Portland is circulating a petition to have the state capitol removed from Salem to that city. The NEWS does not believe a majority of the voters of Oregon will stand for the move. Portland has too much influence now upon state legislation and if the legislature should meet in that city, the home of the big lobbies, we might as well turn the entire running of the state over to that city. Salem is bad enough but Portland would be worse.

WORTH VISITING.

Many of our readers, probably never visited and inspected a commercial up-to-date sawmill such as the Curtis Lumber Co. now operates at Mill City. The average cut, at this mill, in a run of ten hours, is fully 150,000 feet. Last Friday the total product was 157,000 feet. The big saws, those which operate upon a log when it is first drawn from the pond, will take care of an average sized log every five minutes, from whence it passes to the pony saw, thence to the edger, gang and planer, or to the yards as the case may be.

We noticed seven or eight planers which seemed to be in constant use. Then there are dozens of other machines in the way of edgers, cut-off saws, etc. Lumber is scarcely touched with the hands from the time it leaves the pond as a log, until it reaches the yards a finished product. The yard men convey the lumber to the drying kilns, load it in the car to be taken to market, or rick it up on the yards, as may be required.

A well equipped machine shop, in which are tools sufficient to do any and all kinds of machine work, takes care of the repairs and installation of new machines. A large steel furnace takes care of all kinds of sawcut, shavings and all slats not suitable to be converted into lath, just as it comes from saw or planer.

The office, which looks after the business end, employs some five or six hands, all of whom seem to have plenty of work to do. The office and company store is housed in a modern brick, stone and cement structure, well lighted both day and night by the light of heaven and electricity, has every modern convenience in the way of water and toilet etc. The company store is an up-to-date department store, most conveniently arranged, a cash system that reaches every part of the store, which carries a \$40,000 stock representing nearly every line, and which requires the constant attention of a manager and seven clerks. The boarding house, which houses all employees who have no families, has all of the appurtenances of the average hotel. Here the appetites of from 75 to 100 hungry men are satisfied three times daily, and those men are hearty eaters too. They have appetites and stomachs which John D. Rockefeller would give millions to possess. Good wholesome food is supplied in abundance and everything is kept scrupulously clean. The charge for board is moderate.

Over 200 men find constant work in and around the big mill at wages ranging from \$1.75 up. As many more are employed at the several logging camps.

The business of the Curtis Lumber Co. appears to be splendidly organized and moves along without any apparent friction. Every employee has a certain work to do and he looks after his work without interference by any body else.

The concern has but one boss Mr. Robt. Shaw, who seems to be thoroughly master of the situation.

It is well worth a day's time of anyone to watch the process of converting logs into building material in a modern up-to-date lumber manufactory.

CIRCUIT COURT.

Court convened at 9 o'clock last Monday morning, with Judge Burnett's usual promptness.

The first fourteen cases were continued as follows: Whitney agt. Large, Fleishhauer agt. Zastrow, Weddle agt. Smith, Honeyman Hardware Co. agt. Leeper. Large agt. Smith, Oregon agt. Co., Shaver agt. Wells, also Rodgers agt. Leyagh, First National Bank of Albany agt. Zeisler, the S. P. agt. Sternberg, and Oregon agt. Fisher.

In Edna F. Ferguson agt. the Modern Pyramid Builders a demurrer to the complaint heretofore argued, was overruled and the defendant given twenty days to answer and the plaintiff then twenty days to reply.

These cases were reported settled. Am. Cigar Box Lumber Co. agt. Carter, Advance Thresher Co. agt. Miller, Adams and Lemke agt. William South. Judgement was ordered in P. L. Robnett agt. C. A. Pyburn and in J. B. Cornett agt. David Cook et al., as to N. E. Morgan, and continued as to Cooper.

State vs William Crawford, found guilty of petit larceny, for which the sentence will be a fine.
