LOCAL BREVITIES.

Mrs. Dixie Hagey spent the Fourth at Aumsville.

For your machine and engine oils, see N. I. Morrison.

The Scio brass band is to furnish the music for the Fair.

J. A. Bilyeu and family heard the Eagle scream over at Albany, Tuesday.

A new daughter came to the home of Norman Long, of this city, on Sunday July 2.

The 53rd anniversary of Mr. and Mrs. David Rice, of this city, occurred last Saturday.

Arnold the "attraction" man has been engaged to furnish amusements for the Fair.

Three Shelburn rigs conveyed the Scio band to the junction city, to furnish music for the day.

The new Catholic church at Mill City was dedicated to service last Sunday. Archbishop Christie officiated.

The handsome bungalow residences of P. H. MacDonald and E. D. Myres are both nearing completion.

FOR SALE—14 head of high-grade Jersey heifers, all to be fresh this coming fall. Inquire of R. W. Gill.

Uncle George Warner, of the Scio Mills, went to Portland on the 4th, returning to Albany in the evening.

We can save you dollars on your lumber bill. Our stock and prices will convince you. Scio Planing Mill Co.

Prof. L. L. Gooding returned last week from a brief railroad experience and is now bookkeeper for the condensery.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all dealers.

It doesn't make any difference what kind of a stove you have, or where it was made. If you want any part of one, bring the name and number of the stove and I can furnish the extra part you need. N. I. MORRISON

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all dealers.

Extras and repairs for all classes of machinery obtained in the shortest possible time by Chas. Wesely. He gives special attention to machine extras and keeps the very best of machine oils on the market.

The Scio Planing Mills did a very satisfactory business during the month of June. A complete lumber yard of all kinds of lumber required for building, is, no doubt responsible for the business increase.

If you are going to purchase a mowing machine, rake or binder, you will do well by calling on me and examining what I have. The Champion line of goods are now in the lead and can't be beat for light running, good work and wearing qualities. N. I. MORRISON

We have just received a car-load of McCormick binders, mowers and rakes, and twins. This make of machinery, you know, is the best on the market and, remember, that we can always furnish you extras, for the same, which we carry in stock. So, beware! and do not buy machinery for which you cannot get promptly repairs and extras. CHAS. WESELY

Mr. and Mrs. Fred Jones and Mr. and Mrs. Fred Bilyeu attended the races at Albany on Monday.

Mr. and Mrs. Fred Gooch and daughter came down from Gooch, last Sunday for a 4th of July visit with relatives.

Miss Agnes Cain went to Portland, Tuesday morning and after remaining a day there, went to Tacoma, Wash., for a few days visit with friends.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.

Scio was once on a stub end of a railroad, but in course of time the town was left about two and a half miles to one side. The enterprise of the people and property-owners was not equal to putting in a line of their own. They did put in a light and water service, however, owned by the town; and Scio is celebrated far and wide for its condensary from which many carloads of fine milk is shipped. All it needs is something to loosen up the tight grip on the large areas of misused, half-used and entirely idle lands around it to be a flourishing little city, the capital of Santiam County, instead of an off-to-one side village "up on Thomas Creek a ways."—Portland Labor Press

Educational Board

The new educational board met at the court house this morning, with all the members present.

The division of the county was completed and supervisors appointed.

Superintendent Jackson will have charge of the first district, around Albany, Shedd to Jefferson, covering 27 districts; Prof. Jos. Brenner, of Lebanon, the second district, the eastern part of the county, known as the forks and a few districts this side, and Prof. J. W. Boin, of Brownville, the third district, covering the southern part of the county east, each of the latter two fifty districts.

The appointments are for a year at a salary of \$100 a month for the additional supervisors. The three form an advisory board in the matter of county institutes. The two work under the direction of the superintendent, devoting their entire time to the work, enforcing the course of study required by the state.—Albany Democrat

Prices Down to Rock Bottom On Lumber

200,000 feet of yard stuff must be sold within the next 90 days. Lower prices will be given on special orders. Orders for building must be placed far enough ahead to give the mill a chance to get the material ready.

No. 1 Common, standard lengths, \$8 per thousand, sized \$9.

Special orders, \$8.50 per thousand, \$9.50 per thousand.

This stock is mostly 16 feet long. For further prices call and look over the stock, also get prices on clear. I will save you money.

If orders are sent in by mail address E. L. Brant, Scio, Ore. If by phone call O. L. Lyons, Scio. Please call and look over the stock.

Mill is located on the C. A. Bates place 1 1/2 miles north and 1 mile east of Shelburn. E. L. BRANT, Scio, Ore.

June County Clerk Fees

The fees of the county clerk's office in June were \$331.05. In addition to these regular county fees County Clerk Marks collected \$29.54 for redemption of lands sold to the county for delinquent taxes and also received \$330 for the state game fund, making the total receipts of the office for the month \$691.59.

The amount collected for the state game fund was received from the issuance of \$254 anglers' licenses and \$40 hunters' licenses.

PORTLAND NEWS LETTER

(Continued from page 1)

or West has named a commission of prominent men from all parts of Oregon to assist in the work. It is believed this will prevent a flood of hasty legislation at the next election and will give the entire state just what is needed for highway betterment.

Mining men will meet at Grants Pass on July 18. The recent finds of rich gold ore in Southern Oregon will probably make the coming convention a very interesting one. Invitations to attend the gathering have been sent to commercial bodies and mining organizations of the whole Coast.

Surveys of the mouth of the Columbia river, completed during the past week, are expected to show an increased depth of the ship channel at the river's mouth. A gain of 18 inches, or a total depth of 27.5 feet, is unofficially reported. The measurements just made show that the sweep of the river current and the tides are effective when confined to the channel and the increasing depth demonstrates the value of the jetty work at the mouth of the river.

Portland expects to send two special trains to the Seattle Potlatch on July 21. The excursion will be made up of prominent business and professional men. Besides, the Automobile Club and the Press Club will send delegations north in a flying squadron of autos.

Happiest Girl in Lincoln

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

No Dust, No Light.

Diffusion of light through the atmosphere is due to thousands of millions of dust-atoms floating in it. The finest dust floats highest, and imparts the tint of blue to the heavens. Were it not for dust the sky by day would appear black, and the moon and stars would be visible. All shadows would then be inky black. Everything would appear differently. It is not "the light" we see, but simply reflections caused by notes of dust, as when a ray of sunlight enters a dark room through a hole in the shutters. Millions of dust particles catch the light, reflecting it back and forth from one another, so making the atmosphere luminous.

I am accused of being a radical. If to seek to go to the root is a radical, a radical I am. After all, everything that flowers in beauty in the air of heaven draws its fairness, its vigor, from its roots. Nothing living can blossom into fruitage unless through nourishing stalks deep planted in the common soil. Up from that soil, up from the silent bosom of the earth, rise the currents of life and energy. Up from the common soil, up from the quiet heart of the people, rise joyously today streams of hope and determination bound to renew the face of the earth in glory.

I tell you the so called radicalism of our times is simply the effort of nature to release the generous energies of our people. This great American people is at bottom just, virtuous and hopeful. The roots of its being are in the soil of what is lovely, pure and of good report, and the need of the hour is just that radicalism that will clear a way for the realization of the aspirations of a sturdy race.—Governor Woodrow Wilson of New Jersey in a Recent Speech.

Did it Ever Occur to You

That perhaps you are making a mistake by not getting our prices before buying lumber, sash, doors, lime, cement, plaster, etc., somewhere else? You are old enough to know that there's a lot of difference in the quality of every one of these articles, just the same as there is in tea and coffee. And that there's always more or less difference in the prices, too. Then, as you can always get the most and best here, at the lowest prices, why aren't you making a mistake by not buying here. From where we sit, it looks like you were passing up a good thing.
