Intentional Blinding.
Intentional blinding to escape conscription for the army is still met in Egypt. The means employed are either the placing of a hot needle on the cornea, producing a dense white leucoma, or a puncture often involving the lens, or by the introduction of lime or an irritant vegetable juice in the eyes.

Makes Good Paper.
Tests made in Great Britain have shown that excellent paper can be made of blue gum wood. Australia possesses an enormous supply of this wood, and steps are being taken to utilize it.

Hook-Throwing.
Smiley—"So you just got back from a two-weeks' fishing trip, eh? Have any luck?" Grafton (gleefully)—"Only cleaned up a little over a hundred—and we didn't play every night, either!"

SHE HAD CONSTANT PAIN

Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Dewittville, N. Y.—"Before I started to take Lydia E. Pinkham's Vegetable Compound I suffered nearly all the time with head aches, backaches, and bearing down pains, and had a continuous pain in my left side. I made me sick if I tried to walk much, and my back was so weak that I was obliged to wear corsets all the time. But now I do not have any of these troubles. I have a fine strong baby daughter now, which I did not have before taking Lydia E. Pinkham's Vegetable Compound."—Mrs. A. A. GILES, Route 44, Dewittville, N. Y.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Cure for Scratches.
Scratches are caused by exposure to cold and wet, local irritation or low condition, all of which should be avoided if possible. In simple cases apply cloths wet with a weak solution of sugar of lead and in winter cover to keep out cold. When cracks have appeared, apply a similar lotion with the addition of a few drops of carbolic acid. In case of discharge or pustules, make a lotion of chloride of zinc instead of the lead; finely powdered charcoal may be sprinkled over the cloths.

Broker's Occupation.
A broker is a person who executes orders for the purchase or sale of stocks or other property; in other words an agent. The term brokerage is applied to the buying and selling of stocks or other property for others, and the fee charged for the transaction of such business is also called brokerage.

Might Be Good Idea.
It is distressing to think of the waste of time and money, and sometimes temper, which could be avoided if education in housekeeping were recognized as a part of the school curriculum.—Exchange.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

The "Country Churchyard."
Those who recall Gray's "Elegy in a Country Churchyard" will remember that the peaceful spot where "the rude forefathers of the hamlet sleep" is identified with St. Giles, Stoke Poges, Buckinghamshire. In the prosaic pages of a recent issue of the Gazette there appears an order in council providing that ordinary interments are henceforth forbidden in the churchyard.

Many Species -- Shark.
Seventeen species of shark, some of them 25 feet in length, inhabit the far western sea, while the basking shark of the Indian ocean frequently attains a length of 50 feet.

Perfectly Natural.
"They say he fell in love with her when he saw her dancing in her bare feet." "He probably inherited his liking for bare feet. His father laid the foundation of his fortune as a chiropodist."

Good for Sore Eyes.
For over 100 years POTTIT'S EYE SALVE has positively cured eye diseases everywhere. All druggists or Howard Bros., Buffalo, N. Y.

An Ace Up His Sleeve.
Munich has once more become the scene of a "painful incident" through ignorance on the part of a young man, the son of a high official, as to how to hold his cards when playing, says the Munchener Post. A game was in progress at a club when some one saw the young man draw an ace from his sleeve. When the excitement caused by the operation had somewhat subsided a prominent citizen prevented criminal proceedings by bundling the card sharp into an automobile, which took him without stop across the Bavarian frontier.

Love a Sacrifice.
Love is a many-sided sacrifice. It means thoughtfulness for others; it means putting their good before self-gratification. Love is impulse, no doubt, but true love is impulse wisely directed.—H. R. Haweis.

Marking Linen.
When using marking ink to put initials, etc., on linen do your work first with an ordinary lead pencil, and then use the marking ink over the work. The pencil will prevent the ink from spreading and giving the linen a blotted appearance.

Mexican Valley.
The valley in which the City of Mexico is situated is some 50 miles long by 40 broad and 7,500 feet above the sea level. It is supposed that the basin was formerly filled with water and several lakes still cover a part of it. The site is one of extraordinary beauty and impressiveness.

Dr. Pierce's Pleasant Pellets first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Lacked Atmosphere.
"I did hope for an artistic career," said the disappointed looking man, "but I met with difficulties I could not conquer. What I needed was atmosphere." "I see; the same old trouble. What were you—an author or a painter?" "Neither. I was learning to play the trombone, but I was naturally short of breath."

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become bloodshot, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alterative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics nor alcohol.

The ingredients, as attested under oath, are Stone root (*Gallinaria Canadensis*), Bloodroot (*Sanguinaria Canadensis*), Golden Seal root (*Hydrastis Canadensis*), Queen's root (*Stillingia Syriaca*), Black Cherrybark (*Prunus Virginiana*), Mandrake root (*Podophyllum Peltatum*), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fevers; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.
