The Normal School question is fairly before the voters by the Initiative Bill for Monmouth framed by her Alumni. This separates it wholly from politics, and gives the voters a fair chance to express their choice. Schools are a necessity—we must educate the boys and girls—and we must have teachers, the Normal School is the place to train and prepare these. Vote, Yes, for Monmouth.

J. B. V. BUTLER, Sec. Com.

Don't forget that Banner grange meets on the second Saturday of each month. Master Allen has suggested that merchants close their doors during the afternoon session, as many of the members attend to their trading at that time. He said: "Farmers leave their work to attend the grange and the merchants ought to be willing to close their stores during the two or three hours afternoon session." The News believes Mr. Allen's request is entirely reasonable and that merchants would lose nothing by complying with it.
