Young Friends of Roosevelt Make
Long Trip on Bronchos.

New York, June 13.—The two small
sons of Jack Abernathy, friend of Col-
onel Roosevelt and United States mar-
shal, Oklahoma, arrived in
Oklahoma, arrived in
last night, the
2,300-mile jaunt
from Trenton through
an hour after their arrival
tucked into their bed at the
Breslin, after an enthusiastic
reception all along the line.

The boys, Louis, aged 10, and Temple,
6 years old, left their father's
ranch on March 9 on horseback. The
procession through New York was tri-
umphant. An escort of four mounted
policemen met the boys and there was
a string of waiting automobiles two
blocks long.

Trapped, Robbers Shoot.

Japanese Banker Killed, Two Other
Countrymen Wounded.

Ogden, Utah, June 13.—Trapped in
an assemblage they had attempted to
two outlaws made a desperate re-
and escaped, after killing a
banker, fatally wounding another
Japanese and putting a bullet
through the shoulder of a third last
night.

A dozen or more prominent Japanese
were holding a business meeting in
their hall when two armed men entered
and ordered "hands up."

Instead of obeying, the crowd at-
tacked the intruders. The door was
knocked down with a chair.

In the struggle that followed one of
the robbers fired right and left into
the crowd, killing one of the Japanese
and wounding two others. The robbers
finally broke through a window and es-
caped.

More Testimony Coming.

Chicago, June 13.—An intimate in-
side story of the workings of the var-
ious cliques that make up the legisla-
ture is to be drawn from Charles A.
White, the lawmaker, whose confes-
sion brought about the present senator-
ial scandal, when he submits to cross-
examination at the hands of Represen-
tative Lee O'Neill Browne's lawyers.
If the plans of the accused legislator's
attorneys work out, White may be
compelled to add details to his confes-
sion that he never intended should
see the light of day.

Dakota's Vote in Doubt.

Pierre, S. D., June 13.—Three places
on the South Dakota Republican ticket
still remain in doubt—lieutenant gov-
ernor, land commissioner and railroad
commissioner. It probably will take
official returns to decide these con-
tests. It was conceded today that
Johnson, treasurer, and Anderson, au-
ditor, "stalwarts," and Polley, secre-
tary of state; Johnson, attorney gen-
eral; Lawrence, superintendent of pub-
lic instruction, "progressives," re-
nominated.

Enthusiasm Kills Man.

Peoria, Ill., June 13.—During the
excitement at a ball game between
Peoria and Springfield yesterday, Wil-
liam Ristler, a retired farmer of
Averyville, dropped dead while sitting
on the bleachers. He was overcome
with enthusiasm after Peoria had
scored two runs.

Steeplejack at El Paso, Texas, fell
75 feet from a smokestack which he
was painting and escaped with a dis-
located wrist and a broken rib.

Madriz is warned that if he fires a
single shot at any vessel carrying the
American flag, his forces will be anni-
hilated by United States gunboats.

ROBBERS PLUNDER MINE.

Two Men Get Away With Vastly Rich
Sack of Ore.

National, Nevada, June 13.—Two
robbers held up three miners in the
stope above Tunnel No. 3 1/2, of the
property of the National Mining com-
pany, of Nevada, locally known as
"The Mint," on account of its great
wealth, about 11 o'clock last night and
carried off a sack of high-grade gold
ore weighing 100 pounds and valued at
\$3,000.

Sheriff Lamb and a number of de-
puties hurried from Winnemucca to day
and are now investigating the robbery.
This is considered one of the most dar-
ing crimes committed in the state in
recent years. At the time of the rob-
bery the night shift, numbering about
75 men, was busy at work, all the men
within 3,000 feet of tunnel No. 3 1/2.
Under cover of darkness the despera-
dos succeeded in getting past the var-
ious armed guards and hid near the
mouth of the tunnel. Just at 11
o'clock a carman rolled a car of ore
from the tunnel. He was promptly
covered with guns by the robbers. In
accordance with instructions he led the
way to stope 4, where the shift boss
and another miner were working.
This necessitated climbing a small
manway, 60 feet long.

One of the desperados stood guard
over the miners, while his partner de-
scended the manway with a sack of ex-
ceedingly rich ore, telling the miners
that any move on their part meant
death. The second man then descend-
ed the manway and disappeared with
his partner.

An alarm was immediately sounded
and search of the mountains began,
but no trace of the robbers was discov-
ered.

7 TIMES AROUND NEW YORK CITY

Aviator Hamilton Sails Rings Around Governor's Island

Pouring Rain and Broken Guy Wire
Do Not Daunt—Fly to Phil-
adelphia Next.

New York, June 14.—Such a little
thing as a broken guy wire could not
keep Charles K. Hamilton on the
ground today. In the pouring rain,
Hamilton left the ground at 12 min-
utes past 6 this evening and for 10 min-
utes and three seconds circled the low-
er end of Governor's island and hover-
ed over the harbor.

In making his preliminary run over
the sandy surface of the island, Hamil-
ton bumped a surveyor's stake and
smashed a guy wire. He knew it him-
self, but nobody else did until he
alighted after a beautiful flight.

It rained hard all day, but despite
the faint prospects of decent weather
for a flight, a good-sized crowd bore
witness to their faith in Hamilton's
daring. Shortly before 6 o'clock the
weather moderated. There was almost
no wind and the heavy, moisture-laden
air was just right for aviation. So
Hamilton wheeled out his machine,
warmed up the engine and was off in
a few minutes.

Seven times he circled the island at
a height of about 200 feet and then
came down with the swoop of a falcon.

Hamilton confidently expects to
start tomorrow morning at 7 o'clock on
his flight to Philadelphia and return
for the New York Times and the Phila-
delphia Public Ledger prize.

A special train will accompany him.
The weather prediction for tomorrow
in the territory Hamilton will traverse
is fair to cloudy, with rising winds.

BEVERLY AWAITS TAFT.

Summer White House Ready for Pres-
ident and Family.

Beverly, Mass., June 14.—The Sum-
mer White House is swept and dusted;
the broad lawns are green, the elms
have not yet felt the blight of the gyp-
sy moth, and all nature smiles on
Woodberry park, where President Taft
and his family will again seek rest
and health during the coming heated
term.

The Taft family will arrive on the
23d. Staid Beverly people are some-
what excited also at the prospect of
having Colonel Roosevelt among them
for a few days next month as a guest
of his son-in-law, Congressman Nichol-
as Longworth, of Ohio. The Long-
worth summer cottage occupies a point
of land near that on which the Taft
estate is located.

Colonel Roosevelt's chief activities
while in Massachusetts are expected to
be expended in the vicinity of Bos-
ton, as he will be the guest of Senator
Lodge at Nahant after the Harvard
commencement and will speak before
the National Educational association in
Boston on July 8.

Roosevelt will be in parade

Thousands of Delegates Will Line Up
and See Him Go By.

New York, June 14.—Secretary
Crosby, of the Roosevelt Reception
committee, estimates that between
15,000 and 20,000 will be in line along
Fifth avenue next Saturday afternoon
during the parade in honor of Roose-
velt's return.

R. A. C. Smith, chairman of the
harbor display committee, places the
estimate of boats at something over 100.

Many of the organizations will be
in uniform and nearly all will have
bands. To each organization compris-
ing more than 100 persons a block has
been assigned on Fifth avenue. They
will not march, but will stand in their
places as Colonel Roosevelt, the Rough
Riders and other Spanish war veterans
go past.

Western Union Indicted.

Washington, June 14.—The Federal
grand jury today returned an indict-
ment against the Western Union Tele-
graph company, charging it with 42
violations of the bucketshop law of
March 1, 1909.

The claim that the Western Union
company, by means of a telegraph wire
and a ticker, aided and abetted the
conduct of a bucketshop in the District
of Columbia. The 42 counts of the
indictments vary only in the dates on
which the alleged violations are said
to have occurred.

Carlist Party Attacks.

Valencia, Spain, June 14.—Republi-
cans while leaving a great anti-clerical
meeting tonight were attacked by
groups of Catholics and fired upon from
the Carlist club. Violent clashes oc-
curred in the streets and many persons
were wounded. Gendarmes appeared
and dispersed the crowds, after charg-
ing them repeatedly. Many arrests
were made.

FIRE SWEEPS SEATTLE.

Loss Will Aggregate Million—Many
Lives May Be Lost.

Seattle, Wash., June 11.—Fire on
the waterfront in the northern part of
the city late last night swept away
nearly all the buildings on 10 blocks
and caused the loss of \$1,000,000 worth
of property and probably a number of
lives, at least a score, it is thought.

Firemen say that many lodgers in
some of the wooden buildings destroy-
ed must have perished.

The burned area is bounded by Rail-
road avenue just east of the harbor
front, Third avenue, Wall and Vine
streets.

Not all the buildings in this area
were destroyed, a hurricane blowing
from the West having driven the
flames toward some buildings and
saved others.

A violent wind sprung up about sun-
set and tore down signs and drove peo-
ple from the streets.

At 10:20 o'clock an alarm of fire
was turned in from the large three-
store frame warehouse of Galbraeth,
Bacon & Company at the foot of Bat-
tery street. By the time the firemen
had reached the scene the whole build-
ing and its inflammable contents were
a roaring furnace.

The wind from off the salt water
was blowing the flames and firebrands
against other wooden buildings to the
north and east, and the problem be-
came not one of saving property al-
ready attacked, but to prevent destruc-
tion of a thickly settled district occu-
pied by old wooden buildings of the
flimsiest construction.

Dozens of lodging house and so-
called hotels were among the buildings
destroyed. They were two and three-
story buildings, and burned like tinder.
The police and firemen think that some
of the lodgers in these buildings must
have perished. The ruins are still
blazing fiercely and it will be impos-
sible to explore them for some time.

Three firemen were outside a burning
warehouse at Wall street and First
avenue when an explosion threw the wall
of the building on the men, who are
believed to have perished.

HEIKE FOUND GUILTY.

Head of Sugar Trust Convicted—Pen
and Fine is in Sight.

New York, June 11.—Charles R.
Heike, the white haired secretary of
the American Sugar Refining company,
was convicted last night on one count
of an indictment charging conspiracy
to defraud the government of customs
duty on sugar.

Ernest W. Gerbracht, ex-superin-
tendent of the Williamsburg (Brook-
lyn) refinery, was convicted on all six
counts.

For James F. Bendernagel, ex-cash-
ier of the refinery, the jury stood 7 to
5 for acquittal. He will be tried
again.

The verdict was announced at 10:30
p. m., after the jurors had deliberated
for 12 hours less 14 minutes. They
had labored earnestly from time to
time, sending out for transcripts of
the testimony, particularly that refer-
ing to Heike. But it was Benderna-
gel's case that caused the long session.
Over his fate more than 20 ballots
were taken.

This ends the government's second
attempt to imprison the group of men
responsible for the vast underweigh-
ing frauds to which the so-called trust
virtually has confessed by the restitu-
tion of more than \$2,000,000 in duty.

Heike is the highest official of the
company upon whom blame has been
fixed, and he now faces a possible
sentence of two years in the Federal
penitentiary and a fine of \$10,000. He
is 65 years old and broken in health
and spirit. His counsel, in summing
up, declared repeatedly that a prison
term meant nothing less than death.

Recover Many Bodies.

Calitri, Italy, June 11.—The ruins of
Calitri and adjoining villages were in-
spected today by King Victor Imman-
uel and Queen Helena. Most of the
houses in Calitri were destroyed by the
earthquake, and the people who es-
caped are camping in the fields.

Thirty-two bodies have been re-
covered and eight or ten more are thought
to be still under the fallen walls. Two
were taken out in the presence of the
king. One section of the town is al-
most completely buried under the
walls of a feudal castle.

Western Concerns Sold.

New York, June 11.—Announcement
was made today of the acquisition by
the American Power & Light company
of the Northwest Light & Water com-
pany of Philadelphia, which controls
electric light, gas and street rail-
ways in Eastern Oregon and Washing-
ton. These properties include gas
companies in Walla Walla and North
Yakima, Wash., Lewiston, Idaho, and
Pendleton, Oregon.

Quart Whiskey Kills Boy.

San Luis Obispo, Cal., June 11.—
James Hill, a 19-year old boy, died
this morning as the result of drinking
a quart bottle of whiskey on a wager
that he could stand that amount with-
out it phasing him. The boy soon
lapsed into unconsciousness after he
had swallowed the whiskey and never
revived before death came.

INDIANS KILL AND PLUNDER

Revolt of Maya Tribe in Yu- catan Grows Serious.

Pleading Women Slain—Captured Men
Hacked to Pieces—Operators
Killed and Wires Cut.

Mexico City, June 9.—With tele-
graph wires cut and operators murder-
ed or forced to flee, definite informa-
tion is lacking as to the present situa-
tion at Valladolid, Yucatan, the scene
of a bloody massacre by Indian insur-
gents several days ago. The govern-
ment authorities here today, estimated
the number of killed at 40.

More than 2,000 Indians are said to
have been engaged in the attack upon
the town. At last accounts the insur-
gents held Valladolid, having fortified
themselves in the jail and other build-
ings.

About 2,000 Federal and state troops
and volunteers are concentrating at
Dzitas, a short distance from Vallado-
lid, to march upon the rebels.

General Ignacio Bravo, commander
of the Tenth military zone, has been
ordered to the scene and will take com-
mand.

Reports as to the cause of the out-
break conflict. Some say it began
with a protest against orders issued by
the civil authorities known as "Jefe
Politico," while others say it was the
result of a drunken spree. It appears
to have had some resemblance of or-
ganization and is said to have been led
by political malcontents. Colonel Bo-
nilla Montenegro, formerly at the head
of the civil government, at Valladolid,
is said to have been in command of the
raiders.

The first attack was made upon the
buildings where all public offices are
located. After sacking this building,
the rioters turned their attention to
the Jefe Politico, named Regil. The
battle began in the night and it was 2
a. m. when the attack was made on the
building where Regil and many other
citizens had taken refuge.

A bloody butchery followed. Regil's
wife left her four children and went to
the assistance of her husband, seeking
by tears and prayers to reach the hearts
of the infuriated raiders. Regil was
cut down before her eyes and his body
was hacked to pieces. The wife also
is said to have been murdered, as were
all the men in the building, numbering
about 20. Later the five or six gen-
darms in the town met a similar fate.

The people of the town were terri-
fied. Many fled in the direction of
Merida. The mob surged through the
town, crying for blood and pillage.
Victor Ojed, judge of the First In-
stance, was assassinated.

Among the victims were Florentine
Echaratta, commander of the police;
Jose Maria Hernandez, second in com-
mand; Pedro Hernandez, the mayor and
the treasurer.

KAIZER HAS PAYING JOB.

Wages Estimated at \$22.50 Minute
With Income Beside.

Berlin, June 9.—Kaiser Wilhelm's
income is computed to a nicety as the
result of the discussion aroused by the
proposal to increase the royal civil list.
It is estimated that the income he de-
rives from government sources
amounts to 5,340 marks (\$1,335 an
hour, or 89 marks (\$22.50) a minute.
These figures came out in the course
of furious attacks made by Socialists
upon the bill in the Prussian chamber
of deputies.

That the kaiser is really a man of
great wealth is supported by a number
of other facts unearthed by opponents
of the bill. He is owner of about 90
landed estates and 50 royal residences,
including hunting boxes. Also, under
an old law, he receives free, 40 riding
horses each year, valued at about 120,-
000 marks (\$30,000.) The crown
prince has a special income from sepa-
rate sources.

Spite Work in Ballinger Case.

Washington, June 9.—Friends of
Horace Tillard Jones here assert that
he was badly treated by being dis-
missed from his position as special
agent by the Interior department. It
is stated that he had placed his resig-
nation in the hands of H. W. Schwartz,
chief of special agents, but that it was
ignored and placed on the "indefinite-
ly suspended" list, in spite of the un-
derstanding with Schwartz, it being
known that "indefinite suspension" in
this instance is the same as dismissal,
on account of Jones' upholding Glavis.

Suspect Faces Fraud Charge.

Los Angeles, June 9.—The police of
this city say that James A. Woodbury,
recently arrested in Chicago and re-
turned to Los Angeles on a charge that
he had cashed a worthless check, is J.
E. Marcell, wanted in Kansas City
for having borrowed \$10,000 on ficti-
tious collateral. Marcell had previous-
ly served time for looting the State
Bank of Highland, Kan., of \$350,000.
