OUR PORTLAND LETTER

Improvement News Shows Oregon's Industrial Progress

Portland, Or., June 28.—The old Dalles military wagon road grant is about to be placed on the market and this land, together with the Willamette Valley & Cascade Mountain road grant that is to be sold in small tracts, will mean a great colonization movement for Oregon during the coming few years. The Dalles grant comprises 430,000 acres and is very largely valuable agricultural land. Its settlement will mean a great increase in the state's population and wealth.

The Pacific Power & Light company, organized by Eastern capitalists with a capitalization of \$7,500,000, plans to develop a great electrical generating and distributing system throughout the Yakima, Columbia and Walla Walla valleys. Other concerns have been taken over by the big corporation, which will give special attention to furnishing power for irrigation work throughout the territory covered. It is promised that by concentrating the water power development in the Northwest, a more satisfactory service will be developed than can be rendered by private companies.

Uncle Sam is counting his timber wealth on the slopes of the Cascade Mountains. Expert timber cruisers in the employ of the Government are at work making the estimate and it is expected it will take all this summer and next to complete the cruise of the watershed of the Willamette River and its tributaries in the cascade reserve. The land will be classified and the timber segregated into logging units. This is the first attempt, so far as known, of the Government to take an inventory of its timber resources.

Lumber manufacturers of the Oregon & Washington association are perfecting plans for the logging congress to be held in Portland late next month. The visitors will spend three days in the city and local loggers and lumbermen will be hosts. The sawmill men and timber cutters of the northwest will become better acquainted as a result of the gathering and the benefits following the meeting will be mutual.

Portland will be host to thousands of delegates to the national convention of the Ancient Order of Hibernians, which comes to this city July 19 to 24. It is predicted that 15,000 visitors will be here at that time, delegates coming from every section of the country, and many tourists will arrive during the same time, attracted by the special rates. Entire trains have been arranged for from many Eastern cities. Local members of the order are arranging a great reception for their guests.

A state convention of Esperantists has been called for July 16 in the convention hall of the Portland Commercial Club, when students of the new world language, educators, teachers and others interested are asked to meet to consider the organization of a state Esperanto association. Other matters vital to the widespread adoption of the new language will come up. Among these will be the election of delegates to the International Esperanto Congress, to be held at Washington, D. C., August 14-20, and the proposal to introduce Esperanto in the public schools, as it is being done in Maryland and elsewhere. Further information about the coming convention can be had from the Portland Commercial Club.

Hon. Jefferson Myres, who is a possible nominee for Oregon's next governor, was a visitor at his old Scio home, last week. From an hour talk with Mr. Myres, last Sunday morning, the NEWS man gathered the idea that many people, some of them republicans, look upon the election of a democratic governor, next fall, as being not only a possibility but a probability. Mr. Myres does not expect any serious opposition to his nomination.

THE BROWNSVILLE

TIMES IS WRONG

The Linn County Fair is Wide Open to All Exhibitors and Everybody is Invited

The Brownsville Times is mistaken in its deductions regarding our Linn county Fair. There is no disposition on the part of the Fair managers to bar any section of the county, or from the valley, for that matter. Lebanon and Albany both requested that a day be set apart and advertised for them. Another day is designated "Grange Day" in order to promote Grange exhibits and, also, to encourage a sort of Grange rally at that time. "Scio Day" was designated, simply because Brownsville nor any other South end of the County town had asked for them themselves recognized and advertised. There is no thought of slighting any portion of the county. All the same, Brownsville and all of the South side of the county are cordially invited to be present any or every day of the Fair. Or, if that portion of the county and will attend in any considerable number, prepare a program or make up a race purse, "Scio Day" can be easily changed to read "Brownsville Day" or "All South Side of the County Day" and be advertised hereafter as such.

The fair is for all of Linn and as much of adjoining counties as will participate. The premium list, amounting to over \$2500, is wide open to competition for all comers, no matter from what part of the state; and the capacity of the gates to admit visitors is unlimited. Even the editor of the Brownsville Times can obtain entrance, if he will come and the NEWS man will see that he does not have to sleep out of doors.

Circuit Court

The June term of the circuit court convened this Monday, in charge of Judge Burnett, and disposed of the following business:

The new grand jury will have a busy session with the following cases already in their hands: Ernest Porter, for the murder of John Shannon; F. J. Armstrong, Mel Kelly and Wm. LONG BEACH, WASHINGTON

Weather Conditions at This Famous Mouth of Columbia Resort, Ideal

The fine weather prevailing on the North Beach, is bringing hosts of visitors to the ocean shore, intent on securing rest and a good coat of tan.

The outlook is particularly bright for a remarkably busy season this summer, the number of visitors at this time being far greater than ever before at the same time of the year.

The march of progress is evident throughout the entire length of the beach, and development being assured, prosperity is but a matter of course. Work on the Automobile Boulevard is progressing very rapidly, beach houses by the score are being erected, and new rooming houses and old are being rapidly put into shape to take care of the boards of summer transients which will soon be down upon us.

The North Beach Push Club with its combined effort, shouldering the wheel of progress, has awakened an era of activity, which will undoubtedly secure the proper recognition of the unsurpassed advantages of the North Beach for enjoyable outings, and, at the same time, all the comforts of home.

Negotiations are now pending with Portland capitalists for the installation of a water system to supply the beach and surrounding countryside with fine mountain water. With the culmination of this project, one of the obstacles to an otherwise incomparable locality is obliterated.

Foot Amputated

For several days, last week, Mrs. Haman Shelton was reported to not be getting on in a quite satisfactory condition. Nevertheless Dr. Prill, her physician has made daily visits since she was injured and has given the wound every possible care, the bones have shown but slight inclination to knit. The injured member was, also, becoming more painful than it had been previously. Dr. Prill thought the condition sufficiently serious to call counsel, so early Monday morning Mrs. Davis and Wallace, of Albany came over in that capacity.

After thorough examination, all of the physicians determined that amputation was imperative to the healing of the wound. The operation was at once performed to the satisfaction of the medical men. When the patient aroused from the effects of the anaesthetic, she was made as comfortable as possible and Dr. Prill has hopes that there will be no further impediment to recovery.
