A Budding Merchant.

The jeweler had left his new boy in charge of the store while he went home to his dinner, but not until he cautioned the youth that all the goods were marked and that he must not let anyone take goods with him unless they were paid for.

"Well, Sam," he asked upon his return, "did you have any customers?"

"You bet!" said Sam, gleefully. "And I got his money, too! I sold one man all those brass rings you had that were marked 18c on the inside, and here's the money—a dollar and ninety-eight cents!"—Jude.

The Milk Tyranny.

As an article of diet milk is over-estimated. Man is the only animal who when grown to be adult drinks milk. The cow herself will not drink it except in rare instances. Many horses refuse it. In the wild, if the grown lion or elephant or fox were disposed to dispute with the younglings for possession of the udder he could prevail and rob the sucklings till the race was lost.

A large clothes basket lined and filled with a many-times folded blanket or large cushion makes a cozy nest for a baby, and in this the little one has room to lie and stretch his little limbs about. It makes a change from the cot, and the babe is more out of draughts in the basket than when lying on a hard surface.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers, in handsome cloth-binding, 31 stamps.

Eccentric Work Basket.

There are work bags made of turtles. Could anything be odder? And yet they are not unattractive, queer as they sound. The shell of the turtle is lined with some gay silk, and the tail is pulled over and inserted in the mouth, then used as a handle. They make nice sewing baskets, and will undoubtedly appeal to the lovers of the eccentric.

In Virginia.

A few Sundays since, in a small school at Independence, Va., the subject was "The Wise and Foolish Virgins." One of the teachers asked the class the following question: "Which of the invited guests did not have their lamps trimmed and burning?" The one to respond was a pretty little girl. "Can you answer the question, Molly?" asked the teacher. "Oh, yes, sir," said the little girl. "It was the foolish Virginian!"—National Monthly.
