

UNITED STATES SENATOR FROM SOUTH CAROLINA PRAISES PE-RU-NA.

Ex-Senator M. C. Butler.

Dyspepsia is often caused by catarrh of the stomach—Peruna relieves catarrh of the stomach and is therefore a remedy for dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co. as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

Catarrh of the stomach is the correct name for most cases of dyspepsia. In order to cure catarrh of the stomach the catarrh must be eradicated. Only an internal catarrh remedy, such as Peruna, is available. Peruna exactly meets the indications.

Shifting the Blame.

"Smithers is one of those people who manage to shift the blame whenever anything goes wrong."

"Yes," answered Miss Cayenne, "I observe that he always has to be excused to sing."—Washington Star.

Better Late Than—

"What would you do if a man were to court you until you were 50 years old?" said some one who was reading a newspaper item of a similar case.

"Why," said Miss Passy, "I'd marry him!"

In Holland an unmarried woman invariably walks on the right side of her escort, while a married one takes her husband's left arm.

Do you know the secret of the Way Circle? Wonderful! Don't delay another day!

Send for K.C. right away. It's purer and more efficient than any Baking Powder that costs three times as much.

25 oz. for 25c. All grocers.

Jaques Mfg. Co. Chicago

There need not be a cold room in the house if you own a PERFECTION Oil Heater. This is an oil heater that gives satisfaction wherever used. Produces intense heat without smoke or smell because it is equipped with smokeless device—no trouble, no danger. Easily carried around from room to room. You cannot turn the wick too high or too low. As easy and simple to care for as a lamp. The

Have You an Extra Room to Heat?

PERFECTION Oil Heater
(Equipped with Smokeless Device.)

It is an ornament to the home. It is made in two finishes—nickel and japan. Burn oil from beautiful embossed. Holds 4 quarts of oil and burns 9 hours. Every heater warranted. Do not be satisfied with anything but a PERFECTION Oil Heater. If you cannot get Heater or information from your dealer write to nearest agency for descriptive circular.

Pa makes the home bright, is the safest and best lamp yet made. Light, fitted out and dry.

SNOW GETS DEEPER

Sheepmen in Wyoming, Colorado and New Mexico Suffer.

WORST STORM IN TWENTY YEARS

Whole Country Between the Rocky Mountains and Missouri River Under White Pall.

Denver, Oct. 23.—Snow, wind and cold have extended over nearly the entire country between the Rocky mountains and the Missouri river today, causing heavy loss of livestock and fruit. Telegraph wires have been prostrated and railroad schedules disarranged. The storm is almost unprecedented for severity at this season of the year and takes rank, according to the weather bureau, with the snowfall on April 22 and 23, 1885.

Up to 6 o'clock this evening about 20 inches of snow had fallen in Denver and indications were that the snow would continue all night.

Locally but little damage was done. Sheepmen in Wyoming, Colorado and New Mexico, it is believed, will suffer heavy losses, as they were unprepared for such weather. There are hundreds of tons of sugar beets and thousands of barrels of apples still in the open in the northern part of Colorado and should the cold continue, the damage will be very great to the ranchers. Telegraphic service throughout the West is badly hampered and trains indefinitely late.

The blizzard which has been raging in Pueblo and vicinity since early Saturday afternoon is slightly abated this morning. Railroad and street car traffic is badly crippled. The Rio Grande west of Pueblo has suffered most from the snow, which is unusually heavy along its line, ranging from 16 inches at Florence to 30 inches at Buena Vista. Trains from the East are generally from a few minutes to several hours delayed. Cattle and other stock on range suffered from the wet snow, and some Colorado Springs reports that the blizzard, which has been in progress for the past 48 hours, broke this morning. Trains are somewhat delayed. The temperature in Colorado Springs this morning was about 15 above zero.

WISCONSIN REMITS TAXES.

Increase in Railroad Assessment Supplies All Funds Necessary.

Madison, Wis., Oct. 23.—All the state taxes, with the exception of the school tax, which was reduced to half of one mill, were remitted today by the state board of assessors. There is already so much money in the state treasury that none of the officials know what to do with it.

With the prospect of more than \$2,500,000 coming in from this year's taxes, State Treasurer Kempf threw up his hands in despair and said there was no way to spend it. Accordingly Governor Davidson, Secretary of State Homer and Mr. Kempf met today and decided to remit the taxes.

The railroads are footing the bills. That, in the main, is the reason for the action today, the first time such a sweeping move has been made in the history of the state. It is one of the results of Senator LaFollette's long fight when he was in the governor's chair. Under the new ad valorem tax the roads pay about \$2,000,000 annually, or one-third more than they did under the old license fee system.

The amount of taxes remitted is \$1,818,236. Instead of raising this amount from the taxpayers, the administration will deduct it from the general fund of the state to meet certain fixed expenditures. The school tax, amounting to \$643,000, goes back to the taxpayers in the support of the public schools.

Relief Fund for Winter.

Washington, Oct. 23.—The executive committee of the Red Cross has finally approved the estimates of the San Francisco relief committee for the continuance of the relief work in that city up to July 1 next. Originally placed at \$6,000,000, these estimates have been reduced by a little more than \$700,000. Most of the money is already in sight, as the San Francisco committee has a balance of \$2,382,000, with undistributed subscriptions subject to call of \$900,000. The Red Cross proper holds a little over \$2,600,000.

Idle Negroes to Dig Canal.

Washington, Oct. 23.—N. F. Thompson of Chattanooga, Tenn., called at the White House today and invited President Roosevelt to attend the immigration and quarantine conference to be held in Nashville next month, and on the president's invitation Mr. Thompson called again tonight. The president has, however, declined the invitation, because he could not find it possible to attend. Mr. Thompson said he suggested to the president that the idle negroes in the South be utilized for labor on the Panama canal.

Blizzard Reaches Kansas.

Ellis, Kan., Oct. 23.—Colorado's snow storm is passing east, and reached today Western Kansas. Passengers reaching here this morning on belated east bound trains report a heavy snow storm between Ellis and Denver, at some points amounting to the proportion of a blizzard, with four inches to one foot of snow on the ground. The temperature is moderate, however. The snow is drifting badly at a good many points.

Blizzard Coats Texas With Ice.

Dallas, Tex., Oct. 23.—Wind blowing at a velocity of 60 miles an hour is sweeping across the plains country in the Texas panhandle, lifting blinding snow and ice. Grass is covered with ice, but cattle are in good condition and the loss will not be heavy. At Channing a blizzard is raging. In the Dallas territory the temperature has been in the 70's, but at midnight is falling.

SALT LAKE WIND SWEEP.

Buildings Razed and Packing Plant Destroyed by Fire.

Salt Lake City, Oct. 22.—For 24 hours this city and vicinity was swept by a wind storm of unparalleled severity. In addition to three serious accidents to persons, property has been devastated over a wide area, a fire caused by the wind has obliterated the seed plant of the Utah Packing company, and a monetary loss of approximately \$250,000 is estimated.

During the full period of the storm trains have arrived "regularly" or not at all. For much of the time the street car service has been at a standstill, and the electric lighting plants are out of commission.

The turning of the Utah packing plant, north of the city, is the most serious single loss. The building had just been completed at a cost of \$100,000, and was to have been put into use in a few days. The project was inaugurated by Western cattlemen and was in opposition to the large packing houses in the East. The cause of the fire has not been ascertained. Only a small fraction of the loss is covered by insurance.

Ruined buildings, fallen chimneys, broken windows, looted signs, uprooted trees throughout the city and adjoining towns are the most common souvenirs of the storm and aggregate an immense loss. The wind attained a maximum velocity to 52 miles an hour. For hours it maintained an average speed of 35 miles an hour. The local weather bureau has been handicapped, but expresses the opinion that the storm is local and with little effect north of Ogden or south of Provo.

LOSS MAY BE HEAVY.

Cuban Hurricane Crosses the Island, Leaving Death in Trail.

Havana, Oct. 22.—More complete reports have been received by Governor Magoon and show that the recent hurricane, which swept across Cuba, has caused greater damage than was at first supposed. Scores of lives are now known to have been lost as the result of the storm.

The worst reports come from the Bahama, on the south coast of Cuba, the point where the cyclone first struck the island. Forty fishing schooners are now known to have been lost. Many corpses have been picked up floating in the bay, and it is believed the dead at this point alone will reach nearly 100. The majority of the victims are Spanish fishermen. Wreckage from the vessels which were destroyed litter the shores for miles. It is believed that several small schooners were swept out to sea and lost, their crews perishing.

The town itself suffered severely. Since the hurricane has been removed so far from the ruins. On every hand are to be seen evidences of the storm's fury. Houses were blown down, trees were uprooted, and devastation has been wrought generally. A conservative estimate of the damage in that city is \$600,000. The greatest damage was caused in the lower portion of the city. The upper section away from the shore escaped unscathed.

More Delay for Hermann.

Washington, Oct. 22.—Representative Blinger Hermann will not be placed on trial in this city on the indictment charging destruction of 35 official letter press copybooks until sometime after the Christmas holidays. No definite arrangement for the trial has been made, but the court's docket is now so filled that it will be impossible to hear the case within the next three months.

Once the case was last postponed at the time Mr. Henry was called to San Francisco nothing has been heard from Hermann and his whereabouts are unknown to the court. No anxiety is felt in this case however.

Quake Wrecks Train.

Portland, Me., Oct. 22.—Two earth shocks last night destroyed about 100 feet of a temporary highway structure which crosses the upper harbor. The first shock was felt at 6 o'clock and the second at 7:07. Both shocks were light, but were distinctly felt by pedestrians. Accompanying the rumbling was the sound made by the cracking of the timbers of the temporary structure. It is feared that great damage has been done to the foundation of the new highway bridge nearby, for which \$250,000 was appropriated recently.

Combine Packing Houses.

Chicago, Oct. 22.—Rumors that an English holding company is being organized to take over all the packing interests of the United States have thick and fast in LaSalle street today. The capital of the concern is said to be close to \$500,000,000, and J. Ogden Armour is mentioned as the principal chief. While nobody is in a position to give the facts would say anything one way or the other on the subject, certain things that have recently transpired in the street are rather significant by students of similar financial proceedings.

Black Hundred Attacks Stolypn.

St. Petersburg, Oct. 22.—The strained relations between Premier Stolypn and the Reactionary league is evidenced by the publication of the first attack directly upon the premier. The Reactionary league organ, publishes revelations concerning the negotiations entered into a month ago when the premier gave certain assurances to a big delegation from at least 100 branches. The Reactionary charges the premier with having broken faith.

Soldiers Go In Pursuit.

Sheridan, Wyo., Oct. 22.—Two troops of the Tenth cavalry left Fort Robinson, Neb., at noon today from Gillette, Wyo., to round up the band of marauding Indians from the White Rock agency, Utah. The commanding officer is said to have instructions from the War department to take the Indians dead or alive.

Snowstorm in South Dakota.

Siox City, Iowa, Oct. 22.—Dispatches received at the Chicago, Milwaukee & St. Paul office in this city state that a heavy snow storm with wind prevailed all night on the Rapid City extension of that road in South Dakota. The snow is drifting and a snowplow has been ordered to Chamberlain and Fresho.

THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because "IT CURES DISEASE." It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

Gentlemen—S. S. S. is used as a family medicine in our home. I myself have taken and always found it what it is claimed to be. It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement.
