A Valuable Find.
Some two weeks ago, M. P. Long who owns a farm in Richardson Gap was working in one of his fields. Seeing something bright on the ground, he stooped to pick it up, thinking it was a brass gun cap box that he had dropped from his pocket. Much to his surprise and delight, it proved to be a California gold \$20 dollar piece. Mr. Long thinks the piece had been plowed up last year and the rains of the past winter had washed the dirt off of it.

The piece is in excellent condition being but little worn. It was coined by Keating & Co. of San Francisco in 1850. On one side is vignette head of the goddess of liberty. On the brow is the maker's name as above stated. Beneath is the date and surrounding the whole are 13 stars. On the obverse side is the American eagle with shield upon its breast. Above arching the eagle's head are sun rays, upon which is a small wreath of 13 stars. On the outer edge are the words "San Francisco, California 1850." The milling upon the edge is quite good. The News has made inquiry as to who the probable loser could be. Some of the very old settlers state that about the year 1850 or '9, a cattle buyer lost a piece some where in the vicinity of where the coin was found. Others say the late P. O. Smith lost \$100 in \$20 pieces there or near there. Still others say, at one time there was a race track in the gap and it was possible that some of the habits of the track might have been the loser. A number of years ago, it is said that Knoch Cyrus found two similar pieces at about the same locality. Later on a 50 cent silver piece was also found there. Certain it is that the piece has lain in the ground there probably nearly fifty years, and has been plowed up dozens of times. The News would like for some of the collectors or rare coins and who is posted in the matter to state what is the market value of the piece at the present time. Such coins are scarce and are worth much more than the representative value.

STAYTON, - OREGON.

Are now open for your inspection. The 14 years of distributing goods in Stayton, has given me the reputation of handing to the public, dependable goods, and at prices 10 to 20 per cent. lower than you have been paying. will always be maintained. The shoes are standard for wear. They are made in every desirable feature and style, right up to the minute; made in the right and left patterns so that the shoes follow the natural contour of the feet; counters are modded with great care to the natural shape of the human heel, thereby preventing the heel from slipping up and down. The heels are made in such manner as to keep them from running over. We will tell you more when you call.

F. M. Beifield has been appointed city recorder by the Albany city council—a splendid selection.
Mrs. Gertie Reynolds, of Portland, came up last Sunday for a visit with home folks. Mrs. Cyrus and Dolly Deley drove over to fetch her from Jefferson.
Riley and Art Shelton started for Grants Pass last Sunday, to look after mining interests out there. Wonder will be their post office and they wonder whether their mine will be any good.
J. N. McDonald, an old time resident of Lebanon for many years, died at the home of his son-in-law, J. G. Crawford, of Albany, last Monday. The interment occurred at Lebanon on Tuesday.
Mrs. Anna Eckhart, of Portland, came up last Saturday and is visiting at the parental home, Mr. and Mrs. J. S. Morris. This is Mrs. Anna's first visit home since she first left it as the newly created Mrs. Eckhart, sometime last year.
N. I. Morrison, of above Blyden Den, who has been packer for the Green Timber Co. since during the past winter, was down Friday. He stated that the timber when the cruising has been made, showed an average of from 50 to 60 million feet to the section.
The fourth victim to meningitis, Miss Effie Truax died at her home in Syracuse precinct last Friday morning. Her mother, Mrs. J. G. Truax, son-in-law of R. B. Miller of this city, is sick and has some symptoms of the same disease. Later—Mr. Mitchell has recovered and is now at work.
Horace Froman, of Downs Wash, visited his father-in-law, I. C. Dickey, last week. Mr. Froman lost a foot in an accident several months ago and was visiting Portland to have some alterations made in his cork foot, and while there concluded to visit his old Lin county friends and relatives for a few days.

VIOLET
Finger Cut Off.
Harry Johnson came to town Tuesday morning from the Thomas Creek Lumbering Co's mill with his left hand tied up. It developed, when Dr. Prill dressed the hand, that the index finger had been completely severed at the first joint with the exception of a small bit of skin and the second finger, cut to the bone. Too close contact with planer knives was the cause. Harry will be on the sick list for several days, in consequence.

Dr. Kerr, of Utah, Appointed.
It has been known almost from the beginning of the present college year, that President Gatch, of the Oregon Agricultural college at Corvallis owing to advanced age, would resign at the close of the present year, July 19 next. At a meeting of the regents, last week Dr. Kerr, of the Utah Agricultural college was selected as his successor.
President Gatch has been an eminent educator in the Pacific Northwest for the past forty years and retires from active work with a name covered with the honors of educational work. President elect Kerr, comes to the college with a large amount of educational work established in several states. As he is a man of middle age, it may be expected that he will give O. A. C. a vigorous and prosperous management.

To Regulate Driving on Race Track.
At a meeting of the board of directors of the Fair Association, last Monday, it was decided that only those who hold tickets should have the privilege of the track, when the grounds are open. Others desiring to use the track can do so, by first obtaining a season driving ticket from the secretary at a cost of \$5. This will entitle the holder of the ticket to the free use of the track except at such times as the association is using the same or if it should be too wet for use. All money received for driving tickets will be used exclusively for the betterment of the track.

A Critical Operation.
Several weeks ago Mrs. Eli Plummer fell and struck her forehead with such force that the skull was crushed. Not realizing the gravity of the injury, no attention was given it, except the ordinary home remedies. When this simple treatment failed to effect a cure, several days later Dr. Prill was called. He gave external treatment at first, but soon ascertained that a portion of the skull had been so crushed that the removal of the diseased bone became absolutely necessary. So on last Monday morning, aided by Drs. Hill and Trimble, of Albany, he successfully removed a piece of skull one-half inch wide by one and one-half inches long and scraped all diseased portions from the skull. Mrs. Plummer is somewhat aged, but stood the operation nicely and came from under the influence of the chloroform within 15 minutes after the operation was over.

DIED.
PLATT—In this city on Tuesday evening, May 7, 1907, of pneumonia, Isaiah Platt, in the 70th year of his age.
Mr. Platt came to Oregon over 30 years ago and has been a citizen of the vicinity of Scio since that time. He was a veteran of the civil war and at the time of his death was a pensioner.
Some time ago he suffered a stroke of paralysis. Because of this fact, he sold his farm and moved to Scio this spring. He leaves a wife and nine children living and one dead.

Has Faith in Scio's Future.
Last Monday, Mr. H. Shope closed the deal with Grandma King for her property fronting on Main street. The consideration was \$1500.00. Mr. Shope, evidently, has faith that Scio has a promising future and is not the "sinking ship" that some of the croakers would have you believe. Mr. Shope's purchase, at such a distant day will be required for business purposes and, doubtless, he will reap a good profit from his buy. Mr. Shope thus becomes a fixture in Scio. As he is an enterprising progressive man, Scio is the gainer by his becoming a permanent resident.

Foot Mangled.
Little Glen Holland was playing about one of the new fire hydrants, last Friday. By some means he turned the hydrant off the work, one end of which caught one of his feet, crushing it badly. Examination showed two bones broken. The little fellow will be unable to use his foot for some time.

Interred in Franklin Butte.
Last Saturday evening a funeral cortege arrived in this city from Brownsville. Mrs. Keeney, the deceased, was taken to the Wesley undertaking parlor for the night. On the following morning the funeral and interment occurred at 10 a. m. Mrs. Keeney was formerly Mrs. Nofsinger, an old time resident of Scio. She was a sister of C. C. Lee, of near this city. Her first husband, Nofsinger, was the first man to be buried in Franklin Butte cemetery. The funeral was said to be quite impressive and the floral decorations very nice, considering the cold spring we have had.
