

### General Debility

Day in and day out there's that feeling of weakness that makes a burden of 'feeling food does not strengthen. Sleep does not refresh. It is hard to do, hard to bear, what should be easy—vitality is on the ebb, and the whole system suffers. For this condition take

### Hood's Sarsaparilla

It vitalizes the blood and gives vigor and tone to all the organs and functions. In usual liquid form or in chocolate tablets known as Sarsatabs, 100 doses \$1.

**Necessarika.** Dingolets—The socialist charged you \$7 for taking a grain of sand out of your eye? That's pretty steep, isn't it? Hangedover, though, he'll look over his bill. It was for removing a foreign substance from the cornea, and of course that costs more.

**Advertisements.** The first newspaper advertisement appeared in Great Britain in 1642. In Greece advertising was done by public officers. The first printed advertisement in England was put up by the celebrated printer Caxton. It announced the completion of a book called "The Pye of Salisbury."

The ancient Egyptians, Greeks and Romans were the first to use bill-posters, some of which were found on the walls of buildings in Pompeii. It was not until the eighteenth century that magazine and newspaper advertising became the recognized medium between manufacturer and buyer.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

**Curbing His Raptures.** Andrew Laverdier, who you are the loveliest girl in the world! His intellectual raptures—While I realize that such a remark as that goes to the heart of a girl, I am disposed to regard it as indicating the full measure and scope of your acquaintance with the world thus far, and as such I accept it and hasten to express my grateful appreciation.

**Frank, at Least.** Solem looking Gent—Friends, I am collecting funds to push the missionary work in foreign lands among the heathen, and it is your privilege to help in the great work. Any amount, no matter how small, will be appreciated.

**Hardened Sinner.** I suppose you pick up quite a bit of money here and there, don't you? S. L. G.—Oh, yes. I have taken in nearly enough to pay my salary this month.

**H. S.—**What if you get more than will pay your salary? S. L. G.—Well, that doesn't happen often, but when it does I apply it on back salary—Toledo Blade.

**FITS**—The "Fits" Name and all Persons Desiring permanent cures by Dr. Kline's Great Discovery, should send for the book, "Fits," by Dr. J. C. Kline, 1414 Locust St., Philadelphia, Pa.

**Never in Daylight.**

"What!" snapped the complacent clerk in the gas office. "You say you are always bothered with poor light?"

"Oh! no! not always," replied the quiet man.

"Ah, as I suspected. You only notice it then at certain times, eh?"

"Yes, only after dark."—Philadelphia Press.

**Unassisted Testimonial.**

"Stella engaged herself five or six young men at that summer resort, and the girl with the blue earrings. 'I don't think that was right, do you?'"

"Maybe not," went on the girl with the ready-made complexion, "but poor, dear Stella was determined they shouldn't all of them escape her this time."

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that cure is Dr. Kline's Great Discovery. It is the only positive cure known to the medical profession, and its success is guaranteed. It is a simple, safe, and effective remedy, and it is the only one that is not a quack remedy. It is the only one that is not a quack remedy. It is the only one that is not a quack remedy.

**A Very Bad Lot.**

A vagrant had been taken before the Police Judge for drunkenness.

"Well, what have you to say for yourself?"

The prisoner squared his shoulders, lifted his head and began in a softly moderate tone, "Man's inhumanity to man has made countless thousands miserable, but if it were as rugged as Goldsmith, as dispirited as Poe, as extravagant as Fox, as immoral as Byron—"

"That enough—thirty days," shouted the Judge. "Take down those names, officer, and run the balance of 'em in; I've no doubt they are a bad lot."

**Father and Son.**

"Father," said the college man, on his return to the farm, "I believe I'll not remain at home during vacation period, but seek some secluded glade and rest my weary brain where the woodbine twines."

"Son," returned the prosaic father, "ye'll stay right here an' get all th' seclusion thar's necessary, an' y' c'n rest your tired brains outen th' harvest field, where the good twine binds."

**TIED BACKS.**

The kidneys have a great work to do in keeping the blood pure. When they get out of order it causes backache, headaches, dizziness, languor and distressing urinary troubles.

Keep the kidneys well and all these sufferings will be saved you.

Mrs. S. A. Moore, proprietor of a restaurant at Waterville, Me., says: "Before using Doan's Kidney Pills I suffered every thing from kidney troubles for a year and a half. I had pain in the back all day, an aching in the joints, and the urine was all the time. A dose of Doan's Kidney Pills brought relief, and I kept on taking them 'til in a short time I was cured. I am now as well as ever. Doan's Kidney Pills are wonderful."

Doan's Kidney Pills are sold by all dealers. 50 cents a box. Milburn Co., Buffalo, N. Y.

## OREGON STATE ITEMS OF INTEREST

### SHEEP ON FOREST RESERVES.

Chief of Grazing Department Announces Limit for Next Year.

Pendleton—As announced by A. F. Porter, chief of the grazing department, the Forest Reserve Bureau, in the eastern division of the Blue mountain reserve, a general cut of 25 per cent is to be made, reducing the number of sheep from 225,000 to 168,750. In the western division of the Blue mountain reserve 1,200 sheep will be considered a band and the lambs will not be considered. Permits for increased stock will be allowed in the eastern division without reduction. Permits for less than one band may be increased, provided such does not exceed 20 per cent nor go over 1,200.

Growers having from 1,200 to 2,000 sheep in the reserve this year will be cut 20 per cent, provided such a cut will not reduce the number below 1,200, those having from 2,000 to 4,000 in the reserve this year will be cut 30 per cent, with a corresponding provision as the above.

Growers having 4,000 or more sheep in the eastern division this year will be cut 40 per cent, provided such a cut will not make the average cut for the entire division greater than 25 per cent.

In the western division of the Blue mountain reserve the reduction will be made in a similar manner, though the average cut will be 20 per cent.

In the Wenaha reserve 1,100 sheep will be considered as a band, and those now having less than that number in the reserve will be allowed an increase.

On or about November 1 a meeting of the stockmen who use the eastern division of the Blue mountain reserve will be held at Samsper, under the direction of Superintendent D. B. Wheeler, and at that time the range within the reserve will be segregated among the stockmen according to the rules of the Forest Reserve Bureau.

**Hood River Land in Demand.**

Hood River—Sales of ranch and city property aggregating \$60,000 in one day are reported by Hood River real estate men, who said that the demand for apple land was never better than at present. The statement was made that O. L. Vanderbilt had been offered \$100,000 for his apple orchard known as Blue Land, which he refused because he has a \$15,000 crop of apples on it, which the intending purchaser wanted included in the sale.

Vanderbilt confirms the sale. The ranch of E. Chandler, 60 acres, was sold to the real estate firm of Alben, Benham & Co., of Portland, for \$15,000. The ranch is situated near the city, and it is expected that it will be cut up into lots.

**One Board for Normal Schools.**

Salem—At their session the members of the Department of Superintendent of the State Teachers' association decided without a dissenting vote to favor the placing of all state normal schools under the control of a single board, who said that the demand for consideration at the regular monthly meeting of the board of that body.

In his monthly statement Secretary Labor levies considerable space to the fact that the Chitook has been lying idle at the government moorings for two years, and during that time it has been useless so far as the purpose for which she was constructed are concerned. He is of the opinion that funds with which to continue the work on the bar can be secured.

**Levy Reduced in Baker County.**

Baker City—Baker's tax levy this year will be 30 mills, less than half that in Baker City last year, while in the country districts the levy this year will be about one-third of that of last year. The county court has based an estimate, and although the levy has not been determined, it may be stated that the amount as computed upon the valuations for this year will be only about one-half of that of last year. In the city itself 30 mills will take the place of 67, which was paid in Baker last year.

**Rebuilding Pendleton Levee.**

Pendleton—The work of rebuilding the levee along the western part of the city has been started with a small force of men and teams. Owing to the lateness of the season the work will be rushed as fast as possible. This city is now in the midst of a labor famine. In addition to the usual demands for help, the street paving company, the levee builders and the government road experts are all being greatly handicapped.

**Lincoln School Fund Apportioned.**

Albany—County School Superintendent Jackson has made the semi-annual apportionment of the Lincoln county school funds, Albany receiving \$2,308.30 of the amount. Other cities received as follows: Lebanon, \$811.60; Brownsville, \$790.60; Seio, \$260.20; Harrisburg, \$466.60; Halsey, \$302.60. These amounts do not include the amounts received by each district through its own tax.

**Where Alfalfa Grows Luxuriantly.**

Weston—Marion O'Harris has just finished cutting his third crop of alfalfa at his ranch a short distance above Weston. His best yield was from two acres of sub-irrigated bottom, which made 16 1/2 tons. Mr. O'Harris has put up altogether 125 tons of hay, and is one of the most successful producers in this section of the country.

### WOULD REVISE LAWS.

Superintendents and Principals Suggest Important Changes.

Salem—If the legislature of 1907 shall grant any considerable portion of the recommendations of the county school superintendents of Oregon, the public schools of the state will have more funds, longer terms, better paid teachers, and more control over the superintendents and principals agreed upon many desired changes in the school laws, some of them of much importance and interest to county teachers and officers, but to taxpayers and school patrons generally.

That the minimum length of term a district shall maintain school shall be increased from three to five months, and that the county levy shall be raised from \$6 per capita to \$8 per capita, were the most important changes suggested.

This is raising the minimum term 66 per cent, and increasing the minimum county levy 33 per cent. One recommendation of general interest to teachers is that an application be granted by one second or third grade certificate in the county may be obtained in a county, but by going from one county to another a teacher may get 33 third grade certificates. The proposed change in the law will compel teachers to advance from year to year in their educational qualifications.

In order to raise the standard for county papers, it is advised that algebra and physics geography be added to the list of subjects upon which an applicant must be examined for a first grade county certificate, and that mental arithmetic be dropped as a separate subject. Composition, bookkeeping and general history were suggested as proper subjects to be included in the examination for first grade county certificates, but only the two mentioned were approved.

**New Bridge Across the Umatilla.**

Pendleton—A new steel bridge across the Umatilla river just below this city is to be constructed by the O. R. & N. company to replace the present wooden bridge, which was partly washed out during the flood last spring. A crew of men has been placed at work upon the preliminary work of the new bridge, which is to be placed 500 feet below the old bridge, and the main line track will be changed accordingly. By the change, 903 feet of distance will be saved through a curve being eliminated.

**The State Population.**

Salem—Reports from all but five counties in the state, and these supplied with estimates based upon school statistics by Labor Commissioner H. T. Greig, give the total population for Oregon, according to the 1905 census, as 433,574, as against 413,536, under the 1900 Federal census, or an increase of 20,038 in five years. The increase in population on census returns from the counties included in reports to the office of secretary of state.

**Hurters Cut Wire Fences.**

McMinnville—A number of farmers complain that hunters cut their wire fences in order to get their dogs through. One man found that his fence had been cut in three places. There is talk of forming a club to keep poachers off.

**Increase in Receipts.**

Albany—The receipts of the Albany postoffice for the month of July were \$2,646.91. This is an increase of \$136.58 over the receipts of the same quarter a year ago.

### HE WAS HAPPIER, ANYWAY.

Spelt of Husband Not in Heaven—Prof. Mattewood, superintendent of the Vesuvius observatory, was dining with some Americans at the Royal Hotel in Naples.

The dining room fronted the sea. The waves crashed against the massive embankment of stone and showers of white spray rose high in the sunlit air.

"This is heavenly. But what is it like in your observatory when Vesuvius is active?" a young woman asked.

"It is not like heaven," said Prof. Mattewood. "It reminds me of a story about a Neapolitan widow whose husband had been dead some years. One night she was persuaded to go to a spiritualist's seance, and there the spirit of her dead husband appeared and spoke with her."

"My dear Agostino," said the widow to the shade, "are you happy now?"

"I am very happy," Agostino answered.

"Happier than you were on earth with me?" asked the widow.

"Yes," replied the shade; "I am far happier now than I was on earth with you."

The widow was silent a moment. "Tell me, Agostino, what is it like in heaven?"

"Heaven?" said Agostino. "I am not in heaven."—New York Tribune.

**Her Room.**

"That's a fine horse, Miss Strongland drives. It's a roan, isn't it?"

"Of course it is. You'll be asking next if it's her hair also wears."

**How Jeering?**

A story is told of a certain candidate who was defeated for the nomination at the first primary. He is not the best of men, but his photograph belongs to the Horace Greely school. He had occasion to write a confidential letter to a friend in St. Petersburg, and later called upon him to see if he had executed any business.

"Did you get my letter? Could you read it all right?" replied the man, "and didn't have any trouble with any of it except the postscript. That stuck me, and I had to scribble it out."

"Same result; they all read the letter, but fell down on the postscript."

"Great guns," he gasped, "the postscript says, 'Don't let anybody see this letter!'"—St.
