For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the early morning or late at night, before or after the steamheat is on, it is of importance to have extra heat. In the builder's outside office, in the shipping room, in the checker's shack, on exposed lofts, in railroad stations, in studios, the

PERFECTION SMOKELESS OIL HEATER
Absolutely smokeless and odorless

Is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly. With four quarts of oil it burns nine hours. Has **automatic-locking flame spreader**, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the font. The filler-cap it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in Japan or nickel. It is strong, durable, well made, built for service, yet light and ornamental.

Costly Articles.

The most costly book in the world is a Hebrew Bible, owned by the German government, which a few years ago refused the Pope's offer of \$125,000 for it. The most costly medicine a few years ago was metallic gallium, which sold for \$150,000 a pound; but radium is now the priceless gem of the mineral world, selling for more than that price an ounce.

Real Courtesy.

"Ray," said our Country Cousin, "you was wrong when you said that Mr. B Jones wouldn't have time to talk to me. Why, he hadn't read that letter of introduction you gave me half through before he told me to call again. Yes, sir, he seemed to want me to come and see him real often. While I was explainin' who I was, he invited me to call again at least six times. And I'll bet I wasn't there more'n an hour."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Strange Hobby.

William James, probate court deputy, tells of a pest extraordinary that comes about that office. She is a woman, a middle-aged, heavy jawed person, who comes around shortly after she has read in the paper of the death of a prominent man. And she comes because she wants to read the dead man's will as soon as it is probated. She has no hopes of receiving a bequest in any of the wills. She just likes to look them over. Reading wills is her hobby.—Cleveland Plain Dealer.

Betty and the Kitten.

If It Really Concerned Him.

"You told me Mr. Hyjama was busy, but would be at liberty in a few moments," said the caller. "I've waited nearly a quarter of an hour. Will you kindly tell me what is detaining him?" "He's buttonin' of Mrs. Hyjama's new gown up the back. If you must know!" snapped the domestic.

22 Remington REPEATING RIFLE

We are just as proud of the REMINGTON 22 Repeaters as we are of the Remington Big Game high power rifles—for just as good reasons. No other make of the .22 class is built to as high a standard.

The features that place the REMINGTON 22 in a class by itself are the real big REMINGTON features—Hammerless and Solid Breech. You clean the barrel from the breech—not forcing the dirt back into the working parts as in other .22's, insuring life-time usefulness and maintaining constant shooting condition.

There is perhaps a greater difference between the REMINGTON 22 and other .22 Repeaters than is to be found between rifles of any other class.

A REAL RIFLE—the REMINGTON 22 Repeater. Shoots without adjustment. .22 short, .22 long or .22 long rifle cartridges.

Set of Targets Mailed Free.

Destroys Hair Germs

Recent discoveries have shown that falling hair is caused by germs at the roots of the hair. Therefore, to stop falling hair, you must first completely destroy these germs. Ayer's Hair Vigor, new improved formula, will certainly do this. Then leave the rest to nature.

Does not change the color of the hair.

Ayer's

Recent discoveries have also proved that dandruff is caused by germs on the scalp. Therefore, to cure dandruff, the first thing to do is to completely destroy these dandruff germs. Here, the same Ayer's Hair Vigor will give the same splendid results.

Human Life as National Resource.

The gradual lowering of the death rate is one of the great achievements of science and civilization. Conservation of life is the most important of the many current projects for conserving national resources. But human life is still held far too cheap and methods of checking waste are still more or less rudimentary.
