Monday Jack was working very industriously in his hay field and as the day was warm he hung his vest on a convenient bush and in the pockets of his vest were his watch and spectacles. Soon along came the bovine lord and he at once proceeded to emasculate the whole proposition. When Jack looked for his vest it had disappeared, ditto watch and spectacles. The watch was found in a battered condition, also a portion of the vest but the spectacles had entirely disappeared. It is supposed that the aforesaid bovine will, hereafter, be possessed of a sort of inner sight.

**Cemetery Cleaned Up**

For several years an effort has been made to clean up the cemetery situated on Franklin Butte, each year. The cemetery, as all know, is under the control of the Masonic lodge of this city and it, of course has charge of any cleaning up which may be undertaken of the premises. Heretofore nothing further than to mow the grass and vines has been undertaken, but this year it was determined to do the job more thoroughly. So the matter was placed in the hands of Mr. N. Young and, by his invitation Dr. Prill, R. Shelton and the NEWS man inspected the finished job, last Wednesday evening and we do not hesitate that the yard is in the best condition in which it has ever been placed. In addition to removing all grass, weeds, vines etc., a liberal use of thistle and squirrel poison was used and the ground disced wherever practicable.

It is also proposed to purchase the grove on the East side of the road to be used for hitching and funeral purposes. To do this, a donation from the people may be asked. If so, everybody should respond liberally.

**Leg Broken**

Clifford Griffin was driving a team down a hill, one day last week. He was riding on the runninggear of the wagon with his feet hanging in front of the brakebeam. The wagon passed over a stump and his foot was caught between the stump and brakebeam, resulting in breaking the outer bone of his right leg just above the ankle. Dr. Browne was called and adjusted the fracture. It is safe to say that Cliff will watch the road hereafter, when he is riding on a wagon without its clothes on.

Last year there was a disposition on the part of some of our citizens to charge Fair visitors an excessive price for beds. We hope this complaint will not be heard this year. Visitors are willing to pay a reasonable price for bed, but they will not stand it for more than one year to be robbed. It is to the interest of every citizen to have our Fair a success. Excessive lodging charges will kill the goose which is laying the golden egg. Visitors will not complain at paying from 50 cents to one dollar for a bed; but more than this will be a source of dissatisfaction. Let us all try to make the Fair a success.

**Fingers Crushed**

A. Stupke when hauling lumber from Lacombe to his home near Larwood, on Wednesday, met with quite a serious accident. In going down a steep hill, his brake was broken, causing the team to run away. Mr. Stupke was thrown from the wagon and a wheel passed over the fingers of his right hand, crushing the last three fingers badly. His knee was also severely injured. Dr. Prill attended the case and Mr. Stupke is getting along as well as could be expected.

A new tire for automobiles which is claimed to be punctureless, is one of the latest inventions. The contrivance looks as if it might be a success. A party was in town, the first of the week, selling stock in the company which purports to manufacture them. He claimed that \$75 invested in the company would be worth \$10,000 in three years. That is making money too fast for a country newspaper man, so we did not invest.
