction of the working force and a cut in the salaries of those retained.

In the same manner, said Voliva, a saving had been made in the ecclesiastical department that would amount to \$70,000 annually. Overseers who had been receiving \$300 per month were reduced to \$60. The pay of others was cut in proportion. His own compensation under the new adjustment, Voliva said, was \$100 per month. These facts, he said, were some of the details of a report which he made Saturday to a committee appointed by Federal Judge Landis to investigate the condition of the industries in Zion City.

Voliva announced the resignation of John G. Eckell, from the office of general ecclesiastical secretary, owing to lack of sympathy with some of the doctrines of the church.

The condition of John Alexander Dowie today was said to be practically unchanged.

Wo Gen Cannot Land.

Seattle, Wash., May 22.—Wo Gen, manager of the Wa Chong company, one of the wealthiest Chinese merchants of the Northwest, is to be deported. He made a trip to China recently to patch up trade relations, and did a great deal toward alleviating conditions caused by the boycott. When he returned a few days ago he was found to have tuberculosis, the dread eye disease, and was placed in the quarantine station at Port Townsend. Powerful influences have been brought to bear to nullify the order, but without avail.

New Signatories To Be Bound.

The Hague, May 22.—The government has submitted a bill asking the second chamber of parliament to approve a protocol which it wishes the signatories of the convention of 1899 to sign on assembling for the second peace conference, which declares that the powers not represented at the first conference, but which have been invited to attend the second, shall, by acceptance of the invitation, become adherents to that convention.

Turks Killing and Plundering.

Vienna, May 22.—Trouble in the Balkans between the Turks and Bulgarians is again very serious, and the latest reports from Barits and Prochiste districts are to the effect that continual fighting is in progress. Turks are present in force, and are burning and pillaging villages, ravishing women and murdering men and boys.

Hop Prospects Excellent.

Aurora—Hope in this section of the valley, the banner hop-raising district of Oregon, are further advanced this year than in former seasons at this time. There is a large acreage, and all the yards are showing well.

OREGON STATE ITEMS OF INTEREST

RE-ELECT OFFICERS.

Boys' and Girls' Aid Society of Oregon in Good Condition.

Portland—At the annual meeting of the members of the Boys' and Girls' Aid Society, J. C. Ainsworth, W. B. Gilbert and Robert S. Farrell were re-elected directors, and Miss Helen F. Spalding was chosen to fill the vacancy on the board caused by the resignation of Mrs. W. A. Buchanan.

The annual reports of the officers showed the institution in a flourishing condition. Superintendent W. T. Gardner's report gave a thorough resume of the work accomplished by the society the past year. Under the surveillance of the society in Oregon, Washington and Idaho there are 498 children. Of these there are 70 girls who are in respectable homes in Portland. Assistant Superintendent Gardner has been appointed to look after the children who have been placed in private families to see that they are doing well. In addition to this assistant, the society now has county advisory boards to look after the children in the different counties of the state.

OREGON STATE FAIR.

Preparations Under Way at Salem for Greatest Ever Held.

Salem—The State Fair Board has begun preparations for the greatest State Fair ever held in Oregon. A portion of the money that would have been expended for premiums last year, when there was no State Fair, was used to make numerous improvements on the buildings and grounds in preparation for this year's fair. All main buildings have been repainted, stock sheds and race horse barns extended and improved and the racetrack has been regraded.

The board purchased a quantity of park seats and chairs from the Lewis and Clark fair, together with exhibit cases, all of which will be used this year to make the State Fair more attractive and comfortable. Many striking pieces of statuary and inside decorations have been removed from the Lewis and Clark fair grounds to the State Fair grounds, where they have been carefully repaired.

Epidemic Attacks School.

Aurora—A teacher at the public school recently discovered that one of the pupils had what she thought was chickenpox, and sent the boy home with a note to his parents to quarantine him. It proved to be chickenpox, but the pupil would not stay quarantined, and went back to school. The school directors consulted a physician. The doctor advised that the pupil be allowed to attend school, on the ground that he had already infected the school, and sure enough he had, and now half the children in town are affected.

Will Sentence Moldrum.

Portland—If Judge Wolverson imposes the maximum penalty on Henry Moldrum, former surveyor general for Oregon, he will go to jail with a sentence of 210 years of imprisonment hanging over his head. If the court imposes the heaviest fine the law allows, Moldrum will owe the government \$21,000. Judge Wolverson set Friday, June 8, as the day on which Moldrum will come before the court for sentence. A motion for a new trial is pending in the case.

New Ditch Company.

Baker City—Articles of incorporation of the McCarty Ditch company have been filed with the county clerk. The incorporators of the company are: G. J. Dowman, O. C. Johnson and C. W. Faulk. The capital stock of the company is \$1,500 divided into 300 shares of \$5 each. The purpose of the company is to handle, for the purpose of irrigation, the water from Powder river under the rights they have held for a number of years.

Berry Pickers Scarce.

Portland—Portland employment agencies are not only besieged by railroad contractors for laborers, but calls are now coming in from Hood river and White Salmon strawberry fields for pickers. Thousands of men and women are wanted for this work and the cry for help adds to the embarrassment of labor agents who are already trying with all their might to secure laborers for railroad and construction camps.

Ackerman Resolves to Retire.

Salem—J. H. Ackerman, state superintendent of public instruction, has announced his intention to retire from politics at the end of his next term. Mr. Ackerman has the distinction of being the Republican and Democratic nominee, although he only accepted the Republican nomination, and his name will appear on the official ballot only as the Republican candidate.

Klamath Land is Reopened.

Washington—During 1904-5 1,500,000 acres of public lands in the Klamath region of Oregon and California were reserved, pending investigations to determine the feasibility of reclaiming under the Klamath irrigation project. Half of this area is now restored to entry, the balance being reserved as lands reclaimable for reservoir sites or rights of way.

May Retain License.

Salem—Secretary of State Dunbar, who is ex-officio insurance commissioner of this state, when shown the statement that California and Nevada insurance commissioners would drive out companies that quibble over the payment of San Francisco fire losses, said that so far as Oregon is concerned he cannot take any note of what the various companies do in California or any other state so long as they comply with the Oregon law which entitles them to do business in this state.

There is on deposit with the state treasurer \$3,100,000 in interest-bearing securities, which the 60 companies doing business in this state have put up to secure the payment of any loss they may sustain, and which has been finally adjudicated against them.

Fifty-eight companies have put up \$50,000 each and two companies \$100,000 each.

Only one company has notified the commissioner that it cannot continue to do business in Oregon on account of California losses and that is the Traders' Insurance company, of Chicago. All agents have been notified to cease writing insurance for that company.

The \$50,000 on deposit will be held to pay any losses sustained by Oregon policyholders in that company, or until all its policies have been legally canceled, when the deposit may be withdrawn.

Mr. Dunbar said that refusal or inability of an insurance company doing business in this state to pay any of its California losses would not be sufficient reason for him to cancel the company's license.

All he is authorized to do is to look out for the interest of Oregon policyholders, and if the companies comply with the insurance statutes of this state they can continue to do business, as they are solvent. If any of them become insolvent they put themselves out of business without any interference on the part of the commissioner of Oregon.

Treasure Mine Sold.

Eugene—A mining deal of importance has been consummated in this city. Charles Harding Park, residing here, has sold the Treasure mine in the Blue river district to J. Rowland Ragsdale, of Manchester, England. The purchase price is not made public, but is said to be the highest ever paid for a mine in the district. The Treasure mine has long been known to be one of the richest properties at Blue river. Mr. Park has spent much money in its development, and in the erection of a ten-stamp quartz mill on the property.

Registration Short in Baker.

Baker City—Registration at the county clerk's office has been brisk, and it is believed that names entered under the books were responded after the primaries will exceed 350, including those sent in from country districts. Time for registration has expired. It is estimated that there are 700 voters in Baker county who have not registered. Some of these will be sworn in at the polls on election day, but there will be a shortage of 500 to 600.

Cherries Ripening Rapidly.

Aurora—Cherries are ripening fast and all kinds of fruits are ahead of former years. The severe cold snap of two days in March had no appreciable effect on fruit trees in northern Marion county.

MANY SETTLERS MISSING.

Michigan Forest Fire Lays Waste to Hundred Square Miles.

Milwaukee, May 21.—A dispatch to the Sentinel from Escanaba, Mich., by a staff correspondent says: Four known dead, a score or more persons missing, hundreds of families homeless, several millions of dollars in property burned, four towns wiped out entirely and a dozen more partially, five counties devastated and 100 square miles of territory fire-swept. This is the dreadful picture that the Northern Michigan peninsula presents today, after the worst forest fire since the Peshtigo disaster in 1871.

General Superintendent W. E. Wells, of the Escanaba & Lake Superior railroad, along whose right of way the greatest loss occurred, returned tonight from a trip of inspection over the fire-stricken area, and says that the flames have gone down and for the time being the danger is over, unless a new gale arises to again fan the embers into flames.

The following summary briefly tells the story:

Peter Lafond, a cook, smothered in a lumber camp near Katos, body found tonight.

Three unknown children dead at Quinnessee, Mich., separated from their parents while the village was burning and perished.

Scores of homesteaders and woodsmen are missing and many have probably perished in the flames.

Territory devastated, five counties, Marquette, Menominee, Delta, Alger and Dickinson. The territory fire-swept is 100 square miles.

Towns totally burned:

Talbot, Mich., 100 population, only a few houses left standing.

Quinnessee, Mich., 1,000 population, only one house remains.

Seanders, 150 population, all wiped out.

Niagara, Wis., 500 population, all wiped out.

Towns partially destroyed:

Northland, Cornish, Antine, Spring Valley, Kingsley, Woodlawn, Foster City, Sala and Metropolitan.
