The First Vetch.

An item has appeared in several papers, including the Democrat, to the effect that the first vetch was brought to Oregon by Willis Nash, formerly of the Oregon Pacific, who owns property over in Lincoln county and is making his headquarters now at Nashville, named after him.

A subscriber telephones to the Democrat this morning in a manner to make the wires tingle, that Nash was not the first man to bring vetch here, but that Mr. Waldon of Granger, Benton county was first, being several years ahead of Nash. He brought it in a letter, sewed it in a garden, and it came fourth, and is now all over the valley, a popular hay for cattle.—Albany Democrat.
