

Glad Tidings For Christmas Shoppers

Our store has been transformed into an immense Holiday Bazaar—filled to overflowing with gift goods for all.

Our preparations for the Christmas season are complete and we invite your inspection of the abundance of gift goods now bounteously spread before you throughout the store.

Space will not permit of an extended list of gifts, but here you will find many things both practical and pretty from which to choose the one best gift for everyone on your Christmas list.

Shop early—the best is always the first to go.

Henry Miller and Enoch Shelton returned from Salem, Monday, each bringing a load of tiling, to be used in constructing a drain from their properties to Thomas creek, a valuable improvement for that part of town.

In our next issue, being the last of the year, the News will give a resume of the business and improvements of Scio, during the past year; also statements of our business men as to the volume of business as compared with previous years.

The better half of the News has sweet peas in bloom and there is grass in the yard that will measure 12 inches and is still growing. Those people of the East, who are struggling with blizzards and zero weather, will think such things impossible, so far north as Oregon is located. But it is a fact and, barring when it is raining, many of our citizens can get along without coats. Now some smartaleck of a newspaper, may intimate that these coatless citizens have no coats. But they have, just the same.

The manufacturers of war material are trying to get up a big war scare, so that an increased sale of their products may be made. The News thinks all such talk is mere buncombe. The United States can mobilize an army of any desired size, quicker than any nation on earth. True, the average citizen may not understand the military commands without a few days instruction, but he does understand horses and knows how to shoot, which is the prime purpose of the soldier. The United States does not need to fear any other nation. Our resources are unlimited and the intrepid patriotism of our people is unequalled by any large nation.

A Wireless Message From Santa Claus

At C. G. Gough's Store where I have my headquarters, there are Christmas Cards of all kinds, Toys, Games and a lot of pretty presents. There is also some Pyrography outfits and pieces to burn. Call and see them.

The Wonderful ALADDIN Lamp

Wonderful because it produces a luxurious, soft, white light, excelled only by sunlight. Burns ordinary kerosene or coal oil, the cheapest of all illuminating fuels.

Burns Less Oil than Any Other Lamp of Equal Candle Power

Aladdin Lamps are most durable in construction—easiest to take care of—simplest in operation. The light is brighter and easier on the eyes than gas or electricity.

Occultists declare the Aladdin Gives The Best Artificial Light Known. Users declare it is not only the best light, but the best Lamp known.

There is No Equal. The Aladdin is superior by test and best by comparison. It appeals to those who want superlative excellence for its own sake—appeals to those who consider economy a first essential. Odorless, smokeless, simple, safe and clean—The Ideal Lamp for the multitude.

Don't be bamboozled by an imitation. There is only one Aladdin. Insist on having it. The name is on every burner.

Investigation is the keynote of progression. Let us show you Aladdin
