FINGER PRINT WAS ENOUGH.

Gulley Peach Thief Thought It Was a Picture of His Corduroy Trousers, and Confessed.

All his ripe peaches had departed, disappeared, deserted. Some thief in the night had played havoc among the forbidden fruit, and Professor Pumpernick could find no clue but a finger print left on an unripe specimen. Nevertheless, it was something and he had his suspicions. Forthwith, the professor made an enlargement and shortly after met the suspect. "Ah, Jake," he said, "did you know some one robbed my garden the other night?" "Did 'em, sur?" returned Jake innocently. "Yes," nodded Professor Pumpernick; "but the thief left his mark behind, so I'll easily trace him." He produced the enlargement. "Do you see that?" Jake's knees began to quiver. Then he burst into floods of anguish. "I see 'em, ain't no good, sur!" he sobbed. "I took the peaches righternuff; but—it—it fair licks we 'ow yer got that picture o' my corduroy trousers."—Answers

It Rolled Off.

A young man called on a doctor, complaining of pain in his stomach. The doctor diagnosed the case as dyspepsia, and advised the patient to go home and try a pickle. If he could keep that on his stomach he was to report to the doctor in the morning. The next day the patient returned, and when the doctor asked him if he could keep the pickle on his stomach, he replied: "I could as long as I stayed awake, but when I fell asleep it rolled off."

Indian Tribes Amalgamate.

Students of the Indian tell us that while the numbers of the red men are diminishing there is a slow amalgamation of the tribes wherever their geographical location makes this possible. It is supposed that there were 1,000,000 Indians on this continent when the Europeans settled here. In 1885 a government report showed an Indian population of 350,000, and it is estimated that the present population is 50,000 less.

The Wealth of Life.

There is no wealth but life—life, including all its powers of love, of joy, and of admiration. That country is the richest which nourishes the greatest number of noble and happy human beings; that man is richest who, having perfected the functions of his own life to the utmost, has also the widest helpful influence, both personal and by means of his possessions, over the lives of others.—John Ruskin.

Good Old Joke.

Perhaps it is time to print again the London fog story which once won a prize offered by a London paper: "A merchant received a telephone message one morning from one of his clerks. 'Hello, Mr. Smith,' said the clerk over the wire. 'I cannot come down to the shop this morning on account of the fog. I have not yet arrived home yesterday.'"

Palestine Grows Best Oranges.

The best oranges on the European market are from the land which is said, yet fetches now the highest price for orange culture. There is a jesting phrase among Jewish colonists as to Palestine fertility: "If you but stick an umbrella in the soil you will next year get a crop of them." The orange trees bear fruit two months before those of Italy and Spain."

Age of Fishes.

Until within recent years there had been ascertained no trustworthy way of finding out the age of fish. It has been shown that mere size does not indicate age. Reibisch, Heincke and others have discovered that many of the bones, scales and otoliths of fishes have annual age rings, resembling those in tree trunks.

Valuable Footprints.

A young Colorado ranchman has sold two hardened dinosaur tracks for a college course. Thus, it appears that when it comes to leaving valuable footprints the dinosaur has the lives of great men treading water.—Detroit News.

Two Educations.

We all have two educations, one from others and another, and the most valuable, which we give ourselves. It is the last which fixes our grade in society, and eventually our actual condition in this life, and the color of our fate hereafter. All the professors and teachers in the world cannot make you a wise or good man without your own co-operation; and if such you are determined to be, the want of them will not prevail.—John Randolph.

THE TRUTH ABOUT BLUING.

Talk No. 4.

Liquid bluing is mainly water. Given a half or a cent's worth of bluing and a large bottle filled with water and you have the frail excuse that's called bluing.

Always use RED CROSS BALL BLUE. The best blue anywhere at any price. It does make the laundress smile for a week. Large package 5 cents. AT ALL GOOD GROCERS.

Mustache Makes for Health.

Dr. Paul Kruger, a well-known physician of Vienna, affirms that the mustache has a distinct value for the health. He believes that its utility lies in protecting the nose against the invasion of dust and bacteria. Recording 500 cases of severe headache and throat and nose trouble among his men patients, he found that 420 of them had their upper lip clean shaven.

Improved Type of Comb.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

PHYSICAL WRECK RESTORED TO HEALTH BY GREAT KIDNEY REMEDY.

I feel it my duty to furnish you with my testimonial as to what your remedy Swamp-Root did for me when I was a physical wreck from kidney and bladder trouble. Some years ago I was not able to do any work and could only just creep around, and am satisfied that had it not been for Dr. Kilmer's Swamp-Root I would not have lived. After using the preparation for one month I was able to work some and when I had used \$5.00 worth of Swamp-Root I could do a good day's work. I used about \$10.00 worth altogether and would not have been able to do the work that I did now. I consider it a God-send to suffering humanity for the diseases for which I recommend it and have recommended it to many sufferers.
