

Specialized Farming.
Miss Jessie Nicholson inherited a farm of 325 acres in New Jersey, which her father had farmed in the old way. When she took it she realized that the new way to do things is to specialize, so she began to do this on the farm. She raises Canada field peas, her own hay and makes a silo, sells chickens and milk, and that is all. There are 160 cows and she puts away \$2,000 each year.

Never an Overproduction.
So long as there are thousands of poorly nourished and underfed men, women and children in every large city, many of whom are sustained by charitable aid, there can be no overproduction of food. In every large city there is an enormous underconsumption not only of food but of other necessities that are having a serious effect upon the best development of cities.

Constipation causes many serious diseases. It is thoroughly cured by Doctor Pierce's Pleasant Pellets. One laxative, three for cathartic.

To Polish Furniture.
For furniture there is nothing to equal olive oil or raw linseed oil, rubbed into the wood, according to the grain. The woodwork may require retainting as well. Ordinary old oak is always improved by rubbing it with warm beer. It should be remembered that linseed oil has the effect of darkening mahogany.

IN LATE WINTER AND EARLY SPRING
We seldom feel JUST RIGHT

At such a time KASPARILLA is the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value. **THE BEST SPRING MEDICINE** HOYT CHEMICAL CO., Portland, Oregon

OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."

—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.
Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

Industry in Switzerland.

Depends on Crops.
The financial barometer rises or falls with assurance of promise of greater or lesser crops. With large crops every interest of manufacturers, trade, transportation and commerce are active with promise of general prosperity, and no private interests should be able in any manner to obtain preference or advantage over an industry upon which the prosperity of all great interests are so largely dependent.

Consolation.
Wife of Belated Fox Hunter—"Oh, Perkins, what do you think can have happened to Sir John? Surely, if he's been thrown and hurt the mare would have found her way home by now?" Coachman—"Oh, no mum—a nice gentle animal like 'er would have browsed round the body until it was found."—Punch.

Thrashing Machines.
The flail was the only instrument formerly used for thrashing grain. The Romans used a machine called the tribulum—a sledge loaded with stones or iron, drawn over the grain sheaves by horses or oxen. The first machine attempted in modern times was invented by Michael Menzies at Edinburgh, about 1732. Another was invented in 1776. It is only within the past thirty-five years that the thrashing machine was brought to anything like perfection.

Beating the Bachelor.
In Sicily the fir tree is unknown as a Christmas adjunct, but the very ludicrous custom of "beating the bachelor" is observed by the women. All of the unmarried men in the village are driven into the church after mass by the outnumbering women and run about the sacred edifice and beaten until they declare (often falsely) that they will wed ere another Christmas come around.

One on the Agnostic.
A tiny girl once taught an agnostic a lesson with simple impressiveness and force. "God is nowhere," so the agnostic wrote on the small maiden's slate. The child unsuspiciously replied: "God is now here."

But Marks of Trade.
Cities are not the producers of wealth. They are but the markets or trading places for the products of the wealth of the earth and of labor, and for the distribution of commerce. They are not the places for homes, for they have to be continually giving way to the growth and demands for trade.

"Johnny," said Bob, "you will never live to be married if you sleep with your mouth open. You'll die of consumption if you don't stop." "But you sleep that way sometimes," replied John. "Yes, that's true," replied Bob; "but whenever I feel myself sleeping that way, with my mouth open, I get up and shut it."

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
