NEWS OF THE WEEK

Reactionaries Urge Use of Troops  
to Stamp Out Revolution.

St. Petersburg, July 2.—Under the  
influence of the recent developments  
touching the loyalty of the army and  
the conviction that the present policy  
of inaction has reached its ultimate  
limit, the reactionary faction in the  
ministry has revived the plan for the  
disposal of parliament and stamping  
out revolutionary activity in the  
country by armed force, while such force  
is still available.

The Associated Press was informed  
today that this solution had been re-  
peatedly presented to Emperor Nicholas  
since the development of disaffection  
among the best regiments of the guard  
and the disorders at Krasnoye Selo, but  
thus far without result. Each day  
favors the acceptance of the alternative  
of the dismissal of the Goremynkin cabi-  
net and the naming of a responsible  
minister.

The ministerial reactionaries base  
their hopes on the supposition that the  
great majority of the troops will hold  
actual conflict, as they did at Moscow  
in December last, for their grievances  
and enter wholeheartedly into the  
combat. One of the advocates of re-  
pression said to the Associated Press  
today that it would be necessary to  
strike hard immediately, or otherwise  
within a fortnight the world would  
probably witness a proclamation of re-  
public at Kharkov, Saratov, Rostov  
and elsewhere.

The whole south of Russia, the  
speaker said, is belching forth anarchy  
and anarchy is spreading as a  
hindrance to the work of pacification."  
must be dissolved at once. "The  
troops, however, must not—they can-  
not—be employed against the posses-  
sors," added the reactionary, "admitting  
that this was the limit to the loyalty of  
the soldier."

It is doubtful if Premier Goremynkin  
is himself a strong advocate of the  
present alternative of repression. The  
premier told the representative of a  
foreign power today that he was only  
anxious to be rid of the responsibility  
of the premiership, and that if he would  
be deposed he would resign.

Printed copies of the government  
agrarian project were transmitted to  
the lower house of parliament today,  
and Minister of Agriculture St. Chis-  
sky will soon request President Mou-  
romtseff to fix a day for explanation  
and consideration of the document.

The project, part of which was elab-  
orated in the department of Agriculture  
and part in the ministry of the Interior,  
is a voluminous document, and the  
deputies probably will demand  
several days for its study. A third  
section, which is being prepared in  
the ministry of Finance, remains to be  
presented.

White and colored soldiers clashed at  
Fort Leavenworth, Kansas, and four  
men are now in the hospital.

Trustees of Stanford University have  
completed arrangements for rebuilding.  
Necessary buildings will be ready at  
the beginning of the fall term, August  
23.

Heavy wind blew down a circus tent  
at Ansonia, Illinois. Two men were  
killed and scores narrowly escaped be-  
ing trampled by a herd of 15 elephants  
which stampeded.

The crop outlook on the Pacific  
Northwest is most encouraging.

Congress has taken no action with  
regard to a new trade treaty with Ger-  
many.

President Roosevelt has reiterated his  
determination not to run again for  
the presidency.

P. W. Clement is the choice of Inde-  
pendent Republicans and Democrats  
for governor of Vermont.

Hot weather prevails in Chicago and  
other parts of the East. Several deaths  
and many prostrations are reported.

Russian rumors say a new ministry  
is about to be formed, headed by M.  
Mouronstseff, president of the lower  
house.

Testimony at New Orleans by the  
Interstate Commerce commission shows  
that state oil inspectors discriminated  
against dealers not in the trust.

The president is back of Governor  
Ide, of the Philippines in the position  
he took with reference to the title to  
the Juan de Dios property, claimed by  
the Catholic church.

Senator Fulton has been appointed  
chairman of the congressional commit-  
tee to go over and check up the work  
of the commission appointed by Presi-  
dent McKinley to codify the Federal  
laws.

The ship subsidy bill will be taken  
up at the next session of congress.

England has sent a representative to  
the United States to inspect most in-  
tended for use by the English army.

The little town of Titteswab, Okla-  
homa, has been practically demolished  
by a tornado.

Wisconsin Democrats have endorsed  
Bryan for president.

Dr. Lapponi, papal physician, says  
the pope is in very good health.

A ticket has been named by the fusion  
of Democrats, Prohibitionists and  
Lincoln party men in Pennsylvania.

Chairman Burton, of the house riv-  
ers and harbors committee, says a 40-  
foot channel for Coos bay is too much  
to ask. New York does not have that  
depth, and Hamburg, Germany, has  
only 32 feet.

OREGON STATE ITEMS OF INTEREST

RECORD HOP CROP.

Oregon Yield for 1906 Promises to  
Exceed Even That of 1905.

Salem—Almost incredible though it  
may seem, well posted Oregon hop  
growers expect a crop of 130,000 bales  
in this state this season. This is an  
expectation based upon the present con-  
dition of the yards. Some men who  
are both dealers and growers say they  
will not be surprised at a crop of 140-  
000 bales, and will be disappointed if  
it goes under 130,000, with continued  
favorable weather conditions. The  
largest crop heretofore gathered was  
that of last year, aggregating 108,000  
bales.

All the yards are now in first class  
condition. Many old yards are prom-  
ising a yield 25 to 50 per cent greater  
than last year. In addition to this  
there are many young yards which pro-  
duce light crops of baby hops last year  
that will yield full crops for the first  
time this year. The great question in  
the minds of growers is whether all the  
hops can be gathered. Labor is scarce  
and a much larger number of people  
than usual will be required to pick the  
crop.

Heavy showers in this vicinity have  
injured lower leaves to some extent, and  
cracked the Royal Anne cherries slightly.  
The rain, however, will benefit grain,  
potatoes and other crops.

Harney Sawmills Busy.

Burns—The sawmill men of this  
county have all started their mill  
running on full time and the outlook is  
better than for a number of years, as  
there is a large number of new  
settlers locating in this county, and  
then the sawmills near Harney City  
ship most of their product to Malheur  
county. There was not much demand  
for lumber last year, and most of the  
mills closed down early in the season.  
Lumber has increased in value from  
\$10 to \$12 per thousand for rough lum-  
ber, and dressed lumber has increased  
about the same per cent.

Springfield May Be Terminus.

Eugene—The Willamette Valley  
company has applied to the city of  
Springfield for a franchise for the con-  
struction of an electric railway on cer-  
tain streets entering the city from the  
north. For a long time the company  
has been attempting to secure a fran-  
chise for entrance into Eugene, intend-  
ing to extend the line now under con-  
struction between Salem and Portland  
south to Eugene, but as the city coun-  
cil seems loath to give the franchise,  
the company threatens to build around  
Eugene.

Promote Ontario New Railroad.

Ontario—Grattan P. Wheeler, the  
New York city banker, who is financing  
the Ontario-Eugene railroad, is in the  
city, accompanied by O. C. Wright,  
manager of his Eugene Oregon mining  
company. Mr. Wheeler stated that the  
Ontario-Eugene railroad would also  
absolutely be built, and that the money is  
all subscribed for its construction, and  
that the money will be ready to start  
within a month, but probably at an  
earlier date.

Trouble in Harney County.

Salem—There is trouble brewing  
down in Harney county over irrigation  
matters. The Burns board of trade  
has asked the state land board to send  
the state engineer over to make an in-  
vestigation with a view to obliging  
some of the companies holding lands  
under the Carey act in the vicinity of  
Harney to proceed to develop it or va-  
cate. State Engineer Lewis will soon  
go to Harney county, the land board  
having made an order to that effect at  
its last meeting.

Investigate Insurance Companies.

Salem—The Greater Salem Commem-  
orial club has adopted a resolution ask-  
ing the Oregon Development league to  
appoint a committee to aid Senator  
Fulton in his effort to secure a larger  
share of the reclamation funds for Ore-  
gon. The club also authorized the ap-  
pointment of a committee to confer  
with Secretary of State Dunbar regard-  
ing an investigation of the course of in-  
surance companies in the payment or  
nonpayment of losses in the San Fran-  
cisco disaster.

Seats Assigned Legislators.

Salem—Members of the next Oregon  
legislature have already been selecting  
seats in their respective houses, and  
Secretary of State Dunbar has been as-  
signing seats as requested. Before the  
legislature convenes he will have each  
member's name on a card on the front  
of his desk, in letters large enough for  
the presiding officers, pages and others  
to read at a distance. In each house  
the Multnomah's delegation will occupy  
practically the same seats occupied at  
the last session.

Outlook in Lane County.

Eugene—Sunshine has improved all  
crops in Lane county. An average  
cherry yield is on the market, straw-  
berries are practically harvested, rasp-  
berries and black caps are ripening and  
are prolific. Prunes, apples and pears  
are in the best of condition. Hay and  
grain are very healthy, while hops are  
wagging, and corn showing a big yield.  
Pasture is good.

Oregon Appropriations Cut.

Washington—The senate committee  
cut down the building appropriations  
in reporting on the omnibus bill to the  
Baker City gets only \$65,000, Edge a  
\$57,000, and Salem \$15,000 to com-  
plete its grounds.

OPINION ON INSURANCE LAW.

Attorney General Says Insolvency of  
Company Cancels Policies.

Salem—Attorney General Crawford  
has rendered an opinion in which he  
holds that where an insurance company  
has become insolvent and a receiver  
has been appointed in court proceedings  
in another state, all policies in this  
state are thereby cancelled, but a poli-  
cy holder, who did not know of the in-  
solvency, may have a claim against the  
deposit fund in this state for any loss  
he may sustain within a reasonable  
time after the appointment of the re-  
ceiver.

He also holds that the secretary of  
state of this state, as insurance com-  
missioner, has authority to investigate  
the condition of such an insurance com-  
pany and if he finds that its capital is  
impaired below the sum of \$300,000,  
he may cancel its license in this state.

Ask State for Appropriation.

Ontario—Henry Blackman, recently  
appointed by Governor Chamberlain as  
one of the commissioners of Oregon to  
the Jamestown exposition, representing  
Eastern Oregon, is in Ontario gathering  
statistics and exhibits for the world's  
fair in 1907, so as to make a report at  
the next legislature with the view  
of having a liberal appropriation made.  
Mr. Blackman states that the commer-  
cial bodies of Portland are back of the  
movement and requested the governor  
to make the appointments. Oregon is  
the first state on the Pacific coast to  
come to the front for the purpose of ad-  
vertising her resources.

Dr. Sherman Cannot Attend.

Oregon City—Secretary Cross, of the  
Willamette Valley Chautauqua associa-  
tion, has received a telegram from Dr.  
W. C. Sherman, of Sacramento, an-  
nouncing his serious illness at his  
home, which will prevent him from  
keeping his engagement at this year's  
assembly. Dr. Sherman has for a  
number of years been instructor of the  
Bible class and his services have been  
invaluable to the chautauqua meeting.  
Secretary Cross is planning to substi-  
tute a round table for this interesting  
feature of the chautauqua program.

La Grande Gets Big Mill.

La Grande—Representatives of the  
Palmer Lumber company have made  
public that they have decided to build  
their big mill at La Grande. Work  
will begin as soon as a right of way for  
a railroad spur through Marion street  
and the Riverside addition is secured.  
The 73 acres of ground donated by citi-  
zens for a mill site and lumber yards  
will be turned over at once, the trans-  
fer to be made through the Commercial  
club.

Wheat Crop Looks Good.

Pendleton—Umatilla county will  
have one of its best wheat crops this  
year in spite of threatening early pro-  
spects. The moist weather of the past  
four weeks has lifted the crops out of  
the ground until they will be as good  
in straw as usual, whereas it was pre-  
dicted that in some places a harvester  
could hardly get below the heads. Now  
the warm weather has begun to harden  
the young grain and cause the maturing  
heads to fill out and increase in weight.

County Fair at Tillamook.

Tillamook—At a meeting of the Till-  
amook Development league the matter  
of a county fair was taken up. The  
date for the fair will probably be Aug-  
ust 23, 24 and 25, and it will probably  
include a stock show and street carni-  
val. J. C. Cooper, of McMinnville,  
has been engaged to manage it.

TOO BUSY FOR REVISION

Senator Warren Says Country Is Too  
Prosperous to Think of Tariff.

Washington, June 29.—Senator Warren  
made a speech in the senate today  
on his resolution calling on the director  
of the census for a statement covering  
the extent of the livestock industry of  
the United States and of the foreign  
business in this country in leather and  
raw material. He cited the recent  
agitation concerning this industry as  
his reason for seeking this information.  
He confidently asserted that the state-  
ment would show an astonishing in-  
crease and that the product of not less  
than \$2,000,000,000 annually, more  
than the value of all the gold produced  
by the United States in the entire  
history of the country.

Warren pronounced as unjust and  
selfish the demand made by the man-  
ufacturers for free hides. He said that  
while the livestock men do not envy  
Massachusetts its prosperity they do  
not desire to add to it by taking off the  
duty of hides and wool, and closed an  
appeal for the continuance of the tariff.  
"We are," he said, "too busy, too  
well employed, too well paid for our  
labor, too prosperous to think seriously  
of tariff revision in the year of our  
Lord, 1906."

FAITH IN THE BAY CITY.

Claus Spreckles Says It Will Be the  
Greatest Port on the Hemisphere.

Chicago, June 29.—"San Francisco  
will soon be Greater San Francisco in  
deed as we are in name. Things have  
settled themselves since our terrible dis-  
aster
