## By Our Formula

**We produce in Hood's Sarsaparilla a medicine that has an unapproached record of cures of** Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc.

The combination and proportions of the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood,—those corpuscles that fight the disease germs constantly attacking you.

### Correcting History.

Alexander the Great wept.

"Why these tears, your majesty?" asked the sycophants. "Isn't it glory enough to have conquered one world?"

"I'm not weeping because there are no more worlds to conquer," blubbered Alexander. "It's because I have a presentiment that some day Sig. Ferrero will find out I'm nothing but a shine!"

The sycophants, suppressing the real facts in the case, gave out the false version of the incident that has come down through the ages.—Chicago Tribune.

### A Literal Begging.

"Convicts seem to very polite sort of people."

"Will you tell me what led you to that conclusion?"

"Sure; they never do wrong without begging pardon for it."—Baltimore American.

**PILES CURED IN 6 TO 14 DAYS**

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

### Our Own Minstrels.

Tambo—Mistah Waltah, kin yo' tell me de diffunce 'tween a waif an' an apahtment house?

Interlocutor—I give it up, Jerry. What is the difference between a waif and an apartment house?

Tambo—De one am a homeless kid an' de uddah am a kidless home.

Interlocutor—Ladies and gentlemen Prof. Howlan High-Eenah, the renowned tenor, will now sing his great topical song "I Love Him, Mamma; He Looks Like Fido!"

**FITS** St. Vitus' Dance and Chronic Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for FREE $2.00 trial bottle and treatise. Dr. R. H. Kline, Ld., 931 Arch St., Philadelphia, Pa.

### The Professor.

The professor was writing something in a small notebook.

"Making an addition to my visiting list," he explained to the doctor.

"Your visiting list?" queried the other.

"Yes; this is a record of the close calls I have had in dodging automobiles."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

### Not Her Affair, but——

The grocer's boy was lumbering up the kitchen stairway with his arms full of packages.

"Boy," said the mistress of the house somewhat sharply, "are your feet clean?"

"Yes'm," he answered, still climbing the stairs. "It's only me shoes that's dirty."

### Home Tonic for Old People.

Wonderful results, eventually restoring full physical vigor, are obtained from the following: To one-half pint good whiskey add one ounce syrup sarsaparilla and one ounce Toris compound, which can be procured from any druggist. Take in teaspoonful doses before each meal and before retiring.

### Pollen Travels Far.

The pollen from the pine forests often forms a yellow coating on lakes or on the ocean, as far as 200 miles from the shore, and has been mistaken by peasants for showers of sulphur. The pollen grains of the pine are provided with yellow vesicles, which buoy them up in the air very much on the principle of a box kite.

### Sounded Funny.

"The young man is smitten with you, Jeanette. He says you radiate happiness."

"Gracious!"

"And he also says you radiate beauty."

"My!"

"And wisdom."

"Dear me, how funny."

"What's funny, dear?"

"Why, he must think I am a radiator."

### No Trouble About That.

The druggist's clerk handed him his porous plaster.

"You want to read the directions carefully," he said, "so as to know what to do when you're ready to take it off."

"I never take 'em off," answered Mr. Wipedunks. "I always wear the things till they drop off."—Chicago Tribune.

### An Obedient Tiger.

"How entire," remarks the London Globe, "is the confidence of the native East Indian in the government may be gathered from the following anecdote, which comes from Lahore: "A tiger had escaped from the zoological gardens, and its keeper, hoping to lure it back, followed it. When all other inducements had failed, he lifted up his voice and solemnly adjured it in the name of the British government, to which it belonged, to come back to its cage. The tiger, it is needless to add, obeyed at once."

## TAFT USHERED INTO OFFICE

(Continued from first page.)

Taft to the capitol and attracted much attention. The Filipinos saw their first fall of snow.

President and Mrs. Taft were the centers of interest at the culminating feature of the day—the inaugural ball in the Pension building. The scene in the cavernous building, which has been transformed into a canopied court of ivory and white, was another of the brilliant pictures quadrennially painted here by the gathering of a vast and brilliant assemblage from every section of the country. With all the color and movement of a military spectacle, with the softening influence of delicately tinted gowns and the interest of a personnel seldom equalled at a social function, the inaugural ball holds a place unique in the history making of the day.

While the ball was in progress indoors, a display of fireworks on the monument lot in the rear of the White House marked the end of the outdoor celebration. For hours the thinly clouded heavens were alight with rockets, with sun clusters that challenged the brilliancy of day, with fiery "cobras" and all the fantastic creations of modern pyrotechniel skill.

All feminine Washington had long been eager for details of the gown which Mrs. Taft wore at the inaugural ball. In her choice of the toilette in which she would appear for the first time as the "first lady of the land," Mrs. Taft has shown not only exquisite taste in dress but patriotism as well, for the design in which the beautiful costume is richly embroidered shows America's national flower, the golden rod. The embroidery, in silver, appears not only on the chiffon overdress but on the long court train as well.

The foundation of the gown is of heavy white satin, cut in princess effect. Over this the chiffon is draped with consummate skill, giving the effect of long, straight lines. The sleeves are formed of rare point lace. The goldenrod design is also woven in the lace.

Mrs. Taft wore her hair rather high, with a pompadour. A single diamond spray decorated her coiffure and she wore no other jewelry excepting the pearl collar, which is her favorite ornament.

Miss Helen Taft's gown was so extremely simple that it is calculated to surprise the mothers of overdressed school girls. Over a plainly fitting foundation of white a slip of white embroidered mousseline de soie falls in graceful girlish lines. The bodice is slightly decolletete, and is effectively trimmed in point lace. Artistic knots of pale blue ribbon, skilfully disposed, add a touch of chic to its simplicity. Miss Taft's abundant golden brown hir was simply dressed in a coil, and she wore no jewelry.

## CHANGE ARMY HEADQUARTERS

### Seattle May Secure Department Now at Vancouver.

Washington, March 9.—Representative Ellis has learned that the general staff of the army is at last seriously considering removal of the headquarters of the Department of the Columbia from Vancouver to Seattle.

General Bell, chief of staff, with whom he has talked, says that in view of the growing importance of army posts in Alaska and the large shipments of supplies to those posts, the headquarters should be more centrally located than at present, and personally he believes they should go to Seattle. Ellis also finds that officers of the Department of the Columbia are strongly in favor of the removal to Seattle and have so recommended. Indeed, it seems that a movement to bring about removal was started by them.

Ellis is planning further conferences with General Bell and the secretary of war in the hope of preventing removal, but said today the outlook was very discouraging. It seems to be pretty well determined that the headquarters shall go to Seattle, though no order to that effect has yet been issued.

## ROOT FOR NEW YORK LEADER

### Platt Says Roosevelt Will Retire From Political Field.

New York, March 9.—Elihu Root will be the Republican leader of New York, according to a published interview credited to ex-Senator T. C. Platt, who has just returned from Washington.

"Elihu Root will head the Republican organization because of donning the senatorial toga" Mr. Platt is quoted as having said. "His powers are only less than those of the president, and he and President Taft are on good terms."

When Mr. Platt was asked whether Mr. Loeb's appointment did not indicate that Theodore Roosevelt planned to control Republican politics in this state on his return from the African hunting trip, he said:

"Any man who goes to Africa for a year cannot expect to keep his hold in a political way. I believe Mr. Roosevelt purposes to retire permanently from the field of political endeavor. Mr. Roosevelt will not be heard from politically hereafter."

### Big Ferry Contracts Let.

San Francisco, March 9.—Contracts for ferry equipment totaling $2,000,000 have been let by the Western Pacific Railroad company, and engineers are now at work on plans for two ferry boats, which will connect the Oakland terminal with San Francisco. Announcement is made that regular service into Oakland will be instituted on January 1, 1910. Extra construction gangs will be placed on the line through Nevada.

## TORNADO IN SOUTH

### Leaves Path of Waste Through Arkansas Towns.

### EIGHT LIVES KNOWN TO BE LOST

Storm Demolishes Town and Flames Devour All Ruins—Whole Train Swept From Track.

Little Rock, Ark., March 9.—A number of persons are reported killed, a number injured and an immense amount of property destroyed in a tornado which swept Arkansas late tonight. A St. Louis & Southwestern passenger train was blown from the tracks near Baucum, it is said, while going at full speed.

The entire town of Brinkley was destroyed, according to reports from the south, eight persons being killed and others hurt.

After many of the buildings in Brinkley had collapsed, the wreckage took fire. The blaze soon got beyond control and the latest advices were that the destruction of the town would be complete.

To Southern and Eastern Arkansas all communication is cut off by prostration of telephone and telegraph wires, isolating Hot Springs, Pine Bluff and a number of smaller towns.

The tornado crossed the Arkansas river within five miles of Little Rock, causing a waterspout.

A tornado struck Fourchedam at 5 o'clock this afternoon within five miles of Little Rock, killing one and injuring several others. Two houses were demolished and one was destroyed by fire after it had been blown to bits. This tornado traveled northeast and swept a clean path about 60 yards wide. The wind was followed by a violent hail and rain storm.

At Kerr the house of E. B. Adams was blown down and Adams was perhaps fatally injured. The whole family was buried in the debris, but was saved. All windows on a train between Rester and Gordon were blown out.

At Malvern the Methodist church was entirely destroyed, the Baptist church damaged and the courthouse unroofed.

Up to midnight it was impossible to communicate with part of Eastern, Southern or Western Arkansas. Only a few wires have been opened since.

## TRUST BUYS ISLAND.

### Isle Royale Once More Has Become American Soil.

Detroit, March 9.—A news special from Houghton, Mich., says:

"The largest island in fresh water in the world has reverted to American ownership through the diplomacy of business and without, probably, the knowledge of Washington. Isle Royale, in Lake Superior, in almost its entirety, consisting of 83,720 acres, has just been purchased by American interests from the English syndicate which owned it for many years.

"The deal was concluded in London by F. W. Nichols, of Houghton, and Oscar J. Larson, of Detroit, the latter the agent for the United States Steel corporation.

"In the copper country it is believed that the steel corporation intends to cut timber from the island and probably to exploit anew its abandoned copper workings.

"The company making the sale is the Isle Royale Land ocrporation, Ltd, with an office in Liverpool."

## GRAFTERS EXPOSE GRAFTING

### Banker Convicts Do Good Work on Prison Books.

Pittsburg, March 9.—Convicted bankers, prisoners in the Western penitentiary here, have discovered an apparent discrepancy of more than $26,000 in the penitentiary accounts.

The board of visitors of the penitentiary appointed Henry Reiber, ex-paying teller of the Farmers Deposit National bank, and now a prisoner, to audit the books some time ago. Finding what he regarded as a discrepancy and being unwilling to assume all responsibility, Reiber engaged the assistance of William Montgomery, ex-cashier of the Allegheny National bank, and J. B. F. Rinehart, ex-cashier of the Farmers & Drovers National bank, of Waynesburg, Pa., both convicts. They agreed with him, it is said.

The board of visitors is awaiting the return of Warden Johnson before taking further action.

### Combine in Aluminum.

Manitowoc, Wis., March 9.—Official confirmation of the reported combination of aluminum concerns of the West was made public today, the deal having been closed at a meeting held in New York, at which the new company was organized under the name of the Aluminum Goods Manufacturing company. The combination includes the Manitowoc Aluminum Novelty, the Two Rivers Aluminum and the New Jersey Aluminum companies, of Newark.

### Immigrants Crowd "Hub."

Roston, March 9.—That the tide of immigration is again on the flood was apparently indicated today when 1,500 immigrants arrived here on the steamer Romanic from Mediterranean ports. This is the largest number landing from any steamer at this port for 16 months.

## Want a Telephone?

**If you do you can get it.** If you are anxious to get into closer touch with your friends, with the family doctor, with the store, with the post office, or with the cotton buyer, you can do it with a telephone at hand. If you want to make the farm a more livable place, if you want to protect your home, you can do it by installing a telephone.

**If you will cut out this advertisement, write your name and address on the margin and mail it to-day to our nearest house, we will send you at once a copy of our Free Bulletin No. 112 on**

**"How to Build Rural Telephone Lines"**

This Bulletin explains clearly how a rural telephone system is built and operated, and it also contains full information as to costs.

**In a Farmer's Mutual Company a few day's labor and a cash investment of about $25. per subscriber, will purchase all material and build an absolutely standard system.**

**A Rural Telephone is an investment, not an expense.** The telephone which enables you to sell ten bales of cotton at ½ cent per pound more than the traveling buyer offers you, has paid for its entire cost. If you have some hay down all ready to go in, it is worth something to have a telephone with which to call on Neighbor Smith "for a lift" before the storm breaks.

**The Rural Telephone pays for itself each year** and we have brought the initial cost within the reach of every farmer. Present prices are especially favorable and thousands of Farmers' Mutual Companies are now organizing so as to build their lines this Spring. **Write us to-day.**
