G. D. Trotters Department Store
Stayton, Oregon

Berries For Sale

Strawberries and gooseberries galore after May 20; logan berries in season till you can't rest. Prices more than reasonable. Gooseberries and currants 25 cents per gallon on the bush; strawberries and loganberries 20 cents for single gallon, or six gallons for \$1 on the vines, or 25 cents per gallon when picked; raspberries, scarce, 25 cents a gallon; pie cherries 20 cents per gallon; large royalans, 25 cents per gallon; small royalans, 15 cents per gallon; black Republicans, 10 cents per gallon at the tree. All berries and fruit is in fine shape. Please do not bring your dogs with you when you come for berries as they are quite annoying to the American Pie Eater, or proprietor of the Santiam Farm. S. W. GAINES.

Bids Wanted

The Trappist Fathers Mill & Lumber Co., ask for bids to deliver 10,000 ties on board cars at West Scio. Ties to be hauled or floated in Thomas creek. Delivery of first car load to be not later than July 1. The bids must be submitted before June 27. Any or all bids may be rejected.

Trappist Fathers M. & L. Co.
Scio, Oregon

South Side Hardware Store

If you havent visited the South Side Hardware store, you should do so. You will there learn for yourself what you can save from the prices you have been paying heretofore. Our mowers, rakes, binders, wagons and other machinery are guaranteed as strongly as any other dealer can guarantee. One of the strongest houses in the state is back of us. Leave your order for binding twine. It is cheaper than ever before. Morrison & Neal, Scio.

Sold for 49 Years in the Pacific Northwest

You cannot afford to buy a mower until you have investigated the ADRIANCE.

NOT MADE BY THE TRUST

ADRIANCE MOWERS Cut clean where no others will cut

Exclusive Patented Advantages

All Adriance Buckeye Mowers and Adriance Buckeye Mowers only—combine the following features—every one valuable:

AUTOMATIC SPRING DRAFT—Prevents damage when striking an obstruction—saves driver, team and mower from shock or strain of sudden stop; greatly lessens average draft.

DRIVING WHEELS are large, wide faced, wide apart; visible driving pawls.

LONG PITMAN—Directly in line with scythe and well protected.

FORWARD ACTING FOOT LEVER—Bar raised with least effort of driver.

LEVEL CRANK SHAFT with solid brass composition bearings at both ends.

ROLLER BEARINGS with retaining cages holding the rollers in place and in line.

SPRING BALANCED FINGER BAR—No more weight on ground than desired.

COUPLING HINGES which permit perfectly free action for the cutting apparatus. No other mower attains this most desirable end.

THE BEST METHOD of lining up Finger Bar, should the hinges wear from long use.

BALL AND SOCKET JOINT at SCYTHE HEAD—No cramping of Pitman when tilting.

THE SAFEST AND BEST MEANS of folding the Cutting Apparatus. A feature of great importance that should not be overlooked.

The Simplest, Best Proportioned, Most Convenient, and the Lightest in Draft

Read What Your Neighbors Say

I. C. CLUTTER, SHERWOOD, ORE.—"Have used an Adriance Buckeye Mower thirteen years; have cut over very rough land and given machine very hard knocks, but it appears we shall not be able to wear it out. During all these years it has cost me scarcely anything for repairs."

C. S. RESSBURG, MANOR, WASH.—"In nine years, cutting has cost me nothing for repairs. I believe it will cut when no other machine will."

JOHN BLISS, TROUTDALE, ORE.—"Have cut no less than 40 acres of heaviest grass each year for ten years. Machine always does very best work."

Hundreds of other Pacific Northwest testimonials on file.
