It is all right for school boys to yell, especially those who attend our state colleges; for much of the college education, which is costing the taxpayers so heavily, seems to be football knowledge and yells. Business men should be jolly and cheerful when making a neighborly visit and sing original songs, if they see proper, but to yell in chorus just to make a noise, is nonsensical and beneath the dignity of men who deal with the stern realities of life.

This Means You.

All persons knowing themselves indebted to the SANTIAM NEWS are respectfully invited to come through with the necessary cash. If you have not paid for your paper, this notice is personal to you. In these times of high prices for living a printer needs the wherewithal to purchase his beans and potatoes; for printers, as a rule, do not have much credit. At all events, the NEWS needs what is due it. Our expenses are heavy and it is our purpose to pay our bills promptly and to do this, others must pay us.

To Be Graded and Graveled.

The News is glad to state that it is the intention of Road Supervisor Shope to grade and gravel the wagon road from this city to West Scio, during the coming summer.

The grading is to be done by private subscription and Mr. Shope thinks that he will have road funds sufficient to place the gravel. He expects to open a gravel pit below town, which can be done by building a temporary bridge across the creek at that point.

To have this two miles of road placed in good order will be a great satisfaction to everybody. It will give a much better impression to people who visit our town and community and, also, will tend to increase the value of property. Everyone of our citizens should be willing to aid this very meritorious work in any way he can.
