Unique.
"In what shape," asked the reporter, "did your fugitive cashier leave his accounts? Can you tell me?"
"I can, young man," said the president of the institution, "and there's a good story in it. His accounts are not only perfectly straight, but they show that we owe him a balance of \$168.27."
"The trouble with that story," groaned the reporter, "is that nobody will believe it!"—Chicago Tribune.

What Was Yet
He was an old dandy. He wore no overcoat, and the icy wind twisted his threadbare clothes about his shriveled body.
"Wind," he demanded, whimsically, "war was you dis time las' July?"—Everybody's.

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail, and I find that Cascarets relieve more in a day than all the others I have taken would in a year."
James McGune.

CRIMSON WINTER RHUBARB

A Storekeeper Says:

"A lady came into my store lately and said:
"I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what a comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost."
The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table so tired out that you can't eat. Just light a Perfection Stove and immediately the heat from an intense blue flame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.

New Perfection Oil Cook-stove

It has a Cabinet Top with a shelf for keeping plates and food hot. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Manufacture of Salt.
Salt is obtained in the United States in several different forms and ways. From the mines it comes in blocks, and from strong brines it is obtained by evaporation or boiling by solar or artificial heat. Boiling is either conducted by putting it into long wooden troughs containing steam pipes, or in large open pans of iron or steel with direct heat beneath them, or in large vacuum pans in which the brine is boiled at a comparatively low pressure, or it is heated in closed tubes at a temperature much higher than that at which brine boils under ordinary atmospheric pressure.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Community of Interest.
Profiting by the mistakes of others the two explorers, each of whom had found the south pole unknown to the other, held a conference.
"What is the use," they said, "of wrangling over it? We will write our book jointly, and will travel and lecture together. One of us will do the oratorical stunt and the other will throw the pictures on the screen."
So they divided the spoils, which turned out to be quite satisfactory.

As He Saw It.
Mrs. Jipes hadn't wanted to go out in the new automobile, anyhow, and she was telling her husband so in several different kinds of ways.
"I'd rather have waited until I had something fit to ride in," she said, "but you just would have me come. It isn't a bit of fun for me, and I'd like to—There! You narrowly missed running into the curb. What do you think you're doing?"
"I'm taking a jawy ride!" savagely answered Mr. Jipes.—Chicago Tribune.

Too Deep for Tears.
The milkman's horse had run away, and the contents of the wagon had been distributed impartially over a territory two blocks long and one street wide.
"No," said the driver, as he surveyed the wreck, "I'm not going to do any crying over split milk, but—"
Thereupon he sat down on the edge of the sidewalk, and his subsequent profanity, according to the testimony of everybody within hearing, established a new record.

All in the Same Fix.
The Lawrence Times tells this one: A reporter was sent to write up a fire in a residence. Going to the door, he inquired for the "lady of the house." The maid said she was out. "Are any of the family at home?" asked the scribe. "No, they are all out," was the reply. "Well, wasn't there a fire here last evening?" "Yes," said the hired girl, "but that's out, too."—Atlanta Constitution.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: *First*—The indisputable evidence that it is harmless; *Second*—That it not only allays stomach pains and quiets the nerves, but assimilates the food; *Third*—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."
Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
Dr. Wm. J. McCrann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."
Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
