Abe Ruef, the San Francisco "boss" is surely getting into deep water. Seventeen of the supervisors who were parties to the grafts or nearly a million dollars, have confessed their complicity in the crime. If Ruef ever had any hope of escaping the penitentiary, he might as well abandon it and take his medicine. The deeper Heney and Burns stir the dirty mess, the more stench they exhume.

This number is filled with well written matter relative to the industrial pursuits of Lane county and as an exponent of this fact, the Register has, certainly, completely covered the field, mechanically and artistically the number would be a credit to any print shop with even greater facilities than the Register possesses. The Register is one of the growing newspapers of Oregon.

He who depends upon borrowing his daily and weekly paper from his neighbor, while not a literary thief, can justly be styled a purveyor of news. He in a measure, is getting something for nothing—doing which many people are placed in prison.

## Harry Beard Pleads guilty.

Judge Burnett pronounced the indeterminate sentence on One's five-year Harry Beard will leave to day for Salem to remain a year or more at the penitentiary. Mr. Beard's stay at Salem is of an enforced nature, as he was yesterday sentenced to serve an indeterminate sentence in the penitentiary by Judge Burnett, after he had entered a plea of guilty to stealing a horse.  
The defendant's plea of guilty came as a surprise to a majority of those in the court room, as he had entered a plea of not guilty last week to the charge against him.  
Beard was charged with taking a valuable horse from C. W. Vestecka of Thomas to "break" and then selling the animal to George Weirich of Stayton, for \$75.  
The sentence of an indeterminate nature which Judge Burnett gave him and provides that the prisoner shall serve the minimum sentence allowed by law, which in this case is one year and that any time after the year has expired, the prisoner may be paroled on the recommendation of the superintendent of the penitentiary, or by the governor. If not paroled the prisoner must serve the maximum time which in Beard's case would be five years.—Wednesday Herald.

## Taken to a Sanitarium.

His mind weakened by a long period of ill health, Ed Young of Crabtree, was taken through Albany last night to Portland for treatment in the Sanitarium. Young is said to be completely unbalanced and of late his broken mental condition has been further increased by worry over his act in attempting to set fire to the home of his neighbor, ex-Sheriff M. C. Gaines, a short time ago. The attempt at incendiarism on the part of Young was made during one of periods of mental unsoundness, and the unfortunate man when he realized what he had done, is said to have become very despondent which has finally resulted in his present condition.—Wednesday Herald.

## The Scio Fair.

Slowly but surely matters are taking shape for a successful Fair next Fall. Grounds have now been selected, within one-half mile from town and the necessary fencing ordered built. October 2, 3, and 4 have been selected as the days upon which to hold the Fair. A beautiful camp ground has been secured adjoining the fair grounds, where plenty of water, shade etc., is at hand. Provisions for the building of the track were made at the directors meeting last Friday. So far no mistakes have been made by the management. A sentiment exists to buy the fair grounds, but with the money available this year, this thought is out of the question. The management would like to purchase the grounds; but think it prudent to lease for the first five years. At the end of that period it will be demonstrated whether or not an annual fair will be supported by the people. Then grounds can be purchased and permanent improvements made. At the present time the board of directors think leasing the better plan. So all the people have to do is to show by their patronage, both in exhibits and attendance, that they want the fair and it will become permanent and in due time will own its own home.

# Are You Up-to-Date on Paint?

The way to profit by progress is to keep in step with it. There is no more reason for mixing paint in the old-fashioned hard, hand way than there is for plowing with a stick, reaping with a cradle, or driving to town for your letters when there is a rural mail box on your gate post.  
Unfiring, unerring machinery does the work for you now—far better and surer than human hands could ever do it.

## Low Brothers High Standard Paint Gives Best Results

It is always uniform—one gallon like another—each fresh brushful like the last—the best paint-making materials combined in the proven "High Standard" proportions, and ground superfine. Don't figure your paint cost on price per gallon but on square feet covered, and total cost divided by number of years of service. Judged in this way, "High Standard" Paint is by far the cheapest. "High Standard" will cover one-third more square feet to the gallon, and last two to three years longer than ordinary paint. There is a Low Brothers Paint for every requirement about farm and home—barn paint, implement paint, etc., etc. Use "Little Blue Flag" Varnish—the Best.  
The best handbook on the paint subject is our booklet, "Paint and Painting," which tells you how to select paints; how to prepare surfaces for painting; how to choose brushes; how to use them, etc., etc. We'll gladly mail you a copy free and tell you who your nearest "High Standard" agent is.
