Happy New Year. Did you swear off? Have you noticed that the days are getting longer?

Halley's comet is now visible, by the naked eye to New Yorkers.

Make good resolutions and stay with them. Otherwise, don't make them.

Congressman Hawley has purchased a farm over near Knox Butte and will plant the same to orchard trees.

Tuesday, Wayne McNear brought three wild cat and two cougar skins to Albany, upon which he will receive a bounty of \$26 from the state and nearly as much from the county.

Because our car load of wire fencing was delayed, our fencing at the store will be sold at a close figure. It will pay you to call in and get prices. Chas. Wesely.

Every successful man, as a rule, must spend less than he earns for what he consumes. Money invested for profit, either cash or on credit, comes under a different head.

The tax levys for several Linn county towns are; Albany, 8 mills; Lebanon 10 mills; Brownsville 5 mills; Harrisburg 5 mills; Sodaville 5 mills. Scio will probably levy a 5 mill tax as well.

Merchant Turnidge, of Crabtree, had quite a loss by fire, last week. In a potato house, where had been stored several hundred pounds of dynamite, as well as some thousands of bushels of potatoes, a fire was kindled to keep the potatoes from freezing. By some means the building caught fire and the whole were consumed. Strange to say the dynamite was consumed without an explosion. There were, probably, enough of roast potatoes to supply several towns the size of Crabtree.

The NEWS has arranged a clubbing rate with the Youth's Companion Publishing Co. by which the SANTIAM NEWS and the Youth's Companion can be supplied for \$2.60 a year. The last named paper is the leading weekly magazine published in the country. Its contents are high class moral stories, and other instructive and entertaining matter. The subscription price is \$1.75. With the NEWS, as above quoted, \$2.60.

Many people think that it costs nothing to run a newspaper and expect any matter interesting mostly to themselves, to be published as a matter of course. This is a mistake. The actual cost of publishing the NEWS is quite \$100 per month. In order to earn this money, it must sell its space and a regular rate to all, irrespective of person, must be made. Strange as it may seem, a newspaper man must eat and wear clothes, the same as anybody else. He must, therefore, make a profit above the cost of running his business. So, all of these publications which are valuable to those who have it published, must be treated as advertising matter and be paid for accordingly.
