The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor makes the hair grow. Verse 2. Ayer's Hair Vigor stops falling hair. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor always restores color to gray hair. The chorus is sung by millions.

"Before using Ayer's Hair Vigor I had very thin and very poor hair. But I continued to use the Vigor until my hair greatly improved in every way. I have used it off and on for the past ten years."—MRS. M. DRUMMOND, Newark, N. J.

Wit of a King's Family.

Queen Maud has the reputation of being the wit of King Edward's family. On one occasion she was with her sisters at a public function and noticed a curious pressman gazing at their every movement, says the London Tatler. Accordingly, she wrote something on a piece of paper and, making a pretense of handing it to one of her sisters, dropped it. The reporter, of course, in great glee picked it up, expecting to get a great scoop for his paper. Imagine his chagrin when he found written on it the commonplace remark: "My new boots pinch me horribly."

Right in Her Line.

"No," said the woman, contemptuously, "I don't understand her at all."

"You don't?" replied the young man. "I thought you posed as a clairvoyant."

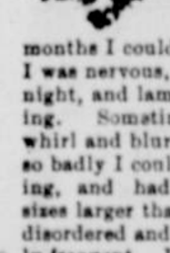
FADED TO A SHADOW.

Worn Down by Five Years of Suffering from Kidney Complaint.

Mrs. Remethe Myers, of 180 South Tenth St., Ironton, O., says: "I have worked hard in my time and have been



exposed again and again to changes of weather. It is no wonder my kidneys gave out and I went all to pieces at last. For five years I was fading away and finally so weak that for six months I could not get out of the house. I was nervous, restless and sleepless at night, and lame and sore in the morning. Sometimes everything would whirl and blur before me. I bloated so badly I could not wear tight clothing, and had to put on shoes two sizes larger than usual. The urine was disordered and passages were dreadfully frequent. I got help from the first box of Doan's Kidney Pills, however, and by the time I had taken four boxes the pain and bloating was gone. I have been in good health ever since."

SURROUND CAPITAL

Army of 3,000 Insurgents Outside City of Havana.

SHOW NO SIGN OF YIELDING

Liberal Leaders Openly Show Themselves on Streets and Even Confer With Government Officials.

Havana, Sept. 18.—The only results thus far of President Palma's order for the suspension of hostilities have been that Liberal leaders who hitherto have had every reason for anticipating arrest are circulating openly in Havana again and even conferring with members of the government with regard to peace, and that such insurgents in the field as have been consulted, while expressing themselves as agreeable to settling matters amicably, at the same time assume an independent attitude, which cannot be said to bode particularly well for prompt settlement of existing differences.

In the meantime, Cienfuegos is in a state of siege, communication by telegraph being severed not only in the direction of Havana, but to Santiago as well. It is known that Cienfuegos had not been attacked up to midnight Sunday, but what has transpired since that time is not known here.

All accounts agree that there easily are 3,000 insurgents a few miles southeast of Havana, and rumors are in circulation that they will enter the city peaceably if they are not molested, but that they will fight if they meet with resistance. All visitors to insurgent camps in Havana province return with this impression, but it is believed no attempt will be made against Havana until the arrival of Pino Guerrera's force, which now is variously reported to be from 20 to 40 miles distant. The general impression is that the presence in Havana harbor of the American cruiser Denver will not act as a deterrent to such a movement, the auxiliary cruiser Dixie having gone to Cienfuegos and the cruiser Des Moines having gone presumably to bring to Cuba Secretary of War Taft and Assistant Secretary Bacon.

GERMANS WANT PROTECTION.

Murder of Bush Causes a Vigorous Protest by Ambassador.

St. Petersburg, Sept. 18.—The insecurity of life and property in the Baltic provinces, which culminated last Saturday in the murder of Herr Bush, a rich German manufacturer and the leader of the German colony at Riga, has led the German embassy here again to make energetic representations to the Foreign office concerning the adoption of measures for the protection of German subjects. Bush was killed by agents of the revolutionary organization engaged in levying tribute. Dr. von Miquel, first secretary of the German embassy, called today at the Foreign office and presented the report of the German consul at Riga regarding the killing of Bush, who was struck down in his own factory. He called attention to the length of time the reign of terror has lasted.

Although the armed revolt was crushed and the country reconquered by the forces under General Orloff last winter, robberies and murders have continued unchecked for over a year and a half. There are 5,000 German subjects living in Riga.

The American consul at Riga has not joined in this demand for protection. There are scarcely any Americans there. Alfred Bush was a partner in the Bush-Hinge Manufacturing company.

From Odessa, where the conditions are almost as bad as in the Baltic provinces, the embassies have been informed that guards have been furnished for the consulates and the residences of the various consuls.

Typhoon Hits Hongkong.

Manila, Sept. 18.—Cable reports from Hongkong state that a typhoon which sprang up suddenly at 10 o'clock this morning did enormous damage to the shipping in that port. The German steamer Johanne and the British steamer San Cheung were sunk. The Hongkong, Canton & Macao company's steamer Fatshan foundered and of the crew the purser and mate alone survive. The Canadian Pacific Railroad company's steamer Monteagle went ashore. All business in the city is at a standstill.

Peru's Farewell Ovation to Root.

Lima, Peru, Sept. 18.—Secretary Root made an excellent impression upon all classes of society during the few days of his Peruvian stay. The street crowds gave him an ovation yesterday in Lima and Callao. Over 300 prominent persons assembled at the wharf and bade Secretary Root an affectionate farewell. The vessels in the harbor were beflagged in honor of the visitor. As the last boats which accompanied the Charleston down the harbor dropped behind, Secretary Root called "Viva Peru."

Labor Party for Canada.

Victoria, B. C., Sept. 18.—The Trades congress, which commenced its sessions in Victoria today with representatives of 400 unions and 25 members present, will consider the question of the entry into politics, a resolution to that end having been introduced this afternoon by E. H. Grey, president of the Victoria Trades and Labor council. This resolution urges the formation of a Canadian labor party, with a national, provincial and municipal platform.

Watching for More Loot.

Chicago, Sept. 18.—Acting upon information that loot from the wrecked Milwaukee Avenue bank, of which Paul Stensland was president, is hidden in Chicago, the police have placed guards over two banks with deposit vaults in which it is suspected some of the plunder may be found. The sum may run into the hundreds of thousands.

NOTHING FOR JETTY.

Congress Not Likely to Make Appropriation at Next Session.

Portland, Sept. 17.—That the $2,500,000 needed for completion of the Columbia bar jetty cannot be secured next year from congress is the opinion of Congressman Ransdell, of Louisiana, and Jones, of Washington, members of the rivers and harbors committee, who have just inspected the jetty, escorted by members of the chambers of commerce of Portland and Astoria, members of the Oregon delegation in congress, Governor Chamberlain, Lieutenant Colonel Roessler, who is United States engineer of this district, and others.

That it is inadvisable to resume work on the jetty until this sum shall be available, either as an appropriation or under continuing contract, if very wasteful construction is to be avoided, was the opinion of the two committee members, who accorded with the view of Colonel Roessler announced before a meeting of the Chamber of Commerce of Portland Friday night. Colonel Roessler advised further that money should not be diverted from the bar project, by insistence on sums of money for other improvements on the river, larger than are necessary for maintenance of present work and slow construction.

This plan is opposed by Representative Jones, who rather considers the Celilo project more important than the bar project, at least to the upper Columbia river region, which wants lower transportation rates to and from tidewater. He takes the view that the Celilo barrier, which now prevents navigation up and down the river, should be opened as soon as possible, and that the bar improvement is not as urgent as is alleged, because ships of 23 and more feet draft can already pass in and out.

This opinion is shared by Mr. Ransdell, and he urges that the two projects be striven for together, saying that otherwise, there will be a divided effort, which will react against the interests of the entire river.

Mr. Jones and Mr. Ransdell said that it is extemely unlikely that the jetty can obtain $2,500,000, or that even the whole Columbia river can secure such a sum. Both were even fearful that there will be no river and harbor bill at all next year.

It will be impossible, they said, to put through an emergency appropriation, as was done at the last session of congress for $400,000, because that sum was allowed simply in order that the government might not lose several hundred thousand dollars' worth of construction works at the jetty, for want of money to finish the stone deposits under the tramway then in place.

It was not the most cheerful outlook for the river interests that were represented in the party. Its members began busying their heads with devices for obtaining the required $2,500,000 right away, because, in their minds, completion of the jetty is extremely urgent.

TREPOFF IS DEAD.

Tyrant of Russian People Succumbs to Heart Disease.

St. Petersburg, Sept. 17.—General Dmitri Feodorovitch Trepoff, commandant of the Imperial palace, died at 6 o'clock Saturday evening in his villa at Peterhof of angina pectoris.

General Trepoff, whose name is indelibly linked with reactionary repression in Russia, was a remarkable man. He was a natural despot, a tryant by inclination, education and conviction. He was one of those men who have constantly appeared in Russian history, just at the time when conditions were most promising for putting an end to despotism, to turn the Russian rulers from liberalism to reaction.

It was he who became the guiding spirit of the reaction after Nicholas II had issued his manifesto in the fall of 1905, promising the people a share in the government. Holding the position of master of the palace, in league with the court intriguers who were determined to restore the old regime, he constantly had the emperor's ear.

Dawson City is Excited.

Winnipeg, Sept. 17.—Advices from Dawson City say there is more excitement over the dredging here at present than there has been since the earliest days. The whole population is mad over dredging, and stampedes have occurred every day and night for several weeks. Phenomenal success has been attained by the Bear creek dredge and at the mouth of the Yukon river. The arrival of the Guggenhimes, of New York, as well as other capitalists whose names are household words, has infused new life into Dawson City.

Want Postal Savings Bank.

Chicago, Sept. 17.—About 800 persons attended the mass meeting tonight to further public interest in postal savings banks. The meeting was addressed by Mayor Dunne, Congressman Boutelle, ex-Senator William Mason, Hon Jusius Goldizer and others. Resolutions were adopted pronouncing custody of the people's savings by the government itself the true remedy against the insecurity of private institutions, and urging upon congress the speedy enactment of proper laws for that purpose.

Use Gasoline on Feeders.

Omaha, Sept. 17.—W. R. McKeen, superintendent of motive power of the Union Pacific, announced today that the experiments of his company in the use of gasoline for propelling passenger cars have at last proved successful. Mr. McKeen took a party over the line from Columbus, Neb., to Omaha today in motor car No. 8, an average speed of above 45 miles an hour being maintained. The branch lines of the system will be equipped with these cars.

Plotters' Nest in Peterhof.

St. Petersburg, Sept. 17.—The police have arrested 14 revolutionists in Peterhof, including several students. The fact that one of the men arrested was a court lackey caused a rumor that a plot against the emperor had been discovered, but there is no definite information to this end.

Somewhat Mixed.—A young man who was about to be married was very nervous, and, while asking for information as to how he must act, put the question: "Is it kisstomary to cuss the bride?"

"Isn't it splendid out here all alone?" began Mr. Boreim, who had found her musing beside the quiet lake. "Yes," replied Miss Bright, "I was thinking that very thing as you came along."—Philadelphia Press.

Mrs. Widder (at the door)—I thought I told you never to call again. Mr. Loster—I didn't come to see you, madam. I came to collect a little bill. "Ah—I see—er—call again, won't you?"—Cleveland Leader.

"And then," said Miss Passay, "he asked me if I wouldn't marry 'the first man that came along.' Think of it!" "Yes?" replied Miss Pepprey. "The idea! Don't those obviously unnecessary questions make you tired?"—Philadelphia Press.

Algerian Strike Discipline.

They have an original way of making a strike effective in Algiers. The shoemakers are striking. They are Jews, Moslems and Spaniards, and lack cohesion of race and language, so that their leaders felt something was needed to keep them in hand. It was therefore decided by general vote that no man should be allowed to leave the central offices—which are, fortunately, roomy in old Algiers—even for food or sleep, so long as the strike lasts. If a man gets away by any chance there is a hue and cry until he is recaptured and led back.—New York Tribune.

Why Father Fainted.

"If you marry him," said her papa, who was exhibiting symptoms of violent displeasure, "I shall not only have to support him, but I will have to pay his debts, too!"

But the pretty and petulant young thing who was hanging to his coat lapels was not moved by the argument.

"Now, papa," she said, "you know well enough that George has to live, just the same as other men. And as to his debts, I've heard you say hundreds of times that a man's debts ought to be paid."—Brooklyn Life.

Guileless Johnnie.

"How old is your sister, Johnnie?"

"Rev." Larry Summerfield.

The Broadway friends of Larry Summerfield, the wireless wire tapper, were greatly pleased yesterday to learn that their old associate had been selected as organist in the chapel at Sing Sing prison. As there are several sets of services each Sunday, the new job will enable Larry to be away from his cell the greater part of the day.

Of all days the most dreaded by the Sing Sing prisoners is Sunday. They have no work to do then and must remain in the cells except when attending chapel services. There are two chapels—Protestant and Catholic. The prisoners usually attend both, so as to get away from the close confinement on Sunday.

As organist, Summerfield will not only escape the cell confinement on Sunday, but will also have a few "evenings out," as there are services several times a week in the evening. According to the friends of Summerfield, the wire-tapper was brought up amid religious surroundings and there was an organ in his home. It is said that he has been after the job of organist for some time.—New York Sun.

Water a Good Remedy.

There is no remedy of such general application and none so easily obtained as water, and yet nine persons out of ten will pass it by in an emergency to seek for something of less efficacy, says the National Magazine. There are but few cases of illness where water should not occupy the highest place as a remedial agent.

A strip of flannel or a napkin folded lengthwise and wrung out of hot water and applied around the neck of a child who has croup, will usually bring relief in a few minutes. A towel folded several times, then quickly wrung out of hot water and immediately applied over the seat of the pain in toothache or neuralgia, will afford prompt relief. This treatment in colic works like magic. Cases on record having resisted other treatment for hours, have yielded to this treatment in ten minutes. Pieces of cotton batting dipped in hot water, then applied to all sores and new cuts, bruises and sprains is the treatment now generally adopted in hospitals. Hot water taken freely a half-hour before bedtime is an excellent cathartic in the case of constipation, while it has a most soothing effect on the stomach and bowels. This treatment continued for a few months, together with proper attention to diet, will alleviate mild cases of dyspepsia.

Revenge.

The reporter had been sent to get an interview of the noted burglar who had been caught in the act and was behind the bars at the police station.

"The boys say you put up a pretty stiff fight, Bill," said the reporter. "I'd like to have your version of the affair. It ought to make a good story."

"It'll make a good story, all right," sullenly answered Bill, "but I'll see you in Pittsburg before I'll give it to your paper. It was in your society columns that I saw the item that the Thompsons had shut up their house and gone away for the summer—and they hadn't."
