S. E. YOUNG & SON

PERSONAL MENTION.

Dr. D. B. Wells, the Albany veterinarian is dead.

Clair Peery, of Springfield, was in this city Thursday.

E. D. Myers returned from a few days in Portland, Tuesday night.

Fred Gooch and wife were business visitors in Albany the first of the week.

Frank Games and family and Uncle John Games at Crabtree creek were Scio visitors, Tuesday.

C. A. Warner, of the Scio Milling Co. spent last Sunday in Albany at the bedside of his mother who, he thinks, "can live but a few days."

Frank Sticha and family, of Mrs. Misses Ros., left for Wilbur, Nebraska, the first of the week. Mr. Sticha was one of our leading Bohemian fellow citizens.

Misses Sude and Cleora Sims went to Lincoln county, where they are each employed to teach school, the former at Waldport and the latter at Harlow.

Supervisor Pomeroy had a force of men employed, last Monday, in clearing dirt away from the Crabtree bridge, on the road leading from Scio to Lebanon.

Late Osborn and Allen Arnold went to Tangent, last Tuesday, and each purchased registered bears of the Berkshire variety. Look out at the fair next fall, boys!

Frank Davey has resigned as editor of the Salem stationer. We wonder if life has become too strenuous for him, down at the capitol city, since the adjournment of the legislature. Its enough to make anybody tired to apologize for the acts of the last legislature.

Mr. J. T. Trencher, traveling agent for the Boys and Girls society, of Portland, spent last Sunday in this city looking after a report, case of neglected children. As he took no action in this matter, he evidently concluded that he would not be warranted in interfering.

A farewell party, in honor of John Sticha, was given in the Clark, Wesely hall, last Saturday evening. The eighth grade class, through its president, Birdie Bremer, presented a book, as a token of the friendship that exists between the class and its departed member. At 11:30 p. m., the class and other of John's friends bade him farewell.

Printer Wanted.

The SANTIAM NEWS needs an all around printer—one who has had some experience as a job and as man required. An honest, sober average country printer can obtain steady employment at average country printshop wages, by applying at once.

You Will Have To Hurry

If you want to take advantage of low prices on wall paper. We sold 2500 rolls during the past six days and we have only about 1000 rolls left, which will last only a few days.

Shepherd Puppies.

I have two Scotch Collie puppies high bred for sale, \$5 each.
JOHN M. BARRIAN.

Vetch Seed For Sale.

Santiam Farm has a little vetch seed left yet. Good to sow up to April 15. The seed is cheap. I also have 4 tons of good vetch hay for sale at \$6 per ton.
S. W. GARDNER.

CORRESPONDENCE

SANTIAM FARM.

Hello, Mr. Editor! Are you not going to have it clear up this month, so that we poor, discouraged farmers can put in our crops? We want to be able to divide with you poor souls in Scio and the rest of the world, next fall. We have now had a month's stormy weather of the very worst kind.

G. A. Griffin and Miss Maggie Griggs went to Albany, Wednesday, to consult with the China doctor.

Our roads are getting almost impassable. We are getting anxious for a clear up, so that Supervisor Pomeroy can do some work on the roads. The roads seldom get worse than they are now.

We are again visited with high water.

Old Crabtree is again overflowing the bottoms for miles and is doing quite a bit of damage to farmers where plowing and seeding has been done.

Misses May Crabtree and Aeri Griggs were callers on their aunt Mrs. Elizabeth Gates, over last Sunday.

The young people enjoyed a social card party at Newton Crabtree's last Saturday night. All report a good time.

Ernest Titus and wife spent last Saturday night with her parents, J. P. Crabtree and wife. Owing to high water their visit was prolonged somewhat.

Dr. Browne was out, Sunday, to see Doc Turner for the last time on earth. He passed away from this life to Eternity at 12 o'clock Monday night, after a lingering illness of ten years.

John Crabtree and wife, of Ten, was over Monday to attend the funeral of her father, Doc Turner, who was buried, on Wednesday at Franklin Butte cemetery.

James Hart and wife, of Springfield, came down Tuesday morning to attend her father's (Doc Turner) funeral. His sister, Mrs. Jane Shelton of Jordan and son, also, were down. Our school was closed in order that the pupils could attend as well.

PIE EATER.

HUNGRY HILL ITEMS.

The sun has come out from his long hiding place, at last, and certainly is receiving a very hearty welcome.

The Texas fever is still raging throughout this neighborhood. Mr. E. D. Luke is dangerously ill with it.

Miss Ivy Munsell has been suffering from neuralgia, during the past week. Mr. H. Munsell is, also, on the sick list.

We have discovered a new route to China. John Calavan was the first to venture in and try it. We could just see his horses when his courage failed him and he came out. He says some one else can make the first try.

One of the worst places in the road on this side of Crabtree has been bridged. John Hoffman still makes his regular trips for cream.

Mrs. Scramb, who resides near Lebanon, is visiting her sister Mrs. J. W. Green.

Fair Grounds Surveyed.

Last Friday County Surveyor Hugh G. Fisher came over from Albany and, aided by a number of our citizens, surveyed the Scio Stock and Agricultural Fair grounds, the Fair grounds, just East of town. A half-mile race course was staked off which Surveyor Fisher thinks can be developed into a fine track.

The Board of Directors has about concluded, in lieu of erecting a pavilion of wood, to procure two tents, each 70x30 feet in size. It has been ascertained that the two tents will not cost as much as one wooden building of those dimensions and, it is thought, that they will serve our purpose even better than any building that we could erect at the present time. When the Fair is over for the year, the tents will be properly taken care of; whereas a building would commence to deteriorate from the start.

The outlook for a successful Fair, next fall, is now most encouraging.

BORN.

SHUMAN—On April 7, 1907, to the wife of Henry Shuman, of Thomas, a son.

GREEN—On April 8, 1907, to the wife of William Green, of near Crabtree, a son.

SHELTON—At St. Johns, Oregon, April 8, 1907, to the wife of M. H. Shelton, a 12-pound boy.

Mel is reported to have said "Lon, I wish the folks were all here to see what we have got."

The Horse Was Stolen.

Sheriff D. S. Smith called at the News office, yesterday. He stated his business in this locality was to serve a warrant on Anton Holub to appear in Prineville, as a witness in a criminal action against one Erricson, who is accused of horse stealing. Erricson brought a bunch of horses down to Scio, from the Prineville country, last summer and placed them on sale in Scio and other valley towns. Mr. Holub bought a fine black horse out of the bunch, paying \$140 for him. Mr. Holub, of course, is entirely blameless in the matter. People, hereafter will be a little cautious in buying bunch grass horses.

FOR SALE—A good single buggy and harness. Inquire of this office.

MRS. SNYDER, OF ALBANY, COMMITS SUICIDE.

Dependency the Supposed Cause of the Rash Deed.

Word was received in this city early yesterday (Thursday) morning, that Mrs. Snyder who, with her husband, lived near this city until recently, had committed suicide by hanging herself in the woodshed of the family home in Albany, the previous evening or night.

Dependency is supposed to be the cause of the rash act.

It is reported that Mrs. Snyder brooded almost continually about their late financial losses. It will be remembered that Mr. Snyder purchased a grocery store in the suburbs of Albany after the disposal of his farm. Because of inexperience, he bought the debts of the former proprietor as well as the goods. Litigation followed and Mr. Snyder is now financially broken up. The rash act of his wife adds to his cup of sorrow.

What The Cows Are Doing

An industry which has grown with remarkable rapidity during the past few years, is the creamery business. Where the farmer a few years ago made butter, often of a poor quality, and sold it for 10 to 20 cents a pound, he now puts his milk into butter fat and sells it for an average of near 30 cents a pound, without any of the attendant responsibility and labor of butter making. He doesn't even wait for the cream to rise. He puts it into a butter and grinds it into cream at once and ships it at the expense of the butter maker.

A sample of the manner in which the business has expanded is the record of receipts of the Hazelwood company, one of a good many. During 1906 it paid out over \$1,000,000 for butter fat. The Wheatland, Calif. station leads with about \$60,000 in shipments. Greenview, Calif., was next with \$53,000.26. Tolumok station sent \$51,000 in cream. Then came Shedd \$32,901.22, Leba non \$18,020.84, Sublimity \$22,078.22, Crabtree \$6,200, Junction \$5,500, etc. The Albany station was only started out this year. The business so far indicates a shipment of somewhere near 620,000 the first year.

From all over the valley besides these shipments of cream, big quantities are coming to the two Albany creameries, the Curallis creamery is getting a good deal Townsend's creamery at Portland takes in considerable and there are many others—Albany Democrat.

AN IDEAL FARM AND ITS EQUIPMENTS FOR SALE \$5500

Situate 2 1/2 miles South of Scio, Ore., on the main traveled road leading from Scio to Lebanon, Linn county. A fine two-story house finished throughout, with milk and wash rooms and woodshed adjoining. Another (dressed lumber) double-box 5-room home, together with shop and other buildings, a double bar of dressed lumber 80x30 feet, with one stable with star tines and stalls for 1 cows between. The farm contains 78 A all tillable 15 of which is fine timber and pasture. The farm is subdivided into 6, 10, 12 and 20 acre tracts, good living water besides 3 wells, plenty of fine and well-assorted fruits consisting of grapes, apples, peaches, plums and prunes, and small fruits; 16 acres of growing crop. Also, the following personal property enumerated to be included:

1 head of good work horse, 12 head of good milk cow, 2 head of good yearling heifers, 1 good P. C. & B. horse and 20 head sheep, 1 O. I. W. horse, 1 Newton wagon, 1 sewing 2 seat back almost new, 1 Over steel riding saw, 1 Oliver chisel plow No. 45, 1 1/2 inch G. C. slipper plow, 1 1/2 inch cultivator, 1 spring-tongue cultivator, 1 section harrow, 1 new "1 m. B." roller mill, 1 Sharpless separator, 1 mow er, 1 grindstone, 2 crosscut saws and other tools too numerous to mention.

It's 4 1/2 miles N. E. of Crabtree, 15 miles E. of Albany and one mile to school. The whole which at inventory price is worth \$7000; but for cash in hand I will sell for \$5500. Title, good. Come and see me. Scio Tel. Ex. No. 181.
Geo. L. SUTHERLAND, Thomas, Ore.

Are You Up-to-Date on Paint?
The way to profit by progress is to keep in step with it. There is no more reason for mixing paint in the old-fashioned hard, hand way than there is for plowing with a stick, reaping with a cradle, or driving to town for your letters when there is a rural mail box on your gate post.
Outrigger, unerring machinery does the work for you now—far better and safer than human hands could ever do it.

Low Brothers High Standard Paint Gives Best Results

If it always uniform—one gallon like another—each fresh brushful like the last—the best paint-making materials, combined in the proven "High Standard" proportions, and ground superfine. Don't figure your paint cost on price per gallon but on square feet covered, and total cost divided by number of years of service. Judged in this way, "High Standard" Paint is by far the cheapest. "High Standard" will cover one-third more square feet to the gallon, and last two to three years longer than ordinary paint. There is a Low Brothers Paint for every requirement about farm and home—larn paint, implement paint, etc., etc. Use "Little Blue Flag" Varnish—the best.
The best handbook on the paint subject is our booklet, "Paint and Painting," which tells you how to select paints, how to prepare surfaces for painting, how to choose brushes, how to use them, etc., etc. We'll gladly mail you a copy free and tell you who your nearest "High Standard" agent is. Address below.
