at the cost of \$8000. Mr. McLane
expects to locate within the vicinity of
Buena Vista.

There is a demand for dwelling
houses in Scio, which the present
number is inadequate to supply. Our
town can not grow unless there are
houses for the people to live in.

The Farmers Meat Market will pay
the highest market price for beef,
mutton, veal, pork, hides and eggs,
they dont want the earth, but they do
want your produce and are willing to
pay for it.

Scio dealers and merchants must pay
as much for produce and sell goods as
cheaply as other towns, if they induce
people to come here and trade. And
they must make the people know this
to be true, as well.

The Lin County Abstract Co., of
Albany, has changed hands. Messrs
B. Payne and L. H. Rudd organized
the company over twenty years ago
and have built up a very fine business.
Some gentlemen from Far's, Illinois,
are the purchasers.

Quite a lot of building is being done
in the country surrounding Scio. The
planing mills is kept working overtime
to supply the necessary finishing
material.

Prof. A. Roy Mize, who will have
charge of the Scio schools as principal
during the coming year, arrived from
Byron Illinois, last Thursday, ready to
begin work on the following (last)
Monday.

Anna Dam married Charles Gosh.
The latter name is not considered quite
so profane.—Oregon Daily Journal.
But what is to become of the rest of
the Dam family who cannot relieve
themselves in this way.

A great many of our farmers ship
their produce, veal and hogs, direct to
Portland commission houses and claim
they make money by doing so. Our
local buyers should be able to handle all
that is offered in this line.

Work on the Lebanon end of
Lebanon-Crabtree cutoff, is reported
to be under full progress. The false
work for the bridge, also, is in place,
and the construction of the bridge is to
be crowded as rapidly as possible.

Wm. Brenner and the mules have
gone to the mountains for a hunt. He
was joined by John Marrs and Mit
Yeoman, of Lacombe. All of them are
good mountaineers and hunters, so the
deer had better look a leedle out.

A Mr. Smith, who was a resident of
Scio two years ago, but who moved to
Saskatchewan, Canada, has returned.
The extreme cold of that country was
too much of a good thing, so he came
back to where he knew there was a
joy in living—Scio.

Mr. and Mrs. W. H. Miller, of
Goldendale, Wash., have been visiting
relatives in this vicinity for the past
two weeks. Mr. Miller has been a
resident of the Washington City since
1878, having been a resident of this
vicinity prior to that date. He is due
to be at home by October 14.

Rev. A. H. Carman writes the NEWS
as will be seen elsewhere' from his new
home at Edmonton, Alberta. He, also,
forwarded a copy of the Evening
Journal, which indicates Edmonton to
be a live energetic city, with the usual
push of the western world. Edmonton
is located on the Canadian Pacific
railway.

W. D. Hootan, of Kansas City, Mo.,
was one of the arrivals in Scio last
week. Mr. Hootan is a cousin to Mrs.
George Westinghouse. While he is
visiting his relatives, he is looking
over Oregon with a view of locating.
He is an architect by profession and
has about concluded to locate in
Lebanon.

THE WATSON PRODUCE CO.

For eggs, chickens, turkeys, geese,
Ducks, veal, mutton, pork, hides, etc.
George W. Rice, of Lebanon, is in charge
of their business in Scio, which is a
guaranty of honest weight and fair
treatment.

The Trappist Fathers mill recently
escaped being destroyed by fire, by a
very narrow margin. The roof of the
building was found to be on fire and
before it could be put out the fire had
burned a hole ten feet wide. The mill
has a splendid water system for fight-
ing fire, otherwise the entire building
might have been destroyed.

Look Here! I can tell you what your
house or barn will cost you. I have
the material to build either, from the
ground to and including the roof.
Cement, doors, windows, nails, locks
and hinges, shingles, rubber-sanded
roofing, etc. Call and get prices before
or after getting prices elsewhere. Scio
Planing Mills, N. I. Morrison, Prop.

President Taft's visit to Oregon, was
appropriated by the Portland push, to
the exclusion of the rest of Oregon. If
he could have been held twelve hours
longer at the metropolis so that he
would have passed through the Willa-
mette valley in day light, there would
have been no kicking. But as conduct-
ed, his visit was to Portland and not
to the state.

Dr. Davis, of Albany, came over
Sunday in a professional capacity as
county health officer. The family of
Mr. Chrz are sick with symptoms
dangerously like smallpox. After
making thorough examination, he
ordered the smallpox flag displayed and
placed the family in quarantine.

Judge Duncan came over with Dr.
Davis and while here examined the new
bridge and the work that is being done
in filling the approaches critically,
expressing himself as being satisfied
with the manner in which the work was
being done.

H. E. Olmstead came into town, last
Friday and, after procuring some sale
bills, started on his return homeward.
When about one-half mile from town,
he alighted from his buggy to tack up
a bill, leaving his horse standing. The
horse became restless and started.
Mr. Olmstead sprung for the lines and
got hold of them in such a way that he
pulled the animal so short to one side
as to overturn the buggy. The shafts
and whiffletree were broken, releasing
the horse from the buggy and she came
back to town at a rapid gait, being
stopped at the bridge. No further
damage, so far as we could learn, was
done.

Manhunters in Town

Tuesday noon Sheriff Minto and
posse of Salem, passed through going
south. Their last information of the
fugitive murderer Myers, was in the
neighborhood of Silver Creek Falls
and that he had started south from
there.

The posse consists of the sheriff and
three men and the murderous looking
shotguns and pistols with which they
were armed, is evidence that something
will be doing, whenever they overtake
the fugitive.

Myers is a desperate man, knows the
mountains well and will be apt to make
a desperate fight before he submits to
capture.

A Crop That Paid

Mr. T. M. Holt was in town, last
Saturday, paying the NEWS office a
visit while here for the purpose of
obtaining the autograph of the editor.
Mr. Holt is one of our most prosperous
farmers. One of his crops, this year,
was a field of vetch, from which he
obtained 125 sacks of clean seed. He
hailed this seed to Jefferson receiving
therefor \$700.05. In addition, Mr.
Holt raised his usual crops of wheat,
oats, potatoes, etc. While vetch is a
profitable crop to raise, as is demon-
strated by Mr. Holt, it is said to be a
splendid rejuvenator of the soil, when
plowed under while green.

City Schools Open

Last Monday morning the Scio
school opened, under more than
ordinarily favorable circumstances.
Prof. A. Roy Mize, the principal gives
promise of being the right man in the
right place. He has charge of the
high school department, which starts
off with an enrollment of 25. Mr. A.
P. Hiron, teacher of the grammar
department, has 15 enrolled. Mrs.
Kimball intermediate 21, Miss Evans,
primary 36.

It is expected that the total enroll-
ment will reach 125 before the end of
the year.

Arm Broken

On Thursday of last week, Mrs.
Vsetecka, mother of Charles and
William, had the misfortune to fall
from the porch of her home with a
pail of water in her hand. Result: The
left arm was broken near the wrist.
Dr. Browne was called and reduced the
fracture. Owing to her advanced age
Mrs. Vsetecka will not recover so
rapidly as a younger person would, but
it is not expected that she will ex-
perience any great difficulty in the
matter.

Finger Served Off

On Wednesday of last week, Dean
Turner came to town with a badly
mangled finger. He had allowed it to
get too near the wood saw and as a
consequence the index finger of his
right hand is not so long as formerly.
The saw clipped it just at the first
joint. Dr. Browne dressed the wound
and with the exception of having to
loaf for a spell Dean is suffering no
inconvenience.

Blind Stagers

Messrs Simmons, who recently
moved to town, have a number of
horses afflicted with the blind staggers.
Opinion differs as to what caused the
disease. The animals are being treated
by a veterinarian, but whether he
can give permanent relief, cannot yet
be stated. So far as we could learn,
neglect on the part of the owners, was
not the cause.

The Watson Produce Co. is in Scio to
do business. To do business, the people
must be treated fairly and on a live
and let live basis. This is what the
Watson people purpose to do. Give
them a trial.

Trespass Notice

All hunters and especially those
hunting with dogs, are hereby forbid-
den to hunt or otherwise trespass upon
these premises, under the penalty of
the law.
