FATAL ACCIDENT.

Dr. J. H. Irvine, a Resident of the Vicinity of Scio, for many years, the Victim.

Dr. J. H. Irvine was killed at Tallman this morning. Last evening after a squirrel hunt a gun was thrown on some sacks, and then some sacks upon it, covering it. This morning Mr. Irvine and son Baxter were in the barn when the latter in reaching for some sacks discharged the gun and the contents went into Dr. Irvine's back, killing him. He leaves a wife and five children. Mrs. A. M. Williams, of McMinnville, is the widow, Josephine and another child at home. The funeral service will be held at the Presbyterian church in this city tomorrow at 1:30 o'clock, under the auspices of the Masons.—Tuesday's Democrat.

COUNTY HIGH SCHOOL.

The SANTIAM NEWS is just in receipt of the September number of the University of Oregon Bulletin, which treats of "Country High School Organization and Training of Teachers," and is one of the most valuable bulletins recently issued by the University for those interested in the betterment of our rural schools. It contains an exhaustive account of the methods adopted by other states for the training of teachers, and discusses fully the so-called Lane County plan for the establishment of county high schools. To quote from it: "This plan will allow country districts to organize high schools, as the tuition is to be paid by the whole county. The county high school can have as good a teacher as the city high school. In as much as this plan allows an enterprising district to start a high school it does away with the necessity of a vote. The trouble with the Union High School Law is that it requires a majority vote of all the districts before the high school is started." Under its working, some four or five high schools are being established in Lane County in places where it was impossible to maintain them before. A small county tax is levied and each high school student, regardless of location, draws his share of the tax; the more high school students, the more money the district draws from the county. Under this law, county high schools can be established in every group of districts in the state that is not over twelve miles in extent, and that has fifteen or twenty pupils that can attend high school. The legal form necessary to secure a vote is given, and the Bulletin can be secured free by writing to the Registrar of the University.

Will Enforce School Law.

Parents are liable to arrest and punishment by fine and imprisonment if they do not send their children to school throughout the school year. The law was changed by the last legislature and many do not know that it is much more drastic than it was formerly.

County Trust officer, C. H. Walker, says that parents, guardians and others having control of children are charged with the duty of sending every child between the ages of 6 and 14 and all between 14 and 16 who are not regularly engaged in any useful employment, to school. Children who are physically unfit must exhibit to the trust officer a certificate of a competent physician. The penalty imposed on parents for neglecting to send their children to school is a fine of \$5 to \$25, 2 to 10 days in the county jail, or both fine and jail sentence.

Teachers, principals and school officers are charged by the new law under penalty of a fine, with reporting to the trust officer all information they have regarding any violation of the school law, and cases of children who do not attend school. Teachers who fail to obey the law in this respect may be fined from \$5 to \$25 for each offense.

A Dog Contest

Thursday and Friday of this week Harrisburg is to be honored with the 8th annual dog trial and hunt dog show made in Oregon, quite an event among fanciers of good dogs, and is said there will be a crowd of dog owners on hand with their animals, among them several from Portland, San Francisco, Sacramento, Seattle, Tacoma and Vancouver. B. C. twenty entries being recorded, thirteen setters and seven pointers. Some of the dogs are somewhat famous in the dog world, valuable animals.

It is said the event has been advertised through the East even in sporting papers and that there will be a large attendance of sporting men at Harrisburg from a wide distance.—Albany Democrat.

Senator Forsaker, of Ohio, has been found to be so badly tainted with Standard Oil, that he has been discarded from the Taft campaign. Now if Senator DuPont and several others of like ilk, could be dropped the g. o. p. could appeal to the voter with, at least, cleaner hands.

Every voter should have a copy of the Democratic campaign text book. It presents an array of facts that will cause even a radical Republican to think. The cost is trifling, only 25 cents. Every voter should read campaign matter on both sides of the question, if he wishes to ascertain the facts.

Standard Oil is getting considerable free advertising these days. Senator Forsaker's knowledge of connection there with and drops out of the Republican campaign. Governor Haskell, of Oklahoma, treasurer of the Democratic national committee, is accused of a too intimate relation with the S. O. company, but denies it and defies proof.

Some half dozen boys ranging in age from 15 to 18 years, in a frolic we presume, indulged in the sport of knocking on the door at the home of a widow, a few evenings ago. Boys, don't do so again! It is wrong to frighten a woman in that manner. Besides, you are sure to get yourselves in trouble. The names of the guilty ones are known and they will be published if the like occurs again.

The committee of Multnomah, Clatsop, Lane, Yamhill, Polk and Columbia, which had county exhibits at the state fair, have filed a protest with the secretary of the State Fair board, stating that the award of first premium to Benton county was made through influence of Superintendent Savage, of the pavilion. Superintendent Savage denies the allegation. If the accusation is well grounded, Linn county saved several hundred dollars, by failing to make an exhibit.

The Albany Herald is simply becoming a public nuisance, if a newspaper can become such. It attacks first our, and then another of Albany's citizens in a most vicious manner. If the Herald's statements about Albany citizens is as far from truth as was its statements about our fair, recently, the aforesaid citizens have nothing to fear. Indeed, the Herald's editor is determined to become a member of the Amnias club in short order. Tick to the truth Brother Herald! You will find it will pay, in the end.

Wells Fargo Express company object to paying a tax in Linn County for the privilege of doing business within its borders. This is the same fight that telephone companies made and which will have to be determined by the courts. In the end it will be "Pay your tax or license or else quit doing business" and, of course, the express and telephone companies will pay. The privilege of bleeding the people of not only Linn County, but every other county in the state and coast, is too valuable to sacrifice to save paying a few hundred dollars in taxes. Gentlemen, just add a few cents to your tariff rates and pay up, for that is what it will come to, in the end. That is the way the express and telegraph companies did when they were required to pay a revenue tax. In the end, we the people foot the bills.

Big Sale of Mining Property.

One of the biggest mining deals consummated in Linn County for some time, occurred this week when Don A. Smith and T. J. McLeary of Gates sold what is known as the Portland group of Mining claims to E. G. Borden, a San Francisco capitalist, for \$50,000. The claims included in the Portland group are the Astoria, Grey Eagle and Alice, are situated at the head of Dry Gulch on the Northwest side of Quartz mountain and 3 1/4 of a mile Northeast of the Albany Mill in Dry Gulch. The purchaser agrees to do \$5,000 worth of work on the properties each year for two years which time is given to complete the payment of the mine. No ore is to be removed other than for sampling purposes until the mines are accepted by the purchaser. Mr. Borden is in the city to-day and says that the future of the mines East of here is very bright.—Albany Herald.

He was county clerk from 1884 to 1886, but failed to be re-elected at the end of his term. Mr. Andrews was a good citizen and has been a resident of Lebanon and vicinity for the past forty years.
