Transcendental Gowns.
"Trousseau gowns are lovelier than ever," says the fashion editor of the Woman's Home Companion, "but as they have increased in beauty, they have lessened in number. Very few brides of to-day, no matter how fashionable they may be, order a trousseau consisting of a great number of costumes. The reason for this is that fashions change so that it is necessary every little while to have a new-style gown if one is to keep pace with the capricious modes.

"The bridal princess gown is a style which will be in fashion for a long time to come. One can wear it as long as the material lasts by merely changing the sleeves to meet the requirements of the prevailing fashion."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Work for Live Improvement Society.
In small centers of population where none but the most general laws govern it is necessary to form an improvement society to look after the health and well being of the people as a whole, says the Los Angeles Times. The laws of hygiene must be observed. Both sewers and surface drainage should be provided by the people as a whole, and where no city government exists this is a splendid work for a live society for civic betterment.

The reader of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hays' Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hays' Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietor has offered one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

When our stiff and stubborn Congress isn't talking, isn't talking, isn't talking.
Or a spanking up and getting on its ear, on its ear.

How it loves to hear itself serenely talking, serenely talking.

And exuding gobs of heated atmosphere, atmosphere!

More Trouble.
"My husband had an awful time collecting that debt," Mrs. Lapsing was saying. "I don't pretend to understand law terms, but I heard him say that before he could get the money he had to Barney Shee the man's wages."

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood from any cause becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues of which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system; the members whose duty it is to carry off the waste and refuse matter of the body fail to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause, and at best can be only palliative and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the circulation, and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.
