Base Ball

Scio's base ball artists played two games, away from home, last Sunday. The first nine hooked up with the Stayton aggregation and the second nine with the devotees of the diamond at Crabtree.

The first nine report a victory over Stayton at the end of the seventh inning, because of a, to the Stayton boys, wrong decision. Whether the aforesaid decision was wrong or not, the News will not undertake to say; but spectators, who pay to see the game, are entitled to some consideration. The game should have been completed, even if there was some dissatisfaction with the umpire's work. There is always room for an honest difference of opinion.

The game at Crabtree, was easily in the hands of the Scio boys, at any stage.

Spectators, who pay to see a ball game, are entitled to witness a full nine-inning game and players should consider this fact, else their audiences will soon be small.

Notice

I will make a special sale on nails and all that is in my front window on Grange Saturday, the second Saturday in May. Look for my prices in this paper of May 13. I can save you some money at any other time on any thing you need in the hardware or planing mill plant. My fence can't be beat for strength and durability, or on the price if you take the size of the wire into consideration.

Yours for small profits and quick sales.

N. I. MORRISON.

Gooch Cleanings

Frank Miller made Salem a visit last Saturday, for the purpose of buying a bicycle.

Cliff Phillips spent Sunday in Scio.

Several of the boys attended the ball game at Stayton, last Sunday.

Mr. Bradshaw, who has been sick for several weeks, is slowly improving.

Mrs. Floyd Monroe, who has been sick for the past week, went to Albany last Saturday, to consult a doctor.

Messrs Peterson and Berry went up into the mining district last Saturday.

Ben Downing, who has been sawyer for Fred Gooch for the past year, quit Monday and left for Washington.

Earl Gooch came up last Friday, for a short visit with his brother Frank.

Ot Alexander reports that the Scio and Stayton ball boys had a fine game started, last Sunday, when the Stayton boys became dissatisfied with the work of Umpire Williams and quit the game, the score being 3 to 3 when the game closed. That's right, boys. Quit when you are even and you will never be beaten.

NEOMA

An Item From the Hills

Last Sunday evening a number of neighbors collected at the home of W. H. Roberts, for the purpose of social intercourse, singing etc.

The company was entertained by two excellent organists, Mrs. Dart and Miss Laura Sanders and a most enjoyable evening to all resulted. Those present were:

Mr. and Mrs. H. Montgomery, Mr. and Mrs. Ray, Mr. and Mrs. Wm. Dart Jr., Mr. and Mrs. Rahn, Mr. and Mrs. Pendleton and a number of young people. The evening's enjoyment was concluded with a song at about midnight.

Interurban Survey Nearly Complete

The survey of the Albany & Interurban Electric line from Albany via Lebanon and up the South Santiam river, is about completed. The engineers will immediately commence the survey of the line via Brownsville and up the Calapoia valley to sweet home.

It is said the company purposes constructing both lines, but which will be build first, is not stated. Rights of way are being secured as rapidly as the survey progresses.

WERE WEDDED

Two Natives of Eastern Linn County Unite Their Destinies

At 11 a. m. on Tuesday Miss Willie McKnight, a most highly respected and well loved Scio young lady, was united in marriage to Mr. Chester Coffey a former resident of Scio, but to become a resident of Alberta, a dominion of Canada. The marriage, attended only by the immediate relatives of the family, was solemnized by Rev. H. H. Hubbell, of Albany. A sumptuous wedding dinner following.

At about 12:30 p. m. the happy couple midst showers of rice and divers and sundry old shoes flung at them, started on their journey for their new home, near Carlsbad, Alberta.

Mrs. Coffey was well and favorably known in Scio and vicinity, by everybody as she has been a teacher in our public schools and for the past year or more, our deputy postmistress. Because of her loving and obliging disposition she had come to be everybody's friend and, as such, will be missed from our midst. Being the youngest member of Mrs. V. A. McKnight's family, no one, except those who have given up the baby of the family, can fully sympathize with the widowed mother who thus surrenders the child whom she has tenderly reared, to the care and love of another.

Mr. Chester Coffey, the groom, a son of G. F. Coffey of near Scio, is an excellent young man of good habits and disposition. For several years, photography has been his occupation. But, last year, he and his father, located land claims in the Alberta country, near Carlsbad, where the newly wedded couple will build their new home.

The News joins all of the acquaintances of the happy couple in wishing them a safe journey and a long and happy life.

West Scio Items

Claude Winston has taken the position of night agent at the depot.

Mr. Wilkerson, and son Will, have returned from Portland.

W. J. Whiteman has come up from Portland to stay at home awhile.

Several children in this locality, have had a tussle with the measles the past week.

Boe Phillips has been building fence along the new road which leads to his land on the hill and which will be a great benefit to him as well as several others whose land adjoins it.

Frank Croy the rural carrier for route 2, says that he carries twice the amount of mail now that he handled when he first started the delivery; which shows both a considerable increase in population and prosperity among the farmers.

EVANDA

What Scio wants and needs, is a railroad. It matters not who operates it, so that a satisfactory service is given.

The News editor attended the railroad rate hearing before the state railroad commission, yesterday, April 28.

Mr. and Mrs. Harry Johnston, came down from Goochville Tuesday. They expect to move back to Scio, next week.

Competition gives life and energy to business. The man who is afraid of competition, is not the best man to trade with, as a rule.

Any public or private enterprise, to win out, must have some one to take the initiative. Unless they do so, there can be no progress.

Work on the Crabtree-Lebanon cutoff is moving rather slowly, now-a-days. At the present rate the work will be completed in two or three years.

Ben Gooch will leave Monday, for O. A. C., Corvallis, there to prepare for his final examination before the State Board of Pharmacy. The examination will occur in June.

One of the bad sections of public road is through, what is known as, the Elliott lane, on the Scio-Lebanon wagon road. The supervisor of that district should get a move on.

A test case is now underway before the United States court, at Portland, for the recovery, by the government, of lands wherein the land was patented by fraudulent representation.

When we read of fruit-killing blizzards, one of which occurred in the Mississippi valley states, last week, one can but feel thankful that he resides in the salubrious Willamette valley.

Some people seem to be ready to knock any enterprise which promises to yield the projectors a profit. This is wrong. No man will embark in an enterprise, unless it promises to yield him a profit, either directly or indirectly.
