

PE-RU-NA AS A LAST RESORT

MR. WM. F. VAHLBERG.

Mr. William F. Vahlberg, Oklahoma City, Okla., writes: "One bottle of Peruna which I have taken did more toward relieving me of an aggravated case of catarrh of the stomach, than years of treatment with the best physicians."

"I had given up hopes of relief, and only tried Peruna as a last resort."

"I shall continue using it, as I feel satisfied it will effect an entire and permanent cure."

"I most cheerfully recommend Peruna to all who may read this."

Peruna is usually taken as a last resort. Doctors have been tried and failed. Other remedies have been used. Sanitariums have been visited. Travel has been resorted to.

At last Peruna is tried. Relief is found.

This history is repeated over and over again, every day in the year. It is such results as this that give Peruna its unassailable hold upon the people. We could say nothing that would add force to such testimonials as the above. That people who have had catarrh and have tried every other remedy available, find relief in Peruna, constitutes the best argument that could be made.

FEARFUL TORNADES

Thirty Dead and Scores Hurt by Arkansas Storm.

SEVERAL TOWNS ARE DEMOLISHED

Two Twisters Sweep Path Over Four Miles Wide—Both Start at Same Time.

Little Rock, Ark., Nov. 24.—Two tornadoes, one north and the other south bound, swept over West Arkansas yesterday afternoon destroying many lives and much property. All means of communication was cut off and only indefinite reports have been received from the districts visited. From these reports it appears that at least 30 lives were lost. The property loss will reach hundreds of thousands of dollars.

One tornado started in the extreme southwestern part of the state and traveled northward following the second tier of counties from the western boundary line. The other started in the northwestern corner of the state and went southward, to all indications following the second and third tier of counties.

The counties through which the tornado passed are Lafayette, Columbia, Miller, Pike, Howard, Hempstead, Montgomery, Yell, Pope, Johnson, Franklin and Carroll.

According to advices received, the storm was at its height when it swept through Piney, a German settlement on the Iron Mountain railroad, between Knoxville and London. Late reports from Russellville with which communication can be had, are that between 12 and 20 persons were killed.

Five lives are reported to have been lost ten miles from Mulberry.

A report from Fort Smith states that 25 lives were lost in towns outside of Piney and Mulberry. This dispatch declares that the destruction of the town of Ravens was complete. Four persons were killed, two were fatally injured and eight were missing at that place.

The tornado, approaching from the southwest, crossed the Arkansas river several miles south of the settlement of Piney and proceeded in a northeasterly direction. It swept through the towns of London, Wellerville, Jeshro, Lodi, Lewisville, Paterson and Barryville and outlying portions of Mulberry, either completely wrecking or laying waste the larger part of these places and destroying timber and crops throughout the intermediate country.

Advices from Lewisville, in the western portion of Lafayette county, report the destruction of several buildings. Considerable property damage and injury of several persons are reported from Palmos.

In response to an appeal from Piney for aid, a relief party, including three physicians, left Knoxville, Ark., late last night for that place.

JAPAN PREPARED.

Mikado Evidently Resolved to Overlook Nothing in China.

London, Nov. 24.—Japan is watching closely the development of affairs in China and is preparing for whatever emergency the crisis may bring, according to advices received today by the British foreign office.

Despite Japanese denials of interference in Chinese affairs, there is every indication that the mikado is keenly alive to the possibilities of the Oriental situation and will not be found unprepared in any event.

Chinese messages, reaching London by way of Japan, say that Prince Chun is splitting up the Chinese army and appointing division commanders with separate authority, as he fears to trust to a consolidation of power under any one general.

This is taken to mean that serious disaffection exists in the ranks of the army and gives color to the report that a revolution is threatened.

Persia Denied Liberty.

Teheran, Nov. 24.—Street fighting between the liberals and reactionaries is going on today in all parts of the city as the result of the posting in the mosques of the shah's proclamation withdrawing the promise of a constitution for Persia. The clashes are not serious, but it is feared the unruly element in the population will get beyond control before nightfall. Many arrests have already been made. The liberals, on account of the failure of the constitution, are in a belligerent mood.

Framing Traction Merger.

Reno, Nev., Nov. 24.—Prominent capitalists of San Francisco are here for the purpose of completing a merger of the rapid transit holdings involving \$2,000,000. It is expected that an announcement of the plans will be made within the week. The properties have been operated by the Farmers & Merchants National bank and the Fishackers. They are the Reno Traction company, Interurban Railway company, Reno Development company.

Colonel Zimmerman Dead.

Brazil, Ind., Nov. 24.—Colonel W. H. Zimmerman, aged 72, of this city, died yesterday at Macon, Ga., on a train while en route home from Florida. He was colonel of the regiment in which President McKinley enlisted as a private and issued the commission of lieutenant to the young private.

"Well, er—I meant you would find it up to your neck, sir, if you jumped in head first."
