TO BE 55 STORIES

Gotham Office Building Tallest in the World.

Structure Rises One-Seventh of a Mile From the Ground—Exceeded in Height Only by the Eiffel Tower.

New York.—Men will be at work daily in a structure of stone and steel one-seventh of a mile from the ground and in all of the 55 stories of the new Woolworth building before the end of next year, the time appointed for completion of the tallest business structure in the world. Laid out flat the giant building would be longer than three city blocks, and Salvator's record speed for a mile would make 14 seconds the time necessary for the champion to cover the distance. Only the Eiffel tower, in Paris, a steel skeleton, will exceed in height this newest New York pinnacle.

Higher and higher do our skyscrapers soar, outtopping everything but the mephitic clouds of smoke from their own boilers; deeper and deeper do they thrust down through the soil until their massive steel roots find anchorage in the rock below. The true Titans of the modern world are the builders, heaving their tons of steel and stone and brick aloft in defiance of the law of gravitation and the winds of heaven and daring even the earthquake to confound their work in ruin. Besides these modern giants of structural efficiency the builders of the early world were but pygmies playing with blocks in the nursery. How high will the skyscraper of the future mount? Has the physical limit been reached, or will the man-made Sierras of tomorrow lift their giant

Woolworth Building.

towers out of the lofty masses of the present like mountains springing from foothills?

Chicago has its skyscrapers, but it has not yet surrendered to the passion for "topless towers" which grips all New York. The Singer building, with its tower lifting 612 feet above the pavement, had scarcely ceased to be the wonder of Gotham before the Metropolitan tower looked down upon it, and now the Woolworth building is to be piled higher yet—nobody knows quite how high. What is to be the determining factor of the future in regard to height?

Phone Beating Out the Wire.

Washington.—The extent to which the telephone has encroached on the telegraph as a means of dispatching trains during 1910 is shown in a bulletin issued by the Interstate commerce commission. An increase of 15,373 miles of railroad on which the telephone is used was shown during the year. On January 1, 1911, the telegraph was used on 175,211 miles and the telephone on 41,717 miles. The bulletin also shows that there were at the beginning of the year 71,969 miles of railroad in the United States operated under the block signal system, 17,711 miles of which were automatic. The increase in this system in 1910 was 5,473 miles, 3,473 miles being automatic.

Rain Resembling Ink Well.

Wilkesbarre, Pa.—A peculiar inky sky precipitation from the clouds occurred at Montrose and other sections of Sullivan county. Its effect was to make newly washed white clothes hung outdoors appear as if mildewed. It did no other damage, and the discoloration disappeared easily when the clothes were rinsed.

What You Make It.

Life in itself is neither good nor evil; it is the scene of good or evil, as you make it; and if you have lived a long day, you have seen all. One day is equal and like all other days; there is no other light, no other night. This very sun, this moon, these very stars, this very order and revolution of things, are all the same your ancestors enjoyed, and that shall also entertain your posterity.—Montaigne: ESSAYS.

Dr. Pierce's Pleasant Pellets regulate and invigorate, stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Virgin Soil Awaits Settlers.

It is claimed that there are in the northern part of British Columbia a million acres of virgin soil awaiting the advent of up-to-date fruit growers.

*Don't cringe—don't flinch,
Should fortune pinch
And all seem lost;
With might and main,
TRY, TRY again
At any cost.*

MUNYON.

I AM taking the above text for the reason that I want to instill into the people self-reliance, self-sufficiency, self-sovereignty. I want every person to feel that they are above deception, hatred, selfishness, jealousy, envy or revenge. I want the person who is attacked by poverty, who has suffered great reverses, who is weighted down with some great sorrow to become acquainted with the reasoning power of Hope. I want them to take Hope as a companion, as a consolation, as a light as a medicine, for Hope is an ambassador from God. It is a teacher that shows us the beautiful. It fills our souls with songs and our tongues with praise.

To be hopeful one must be well, and to be well one must be hopeful.

That the lower bowel is responsible for most bodily ills is now being recognized by the leading physicians throughout the world. There is no further excuse for being bilious, for having headaches, for suffering with dyspepsia or indigestion, for putting up with a sluggish or lazy liver, for poisoning the blood as a result of constipation, for Munyon's Paw Paw Laxative Pills are positively correcting all these ailments. They assist in digesting everything that is put into the stomach. They stimulate the liver into activity. They start the secretions of the stomach, which carry off all the bile and poisonous matters through the bowels. They strengthen the lower bowel, so that it empties itself naturally, without the aid of cathartics or foreign substances.

Munyon's Paw Paw Pills for sale at all druggists. Price, 25 cents. Munyon's.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription
It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.
