A HALF DAY OF SPORT.

The half day Carnival of Sports was pulled off at the Fair Grounds as per published program. The Carnival had been billed to occur just one week previous, in conjunction with the Rose show, but as Jupiter Pluvius was having an inning at that date, a wet track forced postponement.

Promptly at 1 o'clock, last Saturday, quite a goodly crowd assembled at the Fair Grounds and the program of sports commenced with:

Boys' foot race, once around race track, 1/2 mile, Archie Long coming around first, Bud Arnold second and Miller third.

100 yd. foot race, starters, Ed. Wesley, Walt Stam, Bennett, Rogers, Gooch and McDonald. Result, Wesley and Gooch tied for first place with McDonald third. Later on the tie was run off with Wesley the winner.

Bicycle race was won by Gooch, Carl Cyrus second.

Baseball match between Scio High School and Sheiturn nines. Quite an exciting game was played resulting in a score of Scio 8 and Sheiturn 14.

Trotting race, driving hors 1/2 mile, heats. Starters, horses driven by Dean Morris, Longie and Ro-Phillips. Morris took first and second heats and the race.

Pony race. Starters, ponies owned by Tindall, Ardee Powell, Joe Young and Mick McKillop. Distance, half-mile. Powell passed under the wire first, McKillop second, Tindall third and Young fourth.

Quarter-mile dash, free for all. Entries, Bennett, Neal, Serfling and Fred Jones. After some little jockeying the horses were sent off by starter Lee Bilyeu with the Neal horse two length behind. The whip was not spared and the horses passed under the wire in the following order, Jones, Neal, Serfling and Bennett.

Match race, half-mile between Ardee Powell's and John Leffer's horses, owners riders, Powell winning by a length.

Match race between E. Wesley and E. Bennett was won by Wesley.

The half day of sports was well enjoyed by all present. The proceeds, \$61 goes into the treasury of the Fair Association.

The News man heard a number of those present express the wish that the Carnival of Sports should be repeated every three weeks during the summer and that the same would be well patronized.

REFUNDING RAILROAD TAX.

A special dispatch to the Oregonian from Albany states:

Railroad companies, which always voice long protests against paying special taxes for school districts, will suffer a distinct shock when they learn that a Linn County school district is actually going to refund some taxes, the bulk of which were paid by railroad corporations.

School District No. 68, which is located near Scio, is planning to refund \$276 of tax moneys collected on the 1903 roll. The meeting to make the levy was held too early, before the new roll was completed, and the 1905 valuation of district property was made the basis of the valuation. That year Assessor McKnight adopted the full valuation plan of assessment and the district raised twice as much money as was needed.

The improvements that were contemplated for the district have now been made and there is a surplus of \$276 to refund. The bulk of this amount will go to the Southern Pacific and Corvallis & Eastern Railroad Companies and, in view of the fact that the railroads will be the chief beneficiaries in the refund, the procedure adopted by District 68 is unprecedented.

A Time of Danger.

Scio with the exception of a tank full of water, is absolutely without fire protection at the present time. This would be of little avail, except at a fire in an incipient condition. Because of this fact, our citizens should exercise extraordinary care to prevent any buildings from catching fire. Just at this time of the year more accidental fires occur than at any other time owing to burning of various kinds of fire works. Boys and young men, who celebrate the 4th with fire crackers, bombs and rockets are cautioned to use great care and see that any smouldering fire from rockets, bombs or crackers is entirely stamped out. "A stitch in time saves nine" can well be adhered to, in this regard, just at the present time.

Splendid Racing.

The racing program which occurred in Albany yesterday and to-day was probably first-class in every respect. Seeing that Albany has one of the fastest, if not the fastest, track in the state and some of the fast horses of the coast have been listed as entries, some genuine good sport is assured.

Delish, one of the fastest horses on the coast is to pace an exhibition mile against his own record of 2.08. As Scio expects a liberal patronage from Albany on September 2, 3 and 4, we should give the racing and celebration a good crowd from Scio.

Were Cold Footed.

Last Sunday a match game of baseball had been arranged between the Brownsville and Scio teams. The game had been advertised and the Scio boys had gone to the expense of getting their team together with the addition of two hired players to take the place of Scio players who were unavoidably absent.

About 10 a. m. Sunday a message came over the telephone wires stating that the Brownsville team would not be here. Of course this was quite a disappointment to the Scio base ball boys and fans. We expected to have a good game. We had made preparations for it at an expense of some \$25 to \$30. Brownsville gave no reason for not coming; just stated they would not be here. Evidently some of the players they had hired from other points had failed them and rather than be defeated chose the less honorable plan of flunking.

Brownsville may have a better base ball team than Scio has—a fact yet to be demonstrated. But Scio has never made an engagement to play ball at other towns without fulfilling it.

We are told that this is a sort of a habit with Brownsville—that of failing to fulfill engagements in ball game; unless every thing was favorable to their winning the game. Be that as it may they failed to come to Scio and doubtless saved the humiliation of defeat by doing so.

Our Scio boys are all right whether winners or losers and Brownsville would have met with a cordial reception whichever way the game might have gone.

In order not to disappoint the audience, a free exhibition of the game was given by the Scio team dividing and making up the deficiency from non members of the team. A very good game was given in which there was an unusual amount of sport.

Scio will not be apt to make another game with Brownsville. One throw-down is enough.

WILL LEAVE US.

Dr. L. L. Truax, who has been sutling for Dr. R. C. Brown during his absence on his Eastern trip, bade Scio adieu Tuesday evening. He and his estimable wife expect to spend a few days over at Newport, by the sea, then visit for a few days with Lebanon friends and then they expect to go to Klamath Falls with the expectation of locating there.

During the short stay of Dr. Truax in this city he has so established himself in the good opinion of our people that they are loth to see him go elsewhere. His ability as a physician is unquestioned and his success as a practitioner during the few weeks he has been with us is all that he or his patrons could desire. The good will and best wishes of the people of Scio, Oregon, will follow you wherever you go.

Stock Visits.

McDonald—On June 27, 1908, to the wife of William F. McDonald was born a son.

McKnight—In Scio June 30, 1908, to the wife of Donald M. McKnight, a son.

This is by No. 2 for our next door neighbor. The News extends congratulations. We understand Friend Don expects to be able to stock a lively stable, in the course of a few years, and furnish the hands to run it, all by his lonesome.
