Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption, but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

They are expelled and the whole system is renovated, strengthened and toned by

Light in Ocean's Depths.
Distinct traces of light have been detected at the great depth of 500 fathoms below the ocean surface by Mr. John Murray's oceanographical expedition of 1910. More recently, brightly colored organisms have been dredged up from an even greater depth, in the form of rose foraminifers with rose tusk shells.

The Charger at the Funeral.
The charger led at the funeral of a cavalry officer is a relic of the custom when a horse was sacrificed at the grave. An officer led the charger behind the bier to the brink of the grave and it was there slain and thrown upon the coffin. The last occurrence of this kind took place at Treves, Germany, in 1781.

Compliment Well Returned.
The story is told that Judge Story and Edward Everett were once the prominent personages at a public dinner in Boston. The former as a voluntary toast, gave: "Fame follows merit where Everett goes." The gentleman thus delicately complimented at once arose, and replied with this equally felicitous epigram: "To whatever height judicial learning may attain in this country, there will always be one Story higher."

Physician Said Appendicitis Gall Stones Expelled by the Great Kidney Preparation

I thought I would do you a favor and let you know what Swamp-Root has done so far for me.
About one year ago I was taken sick with a terrible pain in my right side. My family physician pronounced it appendicitis. About two weeks ago I received your Almanac and read in it about weak kidneys, and my back hurting me so much, I thought I would try your Swamp-Root and to my great astonishment, after using one bottle, I expelled three gall stones, which weighed 135 grains—just think of it. My kidneys are not well yet, and so I have concluded to continue with Swamp-Root. Mr. Schwake, the drug gist, thought that it never was appendicitis and that the doctor had made a mistake. It was no doubt, gall stones that caused the trouble, or they would not have come away so soon after commencing with Swamp-Root.
I shall always praise Dr. Kilmer's Swamp-Root to all those who suffer from kidney, liver and bladder troubles and am very thankful that I ever discovered such a worthy remedy. I feel confident that it will cure me entirely of all kidney and liver trouble.

Algebra to Be Made into Poetry.
It is reported that a French teacher has invented a system for teaching algebra in poetry. About fifty-five years ago there was an educational system in vogue by which a considerable share of the academic curriculum was set to music and sung by the teachers and classes. Even the multiplication table was one of the songs, with the fives column as a chorus, sung to the tune of "Yankee Doodle."—American Educational Review.

Why Australia Has Thrived.
We believe it to be the case that the conditions of Australia, where reward is more proportionate to ability and effort, and less dependent than in our old country upon birth and favor, led to the development among natives of the commonwealth, on the average, of greater activity of mind and body than is found among the natives of the United Kingdom.—British Australasian.

Ellen, whose family in the old country had known her by the more prosaic name of Ellen, lost no opportunity of promulgating all the freedoms of the new country that came her way. Backache
Is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lela White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:
"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffered a great deal with nervous headaches, in fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

"One Man."
"I have a servant girl who is capable and good natured and whom I wouldn't willingly part with, but she troubles me one way," said Mrs. Cloekley to a visitor. "She is a Finn and knows but a few words of English, so the arrival of anyone from a guest to a grocer boy is heralded by her footsteps and the solemn words:
"One man!"
"It is laughable and veering. I have to go all the way downstairs to ascertain who it is. I am thinking of having a series of mirrors put up to reflect the visitor's image upstairs. Or perhaps I can invent a conning tower such as submarines are equipped with.
"At any rate I shall never be able to stand it until she learns enough English to tell who wants me."

Tragic Dream Came True.
To dream of being mangled by a locomotive and to have that dream come true shortly after he had related it to his companions was the experience of Wilmer Johnson, of Phoenixville, Pa. While off his engine it began to move, and the enactment of the dream came true, as he jumped for the running board, but missed it and fell under the wheels.
