W. Cooper Morris, the cashier of the Oregon Trust Co., has, finally been landed behind prison bars at the state penitentiary. His sentence is for six years. Governor West is to be commended for his firmness in refusing to pardon or mitigate the sentence; for the strongest possible pressure was brought to bear upon him. When "wildcat" bankers and "high" financiers find that a penitentiary sentence is sure to follow wrong doing in their particular line of business, there will be fewer bank failures.

That perhaps you are making a mistake by not getting our prices before buying lumber, sash, doors, lime, cement, plaster, etc., somewhere else? You are old enough to know that there's a lot of difference in the quality of every one of these articles, just the same as there is in tea and coffee. And that there's always more or less difference in the prices, too. Then, as you can always get the most and best here, at the lowest prices, why aren't you making a mistake by not buying here. THE "NO NAME" HAT

When a Man Buys Clothes

He goes to the store in which he has the greatest confidence. He does not judge stores by what they claim to do, but by what they do do. He goes to the store that he has learned always gives all or more than they promise. While some stores are always promising unheard of values, it is quite often the case that some other store not claiming so much, is really giving better values. While we believe in advertising, we know that men judge us mostly by what we do, and hence we depend upon real, genuine value-giving, to get our customers, and keep them. When in Albany you are welcome to come to our store for a place to be at home. We are anxious for the particular young fellow, the slim young man, the fat man all who seem to have a hard time to set clothes to fit and suit, to come to us, as our store is the largest south of Portland, and none there are better.
