AT THE FAIR GROUNDS

Everything is Ready For the Fourth Annual
Linn County Fair

Nothing will be lacking on the opening day of the Fair. The management have been busy and every department will be ready for the best Fair in the history of the association.

The racing is sure to be everything desirable and the exhibits will surpass those of any of the previous years.

Come to the Fair and you will have the time of your life, besides seeing the best that Linn County can exhibit in stock and agricultural products. And the amusements will be there too. The Miller Amusement Company promises to have the best aggregation of amusements ever given in Scio.

But why argue and state what will be at the Fair. If you will come, you will have the time of your life? If you want to camp, no better camping grounds can be found in the state, than will be furnished you free. If you can stay but one day, rest assured that everything possible will be done by the management to make the day pleasant for you. But at all events come, bring your wife, babies, hired girl and hired man. A cordial welcome is extended to all.

We have the largest stock of cook stoves, ranges and heaters, ever carried in stock in Scio. We defy competition in quality and price. Call and examine our stock. If you do not want to purchase, it will not cost you anything to look them over and we will be pleased to show them to you. And don't forget that there is a large silver dollar just inside the door that you save on every \$10 purchase. Morrison & Neal.

The running races at the Fair, this year, will be up to the standard of the racing at the Portland or State Fairs. The horses entered for the races here will run at both of the above mentioned Fairs.

Everyone who has a spare bed should make the fact known so that the Fair visitors will be properly taken care of.

Oh Glory! More Baseball

Don't forget the time: First day of the fair at 12:30 sharp.

The Hook and Ladder team will line up thus: Huck Sims, Alex Monson, Dr Sanderson, Lof Calavan, Bill Williams, Dunder Cyrus, Fred Jones, Dago Morris and Peterson MacDonald.

The Hose lineup will be: E. C. Peery, Joe and John Wesely, Roll Morris, Ben Gooch, Roger Cain, John Leffler, Henry Stam, and Clem Gough.

Now comes the proposition, as with Jeffries, can these old "big leaguers" come back? The sporting world is anxious to see whether these big league sports can make good and once more show their skill as ball players. They all claim to be in the pink of condition and some sensational plays are assured. Cain, the crooked wing man, will receive behind the bat for the Hose team and this alone should draw all to the ball grounds at the above date.

In a late issue of the Oregonian, that paper refers to the late primary election in California and cites the futility of trying to defeat one candidate with three. Of course this cannot be done. But suppose the four were before a delegate convention and the vote should be proportionately divided, as in California? Unless another ballot was taken and the minor candidates dropped out, a plurality vote would have to decide. The only difference would be, as between three or four hundred delegate votes as compared with, probably 50,000 votes by electors. Whenever the Oregonian can establish the divine right of some man or men to rule others, it can establish that the vote of a few hundred delegates can express the wishes of the people better than the people can express that wish themselves.

J. R. Pound, our new liveryman, is making extensive improvements to the livery barn, equipment, etc. A ladies waiting room has been added and several new rigs as well. Mr. Pound is certainly endeavoring to give the Scio public the best livery service that she has ever had. E. J. Balachweid did the carpenter work.

The forest fires are more numerous and destructive, this year, than for many years past. The excessive dryness is responsible. The soldiers, as fire fighters, have proven a splendid success. They consider the fire as an enemy to be subdued and go after it just the same as they did the Philipinos.

Every subscriber or those who desire to become subscribers, to the NEWS, will be entitled to one year's subscription, if he or she guesses the nearest to the number of people who attend the Fair on Scio (the last) day. The guess must be registered before the opening day and must be made by a paid-up subscriber.
