CIRCUIT COURT.

Circuit Court convened Monday morning with Judge Benson, of Klamath Falls presiding. Quite a large number of cases were continued by consent. Among the orders made during the day were the following: In the cases of E. Dorgan & Co. against J. J. Barnes, Frank Morris, John S. Morris, Owen B. Cyrus, Joseph N. Morris and Alex Sumpter orders dismissing the cases were entered, as they had been settled. Other orders were:

E. Dorgan & Co. vs. John Scott, recovery of money, attachment; default and judgment with order to sell attached property.

F. Ackerman vs. J. E. Hartman, recovery of money, attachment; continued by stipulation.

State of Oregon vs. Solomon Wirts, killing three elk; continued.

State of Oregon vs. John Doe and R. Roe, larceny in a banking house; continued.

L. H. Montanye vs. E. W. Langdon and F. A. Hackleman, administrators, recovery of money; continued by stipulation.

Beam-Shaw Co. vs. R. Z. and Ella M. Davie, recovery of money, attachment.

Nellie F. Ritchie vs. H. F. McIlwain and Mary F. Raymond, possession of property; judgement on findings.

Capital City Nursery Co. vs. M. E. Sharpe, recovery of money; default and judgment.

Ida E. Ewing vs. H. E. Ewing, recovery of money, attachment; continued for service.

Judge Benson made the following sentences in the Hansard cases: First, for violation of the local option law on January 1 by the sale of liquor to Ira McBride $50 fine. Second, by the violation of the law February 10 by the sale of liquor to R. E. Yeoman, $50 fine. Third, by the violation of the law on May 30 by the sale of liquor to D. T. Petree, $50 fine and ten days imprisonment. Fourth, by the sale of liquor to a minor Clyde Pomeroy, on May 30, $100. Fifth, by the violation of the local option law April 20 by the sale of liquor to Elmer Harden, $50 fine and ten days imprisonment. Mr. Hansard at once began paying the jail penalty.

A true bill was reported by District Attorney McNary against J. L. McCauley, of the gallon house this side of Jefferson, charged with the sale to Frank Snoderly on May 31 of half a gallon of liquor for 25c. Mr. McCauley waived time, plead guilty and was fined $200 and costs.

When the case of Oregon agt. E. E. Wagstaff was called the defendant's attorney demurred to the complaint on the ground actual poisoning not charged. Overruled. A motion for continuance was on the grounds of the absence of three important witnesses, Miss Cora Streitle who is in Honolulu, and may be expected in Oregon again in July, who will testify as to the character of the defendant and as to the falsity of the charges; F. H. Pfeiffer now in Crook county, to testify as to the insanity of prosecuting witness; F. P. Kitchen, now in Klamath Falls to testify as to insanity of witness and as to a conversation between her and another witness in reference to the case. L. M. Curl who has gone to Portland on other important legal business. The case was ordered continued.

The case of Oregon agt. Solomon Wirtz, indicted for stealing deer, who is away, was ordered dismissed in the interest of economy.

Oregon agt. William F. Swope, indicted on the charge of libel.

Mr. Swope appeared in person and with his attorney P. H. D'Arcy, of Salem, waived the reading of the indictment and plead guilty. Mr. D'Arcy on behalf of the defendant stated that at the time of the appearance of the libellous articles, in the Mercury written by an employee of the paper, he was away from home. That upon investigation he learned that a gross injustice had been done the Albany people referred to in the articles entirely untrue, and that the employee had at once been discharged. The extreme sorrow of Mr. Swope for the appearance of the articles was expressed and the leniency of the court asked. Judge Benson pronounced the minium sentence of $100 fine, which was promptly paid.

The employee referred to, it is learned from parties who were shown the copy, was James A. Finch, a former Albany man. The Democrat is informed that a warrant will be issued for his arrest, and that he will be prosecuted to the full extent of the law.

Butter Storage Experiments.

Extensive experiments in the making and storing of butter made in the last eight months by the agricultural department reveal the fact that light salting, low temperature, full tubs or cans, to eliminate air, and cream received at the creamery in a perfectly sweet condition gave by far the best results for storage butter. Butter made from sour cream kept as well while in storage at low temperature, but rapidly deteriorated after being taken out, making it entirely unsatisfactory. Butter heavily salted did not keep as well as that with little salt.

Fire Department Active.

Since our late fire, the Scio Fire department has been quite active. The Hose and Hook & Ladder companies are out for fire drill frequently. Some rivalry exists as to which of the companies is the spedier. Last Friday evening this rivalry culminated in a Hub and Hub race the course being from the Scio Roller Mills to the City Hall. The stunt for the H. & L. company to do was: Run through the course, splice two ladders raise them to the side of the City Hall, place a third ladder on the roof, with a man at the comb of the roof. The Hose company was to run through the course, unreel hose reaching across the block from Main street to the City Hall, attach one end of hose to hydrant and nozzle at the other end of hose and have water to the top of the City Hall roof before the H. & L. man got there as first mentioned. The race was a lively one, every man of either team seemed to enter into the spirit of the race. The Hooks proved in this instance to be quicker, as Billy Hecker was on the roof before the water.

2000 Telephones in Store.

Within the new Wanamaker store at Philadelphia, which is only one-fourth completed, 2,000 Bell telephones have already been installed, and 1000 more are soon to follow. It will be, when completed, the largest store phone system in the world. Twelve operators will operate a switchboard, from which will radiate within the store 19,000 miles of wire. Every instrument has an automatic coin box attached, so as to minimize the customer's trouble. It is estimated that 6,000,000 messages will pass between Wanamaker's and the Bell central offices in one year.
