Postoffice inspectors do not herald their coming with a blare of trumpets. One dropped into Scio very quietly last Tuesday, and after an inspection of the local office, announced to Postmaster Gill that he found everything in apple pie order.

The Ladies Sewing Club was very pleasantly entertained at the home of Mrs. R. Shelton on March 14. After a time spent in discussing needle work, the ladies were invited to the dining room where a delicious luncheon was served. The dining room was decorated with daffodils and other spring flowers. The Club has decided to discontinue its meetings until Fall.

In the bright sunlight this morning at the depot, says Tuesday's Herald, while the comings and goings of all kinds of people made the scene one of life and activity, one might have supposed from the things that were to be seen that the passengers were having a "loud sock" day just as the High School students do at times. Still it may have been merely coincident that there were several displays of gaudy hosiery, among the most prominent being a brilliant purple pair on a tall young man who seemed to be proudly conscious of the attention that his choice of colors attracted.

Notice

I, the undersigned, will furnish you building material at the same price and on the same terms as Jones mail order house or any other order house for the same class of goods. Yours for business, N. I. MORRISON.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railroad telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good change for advancement. The National Telegraph Institute of Portland, Oregon, operates under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details. 23-4

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists 75c. Take Hall's Family Pills for constipation.
