Construction work on the irrigator
system of the Willamette Valley Irrig-
ated Land Co., at West Stayton is
progressing rapidly, the weather havin-
been unusually favorable for outdoor
work. From 75 to 80 men and 30 to 35
teams have been at work daily and it is
expected that water will be turned into
the Canal this month.

Verle Walton was drowned in the
canal at Lebanon yesterday. She and
her older sister were playing on the
bank of the canal, when the sister
stepped away, and she accidentally fell
into the canal and was carried to the
headgate by the swift current. Her
sister made a desperate effort to save
her but without avail. She was ten
years of age, the daughter of a widow
and niece of Mrs. William Morgan of
this city, whom she has visited a num-
ber of times—Albany Democrat

A Neighbor's Opinion

After a warm fight the new charter
of Scio was adopted by a vote of 56 to
36. Under the new charter the limits
of Scio are just a mile square. It is
said the matter may be taken to the
supreme court, the people in the district
added not voting by advice of their
attorney, though they had the right to
do so. Scio people should sustain, not
obstruct a movement of this character
in the interest of the progress of the
city—Albany Democrat

Did it Ever Occur to You

That perhaps you are making a mistake by not getting our prices before
buying lumber, sash, doors, lime, cement, plaster, etc., somewhere else?
You are old enough to know that there's a lot of difference in the quality
of every one of these articles, just the same as there is in tea and coffee.
And that there's always more or less difference in the prices, too.
Then, as you can always get the most and best here, at the lowest
prices, why aren't you making a mistake by not buying here. From
where we sit, it looks like you were passing up a good thing.

When a Man Buys Clothes

He goes to the store in which he has the greatest confidence. He does not judge stores by what
they claim to do, but by what they do do. He goes to the store that he has learned always gives
all or more than they promise. While some stores are always promising unheard of values, it is
quite often the case that some other store not claiming so much, is really giving better values.
While we believe in advertising, we know that men judge us mostly by what we do, and hence we
depend upon real, genuine value-giving, to get our customers, and keep them. ¶ When in Albany
you are welcome to come to our store for a place to be at home. We are anxious for the particular
young fellow, the slim young man, the fat man all who seem to have a hard time to set clothes to
fit and suit, to come to us, as our store is the largest south of Portland, and none there are better.
