MOCK TRIAL

Scio has lately developed a mania for law suits. Strategically, the mania seems to date with about the time that K. Shelton returned from Albany, where he had been called to jury duty. At all events, the News was informed that there would be a law suit at the City hall last Thursday evening. Ever on the lookout for items of the News man, at the proper time, weeded his way thither.

The hall was soon filled with our citizens of both sexes. Judge Shelton soon called the house to order and stated the object of the meeting. He stated that the auditors might learn something if they would pay attention to the learned attorneys and urged the importance of good order. The court was organized as follows:

H. Newton, judge; Fred Daley, bailiff; Jas. A. Blyeu and E. C. Peery attorneys representing the state and S. Kunz and H. O. Anderson, attorneys representing the prisoner at the bar. Rola Morris the prisoner was accused of purchasing the barber's trade without having been duly licensed. The prisoner was duly arraigned and pleaded "not guilty."

A jury of six by standers was summoned and the case went to trial. Attorney Kunz demurred to this complaint, but the demurrer was over ruled and the trial ordered to proceed.

The prosecution was able to prove that Morris had shaved one Dr. John G. Gill in the shop owned by Geo. Davy; that he had a permit for Morris' hair and received a fee not doing and shaving, further than to receive the money from Gill and turn it over to the proprietor. The prosecution was unable to prove that Morris had received any pecuniary benefit for doing the shaving and for this reason failed to maintain the cause of action.

Another trial is in preparation to be pulled off, probably, this week. The new cause of action will be Chas. Wesley vs. the City of Scio, who runs the plaintiff against the defendant for a breach of contract. Kunz & Anderson, attorneys for the plaintiff and Blyeu & Peery will represent the city.

As these mock trials are of ordinary everyday origin and the attorneys shun out the law bearing upon the questions at issue, there will be something to be learned, if one will but pay attention.

AN ERRONEOUS IDEA.

Some men seem to have a peculiar idea with reference to their subscription to the Scio Stock and Agricultural Fair association. They seem to think it is optional with themselves, only, whether they pay it or not. This is an error. When a person places his or her name on this subscription list, he signs a contract that is just as binding as a promissory note. Of course everybody will pay up, as he contracted to do, willingly. Should anyone refuse to do so, simply will repudiate his contract. Nor will we treat other subscribers justly if he refuses to pay. Had not 100 memberships been taken, the Association would not have been formed. The association was formed, officers elected, funds have been raised and legal incorporation. Hence, the obligation upon a member to pay the price of his membership, is just as binding as any other debt, and could be collected by law.

Are You Up-to-Date on Paint?

The way to profit by progress is to keep in step with it. There is no more reason for mixing paint in the old-fashioned hard, hand way than there is for plowing with a stick, reaping with a cradle, or driving to town for your letters when there is a rural mail box on your gate post.

Uttering, unerring machinery does the work for you now—far better and surer than human hands could ever do it.

Low Brothers High Standard Paint Gives Best Results

It is always uniform—one gallon like another—each fresh brushful like the last—the best paint-making materials, combined in the proven "High Standard" proportions, and ground superfine. Don't figure your paint cost on price per gallon but on square feet covered, and total cost divided by number of years of service. Judged in this way, "High Standard" Paint is by far the cheapest. "High Standard" will cover one-third more square feet to the gallon, and last two to three years longer than ordinary paint. There is a Low Brothers Paint for every requirement about farm and home—barn paint, impervious paint, etc., etc. Use "Little Blue Flag" Varnish—the best.

The best handbook on the paint subject is our booklet, "Paint and Painting," which tells you how to select paints; how to prepare surfaces for painting; how to choose brushes; how to use them, etc., etc. We'll gladly mail you a copy free and tell you who your nearest "High Standard" agent is.
