The race track at the fair grounds has
 been put in splendid condition. Com-
 petent judges think it will prove to be a
 very fast track.

Albany has employed a latest, most
 up-to-date booster, to take charge of the
 Commercial Club's publicity matters, of
 that city.

Miss Rose Kraolik, of Green Bay,
 Wis., arrived in Scio on Monday evening,
 on a visit to her sister Mrs. Grotick,
 of near Crabtree.

John L. Davenport, of up Crabtree,
 in the Gaines neighborhood, paid this
 office a visit Monday. He reports the
 crop condition good in his locality.

The water mains for Scio's new water
 system were delivered ready to be laid
 last week. On Monday morning work-
 men commence placing the large pipes
 in place.

Roy Crawford, of near Tallman, and
 nephew to the News family, came over
 Monday evening on his wheel. He re-
 ports the roads in fair condition with an
 occasional mud hole.

Archbishop Christie, of Portland, will
 hold Catholic services at the Wesley-
 Cain hall on Tuesday May 10, commencing
 at 10 a. m. The public is cordially
 invited to attend.

It is not believed that the late frosts
 have injured the fruit crop to any ma-
 terial extent. While portions of the
 fruit buds are ruined, still there are
 plenty of buds on the trees to insure a
 good crop.

One feature of the present county
 court is true; Never was so much
 attention given to the roads and bridges
 by any of its predecessors. Certainly
 no fault can be found with Judge Ste-
 wart and Commissioners in this regard.

In another column we publish a long
 letter from our old townsman M. M.
 Peery, now Springfield's leading druggist,
 sustaining the U. of O. appropriation
 bill. The News man will reply to
 some of the argument set forth, next
 week.

Numerous postal cards were received
 from the Wesley brothers at Denver,
 Colorado, where they were compelled to
 lay over for ten hours. Doubtless by
 this time they are in Mexico, ready to
 attend a bull fight, or any thing that
 comes along.

We overlooked mentioning a visit of
 Mr. and Mrs. Wilson, of Hood River, to
 Mrs. Wilson's parents, Mr. and Mrs.
 J. A. Bilyeu, of this city, last week. Mrs.
 Wilson was formerly Miss Eva Bilyeu,
 her marriage occurring something more
 than two weeks ago.

Saturday the following delegates were
 elected to attend the Democratic con-
 vention, called to meet in Albany on
 April 29: North Scio—T. J. Munkers,
 R. B. Miller, E. C. Peery and Jas. A.
 Bilyeu; South Scio—T. L. Dugger, R.
 M. Cain, Lee Bilyeu and Fred Bilyeu.

President Roosevelt asked congress
 to provide for the construction of four
 turbine ships per year. His request was
 granted just half way. Congress has
 authorized the construction of two of
 the fighting machines with the promise
 that a like number will be provided for
 each year.

The directors of the fair association
 desire that forty more membership cer-
 tificates be subscribed for. It requires
 the sale of this number of shares in
 order to finance this year's fair, without
 encroaching upon the gate receipts.
 Every farmer in this vicinity should be
 sufficiently interested in the enterprise
 to subscribe for one share.

Evidence will yet be developed, prob-
 ably, which will show that State Treas-
 urer Steel will be found equally as guilty
 as President Ross, of the defunct Title
 & Guarantee bank. It was developed
 in the Ross trial, at Salem, that Steel
 knew very much more than he was will-
 ing to tell. It looks as though Steel
 should change the spelling of his name to
 Steal.

Notice to the Public.

About June 1, the Scio Milling Co.,
 will close down for repairs to mill and
 flume, for a period of two weeks or
 more. All who desire chopping done
 will please take due notice and be
 governed accordingly.

M. M. Peery Wants That U. of O. \$125,000 Annual Appropriation.

Springfield Ore., April 26, 1908
 Editor News: I have read your
 editorial in the last issue of the News as
 well as others along the same line and
 regret very much the position you have
 taken in regard to the University, approp-
 riation.

At the present time no other state in
 the Union is giving so little for the sup-
 port of its state university as Oregon
 and should the present proposed approp-
 riation meet the approval of the voters
 in June, as I hope it will, we will still
 be at the bottom of the list.

If we gave the U. of O. as much in
 proportion to our population as the
 state of Washington, the appropriation
 would be \$400,000 instead of a measly
 \$125,000. If we did as well propor-
 tionally as California, our appropriation
 would be \$100,000 more than is propo-
 sed. If we did as much for our Uni-
 versity in proportion to our population
 as Idaho, our appropriation would be
 more than \$330,000. This comparison
 could be carried on much farther but I
 have only chose those states adjoining
 I do not think the facts bear out your
 assertion that "providing less than 3
 percent of our boys and girls with a uni-
 versity education limits 97 per cent to a
 meager common school education". So
 far as the state is concerned the U. of O.
 is just as accessible to the 97 per cent
 as it is to the 3 per cent. Any young
 man or woman with the desire for a
 university education and the grit and
 backbone to hustle can have it. Sixty
 per cent of the young men and women
 attending the University are working
 their own way through school and every
 vacation period finds a great many of
 the young men working in the saw
 mills and logging camps and at other
 work earning money to continue their
 studies.

Our sewer system here was put in
 last summer by two young men from
 the Engineering Dept. of the U. of O.,
 who are using the profits of the job to
 finish school. I doubt if there is a
 better piece of work in the state than
 these young men did and which was
 made possible by their University train-
 ing. Not long since a young man in
 Eastern Oregon wrote Pres. Campbell
 that he had saved \$60 and wanting to
 know if he could manage to get through
 the year on that much. President
 Campbell answered him saying "Come
 on, you are a millionaire to some that
 are here."

The idea that seems current in some
 places that it is only a school for child-
 ren of wealth is absolutely unfounded.
 Let us have whatever is needed to
 make our public schools better. I am
 sure we do not have to rob Peter to pay
 Paul or rob Paul to pay Peter in order
 to do so. We are certainly able to take
 care of both institutions and have them
 the equal of any.

I do not say our public schools are
 ideal but they do compare favorably
 with those of other states both in the
 amount appropriated and the work
 done, while our University compares
 most favorably with other state uni-
 versities so far as attendance and
 financial support is concerned. The
 present equipment is inadequate and
 we should have pride enough to make
 our educational facilities the equal of
 any.

No institution is taking from any
 other so long as it gets no more than it
 is entitled to.

Instead of this being a "fat" approp-
 riation when we consider what our
 sister states are doing, we must acknowl-
 edge that it is a very lean one.

A lady here rec'd a letter a short time
 ago from a sister living in the East in
 which she enclosed a clipping from one
 of the eastern papers commenting on
 the niggardly support given the U. of O.
 to which she added this postscript,
 "Come back to civilization, don't live in
 barbarism."

I would like to see Oregon, my native
 state, lead the list in every thing that
 stands for progressiveness and enlighten-
 ment and should this very small approp-
 riation asked for be voted down in
 June, I feel that it would be a calamity
 we cannot afford, and should we do
 so we should not object to the ridicule
 we have invited.

Remember Solomon said "There is
 that which scattereth and yet increaseth
 and there is that which with holdeth
 more than is meet but it tendeth to
 poverty."

I believe in being economical, but I
 have the first instance to observe in
 which the cheap man, town, institution
 or state was prosperous.

All over the state a great deal of time
 money and effort is being spent in ad-
 vertising the state and its resources and
 trying to get people from other states to
 locate with us and assist in its develop-
 ment and while we are boasting along
 the many lines let us not forget a very
 important one and vote in June to help
 make our University a credit to the
 state.

The knockers will vote No.
 With all due respect to those of differ-
 ing opinions and with kindest regards
 to old friends and neighbors I am
 sincerely yours
 M. M. PEERY.

A Taste of Farmer Justice.

Banker Ross and his associate bank
 wreckers made a strenuous fight to ob-
 tain a change of venue from Multnomah
 to Marion county. Well they won
 their contention and Bank Wrecker
 Ross has had a taste of justice at the
 hands of a jury composed principally of
 Marion county farmers, before Judge
 George H. Burnett. Failure to bul-
 dose Judge Burnett in cramming a new
 construction of law in to his cranium,
 the case went to trial. It took these
 farmers just one hour and fifteen
 minutes to find the verdict "Guilty." Of
 course Ross was grievously surprised.
 He evidently thought his lawyers could
 make the Marion county hayseeds be-
 lieve the moon was made of green
 cheese. Well, they didn't. The dis-
 honest banker, when he gets before a
 farmer jury, is apt to get the limit.
 Mr. Burkhardt, a bank looter yet un-
 tried has also concluded, after witness-
 ing the discomfiture of Ross, to plead
 guilty and get off with a lighter sentence.
