"Some people," remarked the demoralizer, "never seem to be around when wanted."

"Well," rejoined the moralizer, "it is better to be absent when wanted than to be present when you are not wanted."

Few men in Europe have had a more striking career than the Rev. Dr. Bishop Cabrera of the Spanish Reformed church, who was educated to the Catholic priesthood, but embraced the Protestant faith and became a voluntary exile to Gibraltar, when he returned to lead the Evangelical party after the revolution in 1868.

HARD RAP AT UNIONS

Three Adverse Decisions by Supreme Court In a Month.

AFFECTS BOYCOTTING PRIVILEGE

Must Not Interfere With Interstate Commerce or Plaintiff Can Get Three Times Damages.

Washington, Feb. 4.—Yesterday for the third time within a month the Supreme court of the United States promulgated an opinion construing laws adversely to the contentions of organized labor. The first of the decisions was rendered on January 6, in the case of some railway employes who sought to secure damages under what is known as the employers' liability act, which law the court held to be unconstitutional. The second important finding in this line was announced January 23, when the Erdman arbitration act, forbidding the discharge of employes because they are members of labor unions was also declared invalid. The verdict rendered yesterday was the case of Loewe versus Lawlor, the latter a member of the Hatters' union and the former a hatmaker of Danbury, Conn. The case involved the applicability of the seventh section of the Sherman anti-trust law to conspiracies by labor unions to boycott articles entering into interstate trade. Under the terms of that provision the complaining party may collect three times the amount of his loss, if the charge is sustained.

The union fought the case on the ground that the law was inapplicable to such organizations; but the court, whose opinion was announced by Chief Justice Fuller, failed to accept this view, and in effect held that the unions could not be permitted to interfere by boycott with the free exchange of commerce between the states. There was no dissenting opinion.

DRAWING TO CLOSE.

Evidence in Hall Land Fraud Case Is Nearly All Submitted.

Portland, Feb. 4.—Harry E. Northup last night positively identified government's exhibit No. 7—Putnam's map to Hall showing the alleged unlawful fences of the Butte Creek company in 1900. With this identification Heney considers that the government's case against John H. Hall has been strengthened materially. At last night's session of court Northup testified that from 1899 until 1904 he was employed as clerk in The Dalles land office, and identified the township map offered in evidence by the government as the one he prepared personally for Mr. Putnam in November, 1899.

Final arguments in the trial of John H. Hall will probably begin this afternoon. This morning Francis J. Heney will complete the introduction of rebutial testimony for the government. Hall may be recalled further to testify in his own defense, but it is believed all evidence will be submitted in time for the closing argument to begin before court adjourns this afternoon.

SOLEMN WARNING TO CZAR.

Russian Paper Hints He May Share Carlos' Fate.

St. Petersburg, Feb. 4.—The tragic occurrences at Lisbon have created a deep impression on all sections of society here, and the newspapers that appeared today comment freely on the events that occurred.

The Russ, in a daring style, draws a thinly veiled parallel between conditions in Portugal and Russia and warns the government in almost so many words that there is danger of a similar event here.

The Novoe Vremya, although attributing the direct execution of the plot to anarchists, to whom all government is obnoxious, also connects the crime and the dictatorship of Franco, which met with both open and secret resistance from all political parties.

New Attack on Finland.

St. Petersburg, Feb. 4.—The emperor today read a sharp rebuke to the Finnish diet, which last session passed an appropriation of 20,000,000 marks as the grand duchy's contribution to the military defense of the empire in lieu of recruits, with a rider declaring that this was the final payment under the agreement of 1905 abolishing military service in Finland. The emperor announces that the disposition of the military funds of Finland are exclusively his prerogative and ignores the conditions.

Sealers Must Be Careful.

Victoria, B. C., Feb. 4.—Advices were received by the Empress of India that in consideration of the raiding of foreign territory last year by Japanese sealers, official notification has been issued to the sealers about to leave Japan to be careful not to trespass in foreign water. Notification is given by the Japanese Communications department that it has been decided to install wireless telegraphy on the six steamers of the Nippon Yusen Kaisha

Reassurances From Lisbon.

Paris, Feb. 4.—A special dispatch to the Matin from Lisbon, dated February 3, 11:40 p. m., says: The town is very quiet. The new cabinet will repeal all the repressive measures of Franco and act with great indulgence toward the people.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the ***BLOOD CANNOT BE CUT AWAY.*** The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

I was afflicted with a sore on my face of four years' standing. It was a small pimple at first but it gradually grew larger and worse in every way until I became alarmed about it and consulted several physicians. They all treated me but the sore continued to grow worse. I saw S. S. S. advertised and commenced its use and after taking it a while I was completely cured. My blood is now pure and healthy from the effect of S. S. S., and there has not been any sign of the sore since S. S. S. cured it.
