## A Wise Procedure.

Albany has arranged for a public discussion of the U. of O. appropriation bill which occurred at Cleverly hall on Wednesday evening. It is the purpose to hold these public discussions weekly until all of the Initiative and Referendum measures, 19 in all, have been thoroughly understood. If the people assume the roll of legislators or law makers, they should meet frequently and discuss these questions of public import, so that they may vote intelligently on the questions submitted. Scio would do well to adopt a similar plan.
