It must be said of Buddhism that it has left one indelible mark all over India, China, and the east, and that is the teaching of gentleness and kindness to one another and to animals. ## MODEL CURIOUS TO KNOW

**Tom Browne, Celebrated English Artist, Meets Suspicious Negro Glass Chewer.**

Tom Browne, the celebrated English humorous artist, may be said to have had no education whatever in drawing. He educated himself. What he saw he drew, and his genius made it a picture. He did go to an art school at Nottingham for a couple of terms, and it was a good school in its way.

Anyhow, he grew tired of the cut-and-dried methods obtaining there—of the restraint, as he once put it to me—and so with about a dozen other would-be artists he took a room over some stables and there drew and painted from "life." They took it in turns to procure models—a tramp, a newspaper boy, a flower seller, anybody who wanted to earn a quarter served their purpose.

One night Tom, securing the neighborhood for a subject, lighted on a negro who earned a living by chewing glass in public houses. This nice gentleman was asked if he would come to the loft to be painted.

He looked at Browne earnestly for some moments and, evidently laboring under the impression that the natural hue of his body was to be altered, he demanded: "Will it come off, sah?"

### Sand and Germs.

Pretty ideas don't always appeal to the experts in hygiene. Kissing, for example, is dangerous, and even that sand provided for children in the parks is not so innocent as it looks. The sand-hopper, with which children are so familiar on the real seashore, is replaced, according to the gloomy experts, by another kind of hopper. The sand, in a word, when the children have played architects with it for a time adds grittiness to grittiness. This is not necessarily a reflection on the children or the children's parents, for sand, like loose hay and straw, seems to produce crits out of nowhere. But, after all, sand can be renewed at small cost, and if the economists about too loud let them be invited to take the old sand. It will be as good and critless after that as when it was new.—London Chronicle.

**Ingenious Spider Web.**  
Spiders have a number of ingenious ways of alluring and catching their prey. A writer describes an American spider which haunts evergreen trees, and snares its dinner by means of a kind of lasso. The web of the spider is triangular in form. Two corners of the triangle are attached to twigs, but the third corner, which ends in a single thread, is held by the spider, perched on a neighboring twig. When a fly strikes the web the spider looms his hold and the elastic threads instantly entangle the victim.

**Eccentric Work Basket.**  
There are workbags made of turtles. Could anything be odder? And yet they are not unattractive, queer as they sound. The shell of the turtle is lined with some gay silk, and the tail is pulled over and inserted in the mouth, then used as a handle. They make nice sewing baskets, and will undoubtedly appeal to the lovers of the eccentric.

## Doctors Said He Would Die

### A Friend's Advice Saves Life

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with the passage of pure blood with the urine. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly. Yours very truly,
