Triumph of Mind.

Victim of Delusion—Doctor, I'm awfully afraid I'm going to have brain fever.

Doctor—Pooh, pooh, my dear friend! That is all an illusion of the senses. There is no such thing as fever. You have a fever, you have no brain fever—no material substance upon which such a wholly imaginary and superstitious thing as a fever could find any base of operation.

Victim—O, doctor, what a load you have taken from me—from my—I have a mind, haven't I, doctor?

S.S.S. FOR BAD BLOOD

The most important part of the human system is the blood. Every muscle, nerve, tissue, bone and sinew is dependent on this vital fluid for nourishment and strength necessary to maintain them in health and enable each to perform the different duties nature requires. Even the heart, the very "engine" of life, receives its vigor and motive power from the blood. Since so much is dependent on this vital fluid it can very readily be seen how necessary it is to have it pure and uncontaminated if we would enjoy the blessing of good health. Bad blood is responsible for most of the ailments of mankind; when from any cause it becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores or ulcers, which break out on the flesh, often from a very insignificant bruise or even scratch or abrasion. If the blood was pure and healthy the place would heal at once, but being loaded with impurities, which are discharged into the wound, irritation and inflammation are set up and the sore continues. Bad blood is also responsible for Anemia, Boils, Malaria, etc.; the weak, polluted circulation cannot furnish the nourishment and strength required to sustain the body, and a general run-down condition of health results. S. S. S. is nature's blood purifier and tonic; made entirely of healing, cleansing roots and herbs. It goes down into the circulation and removes every particle of impurity, humor or poison that may be there, restores lost vitality, and steadily tones up the entire system. It adds to the blood the healthful properties it is in need of, and in every way assists in the cure of disease. S. S. S. neutralizes any excess of acid in the blood, making it fresh and pure, and permanently cures Eczema, Acne, Tetter, and all other skin diseases and eruptions. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, and all other diseases or disorders arising from bad blood. Book on the blood and any medical advice desired free to all who write.

Lasting.

"Your suggestion," said a deposit to the bank receiver, "offers very comfort. It is a bachelor's comfort—that is to say, no comfort at all."

"What," said a bachelor to a benedict, "only married a year and already so blue?"

"Ah, but," groaned the benedict, "never imagined that a wife would prove so expensive."

"The bachelor patted the blue married man on the back in a consolatory way."

"Yes," he said, "a wife is an expensive article, that is true. But then you must remember that she lasts a very long time."

Good for the Negroes.

"John," said Mrs. Stubb, proudly, when her husband returned that evening, "there is a parrot I bought from a Brazilian sailor. Isn't it a good parrot?"

"No," snapped Mr. Stubb, in anticipation of interrupted slumbers, "that is not a good parrot."

"Not a good parrot? Why, John, what do you call a good parrot?"

"Why, a dead parrot, Maria."

Echoes of the Past.

William the Conqueror had just won the battle of Hastings.

"Well," he said, "I guess we may as well put up the sign, 'This Country Has Changed Hands.'"

Which, when you consider the fact that the country was under his heel, shows that William was lamentably careless and inexact in his rhetoric.—Chicago Tribune.

Followed Instructions.

"Do you know," said Cholly, "I never had played a game of golf in my life, and when I asked the old Scotchman what was the first thing for me to do he looked at me just like this and said, 'Hoot, man!'"

"Then what did you do?"

"I hooted, of course."—Chicago Tribune.

Promising Outlook.

"It's a curious fact," observed the doctor, "that the Japanese are trying to increase their stature. They find that their bodies are long enough, and they are making a systematic effort now to increase the length of their legs."

"Yes," said the professor; "I see that the Mikado is pulling their legs for a bigger navy."—Chicago Tribune.

Temporary.

"You don't want me to come to see you any more?" exclaimed the young man, startled and indignant.

"No, Mr. Featherfoot; not any more."

"Yet you let me kiss you a month ago, when you had known me only a few days?"

"You foolish fellow," said the pretty girl. "That kiss was only a—a retainer."—Chicago Tribune.

Alaska Mine Sells Well.

Juneau, Alaska, June 9.—F. L. Underwood, who promoted the overhead trolley system at Chicago, has closed a deal in New York for the Ebner mine at \$1,500,000. The deal was handled by George Bent, a noted mining engineer. The new company announced that 200 stamps will be immediately installed to be followed by 200 more early next spring. The property was owned by B. M. Behrens, William Ebner, C. W. Young and eastern associates, and has been a steady producer for seventeen years. It is situated one mile from Juneau.

Death List Increased.

Omaha, June 9.—Reports from the scene of Friday night's storm in Southern Nebraska indicate that the conditions are even worse than at first reported. The death list will doubtless reach 25 or 26, while 50 persons have received serious injuries, some of them being dangerously hurt. The monetary loss may reach \$500,000. Eight Nebraska towns suffered from the effects of the tornado, Geneva, Fairfield and Carleton being the worst wrecked.

Ship Gold to Germany.

New York, June 9.—Goldman, Sachs & Co. yesterday announced an engagement of \$1,000,000 gold for export to Germany, and Heidelberg, Leckheimer & Co. took \$600,000, also for Germany. This makes a total of \$40,750,000 on the present movement.

TWENTY-ONE

Tornado Sweeps Path Along Kansas-Nebraska Line.

Omaha, Neb., June 8.—The tornado which passed over Southern Nebraska and portions of Northern Kansas Friday evening was the most destructive in the most territory of any similar storm which has visited the state in many years. At least twenty-one persons are known to be dead, five fatally injured and a score of others more or less seriously hurt, some of them dangerously.

Additional reports received state that several persons were killed at the towns of Byron, Neb., and Courtland, Kan., which towns have been cut off from communication with the outside world.

At Fairfield more than forty buildings were more or less wrecked and some of them, including three churches, were demolished. The loss will exceed \$100,000.

In the vicinity of Hickley farm houses stood the brunt of the storm and one more fatalities are reported, with a number of serious injuries, some of which will prove fatal.

Serious damage is reported from Byron, ten miles west of Chester, attended by considerable fatalities, but no details can be learned. All the bridges are out and communication by telegraph and telephone is entirely cut off.

A telephone message from Hardy, Neb., says the town of Courtland, Kan., just across the Nebraska line, was struck by the storm and that several casualties occurred, but lack of communication makes confirmation impossible today. Trains in all directions are abandoned because of wash-outs and destroyed roadbeds. At Geneva the storm wrought great destruction.

The storm has covered such a wide area and been so destructive wherever it touched the earth that it has almost caused a panic among the inhabitants. Hundreds of farmers drove into town seeking shelter, many of them being homeless.

Art and Specializing.

Why should an artist who has painted portraits for years be denied talent as a landscape painter? There is no reason for it. We have grown to mistake speciality for personality, and the artist who has made his name as a painter of cats will have to paint cats all his life.—Kunst, Munich.

Things to Avoid.

Eastern Tourist—This climate is very healthy, isn't it?

Western—Oh, yes.

Eastern Tourist—What are the things to avoid out here if one wishes to keep in perfect health?

Western—Bullets, knives and traps.

Comprising Notes.

Mrs. Skimpen—My boarders always pay promptly.

Mrs. Fillem—Mine do for a few weeks after they come, but it doesn't last long.

Mrs. Skimpen—Why not?

Mrs. Fillem—They get so fat they can't get their hands in their pockets.

His True Vocation.

"You are wasting your time painting pictures."

"But I sell my pictures," protested the artist.

"And that convinces me that you can sell anything. Such being the case, why not take up life insurance, or steel bridges, or something with big money in it?"—Home Herald.

END 33 DAYS' RAIN STORM.

Rivers Begin to Fall, but Communication is Stopped.

Missoula, Mont., June 8.—Saturday night at 6 o'clock the sun broke through the clouds after 33 days of rain and the rainfall, which had been lessening since morning, ceased. The rivers show a lower mark than they did 24 hours ago and there is hope that the worst is over. But there has been great damage and it may be days or weeks before railroad traffic is resumed to the eastward.

All day Saturday Missoula was cut off from the outside world. Not until night had the wires been reconnected and it consisted of a single line to the west and none to the east.

Saturday night and Sunday morning the high water reached its maximum, registering the highest mark ever known in this country. All of the city and country bridges are out and Missoula is divided into three districts, each of which is without communication with the outside. Three large residences in the city went down the river. Their occupants had been warned and were out before the flood struck. The big log-jam of the Blaine-foot Company has been held in place and the great power dam owned by W. A. Clark is intact.

The damage to farms in the bottom lands will be great. The loss to the city and country will run far into the thousands and cannot be estimated until the water goes down. The outlook today is encouraging and it is believed the crisis has been passed.

MISSOURI ON RAMPAGE.

Continued Rains in Montana Cost Lives and Much Property.

Great Falls, Mont., June 8.—Never before in the history of Montana has there been such a flood as has been sweeping down the valley of the Missouri River and its tributaries. Five lives have already been lost in the waters in this vicinity, and the damage to farms, railroads and industrial and commercial institutions will run into the millions. The river is at the highest point ever known since the first settlement of Montana and it is still rising.

Some of the smaller outside towns are in even worse condition than is Great Falls. At last reports Cheyenne was completely surrounded by water and all bridges were gone. A large part of Belt was partially under water and the people had taken to the high ground.

Canadian Bridges Go Out.

McLeod, Alberta, June 8.—The Canadian Pacific bridge at West McLeod was swept away Friday night. St. Mary's bridge, between here and Lethbridge, is a total wreck and the Canadian Pacific pumping station has been swept into the river. The bridge at Brocket on the Crow's Nest line is expected to go at any time, and mail and freight and passenger traffic is at a standstill. Rain continues to fall in torrents. Farms for many miles around are inundated and houses have floated away, and the loss will be enormous.

Machine Shops Burn.

Victoria, B. C., June 8.—The three machine shops of the Victoria Machinery Depot Company, Limited, were wrecked by fire Saturday evening, which broke out at 8 o'clock, doing \$150,000 damage and throwing 150 men out of work. The insurance amounted to \$30,000. The fire was caused, it is thought, by the fire from the moulding room. Usually it is the custom to send out men to watch the sparks from this source, but on Saturday night the precaution was omitted.

Twister Strikes Oklahoma.

Durant, Okla., June 8.—A tornado which swept over a territory 12 miles west of Durant Saturday night destroyed a dozen farm houses and with a heavy storm of hail, which accompanied it, did damage estimated at \$150,000. A number of persons are reported injured, none fatally.
