forth. As a result of the grand jury's investigations, it is apparent that both parties have participated in the vote buying. Starting at \$1 and \$2, prices have risen in recent years to \$20 per vote. Much of the hoodling has been almost public. Instances of auctioning votes are reported. Judge Blair, born and brought up in the county, recently determined to end the corruption.

In the Circuit of the State of Oregon For the County of Linn
Department No. 2

In the matter of the application of A. W. Gaines, Eva B. Davenport, A. C. Gaines, J. F. Gaines, L. J. Gaines, Jorie W. Gaines, Sarah P. Leever, and G. B. Leever to register title to the land in said application described, to-wit: Lots numbered thirty-three (33) and thirty four (34) in the city of Scio, Linn county, Oregon, as the same appear and are designated upon the recorded plat thereof on file and of record in the office of the county recorder in and for said county and state. Plaintiffs

vs. John Wesely and R. M. Cain and all whom it may concern. Defendants.

To all whom it may concern: Take notice, that on the 31st day of December, A. D., 1910, an application was filed by the said A. W. Gaines et al. in the Circuit Court of Linn county, for initial registration of the title to the land above described.

Now unless you appear on or before the 6th day of February, A. D. 1911, and show cause why such application shall not be granted, the same will be taken as confessed, and a decree will be entered according to the prayer of the application and you will be forever barred from disputing the same.

Among those indicted are many of his life-long friends and some of his early playmates. Men in all walks of life and unblemished reputation otherwise, have been caught in the net. So far, the judge has indicated his purpose to go after only the vote sellers. So strong have been their demands for compensation for their ballots that officeholders have been able to earn only small net salaries. Where pleas of guilty have been made the offender has been disfranchised five years and fined a nominal sum. Workhouse terms have been given to practically all, but most of the prison sentences have been suspended. An editor who denounced the investigation has been punished for contempt. Corruption in Adams county goes back for more than twenty years and is perhaps largely due to a general sanction of a growing custom as well as the absence of railroads, telegraph and the telephone. There is in the county only one railway line, a branch of the Norfolk and western, and few telegraph and telephone lines. West Union, the county seat, is not reached by either telegraph or railway. In this respect it stands alone among county seats in Ohio."

OUR PORTLAND LETTER

President Atwell of the State Horticultural Society has issued a call for a convention of fruit growers and fruit shipping associations of the Pacific Northwest to meet at Portland January 24. The convention will consider the organization of a fruit growers central selling agency and also decide what attitude shall be taken toward apple box legislation.

It is proposed to model the association on the citrus fruit growers organizations of California and limit it to the boxed apple trade. It will include Western Montana and Western Colorado, which, with the Pacific Northwest, grow practically all the boxed apples of the country. Better distribution of apples, providing against glut in some markets and scant supply in others, are the prime objects of the association.

The convention, coming as it does the week following the meeting of the Washington Horticultural Association at Prosser on January 17, will probably attract some attention from that body. President Atwell and others

will go to Prosser and speak before the Washington orchardists on the proposed association.

Thousands of pounds of black walnuts and acorns are being shipped by the Government from Arkansas to District Forester Chapman of Portland to be distributed for seed throughout the burned-over forest areas of the Pacific Northwest. Forest rangers will take charge of planting the seed and within the next quarter century it is expected Oregon will have great quantities of hard woods available for furniture making and other uses.

A project to create a reserve for mule tail deer in the lava bed region of Klamath County has been started and the matter will be brought to the attention of President Taft. Opposition has developed, however, on the part of sheepmen who want to retain the lava bed country for winter range. They contend the deer reserve should be created in the mountains nearby.

Portland proposes to celebrate Dewey Day, May 1, 1911, in a manner long to be remembered. The cruiser Boston, which is credited with having fired the first gun in the Spanish-American war, will be in the harbor, acting as a training ship for the Oregon Naval Reserve, and the same gun that fired on the Spaniards in Manila Bay will boom out a salute to Admiral Dewey. That great sea fighter is to be invited to attend the Portland celebration.

Wealth in Oregon streams, as well as in the fertile soil of the Beaver state, is shown by the figures of the annual take of salmon in Oregon waters, chiefly the Columbia River. A total of 250,000 cases, 35,000,000 pounds, was packed during the past year, having a value of \$3,100,000.

Eugene boosters will build a home for their commercial club. The Club will incorporate and issue bonds, erecting a five or six story building for their quarters and leasing such surplus space as there may be. The Eugene club is very much alive, having lately added a large number of members and a big promotion fund is now being raised.

A large increase in the general state fund is shown during the last two years, according to the report of the Secretary of State. Receipts amount to \$3,752,939, against \$2,805,405 for the preceding biennial period.
