A plan is now on foot to reorganize the Scio Condensed Milk Company and increase the capital stock. The Condensery has been closed the past year on account of a lack of funds, but an experienced condensery operator has joined the corporation and taken charge, and will place it in operation again this coming spring. The location is an excellent one, being in the midst of a fine dairying community, and with funds back of it, it should prove as profitable an industry as any in the state.

Up-to-date line of neckwear at Hibler & Gill Co.

Ed Wesely and Ed Stewart, with several other parties whose names we failed to learn, went to Snow Peak the first of the week on a hunting trip.

Riley Shelton spent a couple of days the first of the week, near Detroit on a hunting trip, but did not bring back any game. He says there is too much snow at Detroit to suit him, but had a nice visit with old time friends in spite of the snow.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P H Brogan of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it. For sale by all dealers.

Why Congressman W. C. Hawley Should be Re-Elected to Congress.

Because in point of ability, experience and qualifications no opposing candidate can favorably compare with him.

Because of large abilities and efficiency is added his known honesty, manhood and a character without blemish.

Because born in Oregon he knows her needs and has already secured millions of dollars for public improvements in the First District.

Because he travels thousands of miles over his district annually conferring with his constituents and learning their needs.

Because it has been proven that he is industrious, able, efficient and successful in serving all the people and not a favored few.

Because he has been a faithful public servant, working up to a position of influence in national affairs so that Presidents Taft and Roosevelt, his associates of all parties and constituents generally, praise him in terms similar to those used by Governor West after a visit to the National Capital, when he said in an interview: "In intellect, oratorical ability and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives." (Paid Adv. Cong. Com. 1st Dist.)

SUBSCRIBERS ATTENTION!

Santiam News Has Placed No Accounts With Portland Collection Agency

On August 12, 1911, T L Dugger sold the Santiam News but retained the right to collect for the subscriptions which were in arrears at that time. This is a matter of record.

Since August 12, 1911, T. L. Dugger has had NOTHING to do in any way whatever with advertising, job work or subscription accounts due the Santiam News.

When Mr. Dugger retained these bills they became merely personal accounts between Mr. Dugger and the debtor.

NO SUBSCRIBER TO THE SANTIAM NEWS OWES THE SANTIAM NEWS FOR SUBSCRIPTION PRIOR TO AUGUST 12, 1911.

But listen: Here is where the joker comes in: on October 23, there was filed with the American Adjusting Co. of Portland, Oregon, a claim against 99 delinquent subscribers of the Santiam News OF LEBANON.

Imagine our dismay. We were under the impression that the News was still located at Scio. Now our readers may draw their own conclusions and act accordingly.

SOMEONE is evidently trying to collect personal debts and hide behind the skirts of the Santiam News to do it, but we wish to assure our readers that THE SANTIAM NEWS HAS NOT PLACED ANY ACCOUNTS FOR DELINQUENT SUBSCRIPTIONS WITH ANY COLLECTION AGENCY.

This office has been flooded all week with inquiries regarding this matter.

If you receive a statement from this Company, rest assured that the Santiam News has nothing whatever to do with it.

Very truly yours,
L. W. CHARLES,
Publisher Santiam News.

Mr. Teabault of the Teabault real estate firm of Albany and H. Bryant were in this city the last of the week.

WHY NOT ELECT WOODROW WILSON

Chicago Post, Influential Republican Paper, Asks Its Readers a Leading Question.

FRAUDS OF PRESENT REGIME.

Says the Tariff Has Been Too High For a Generation and Must Be Lowered.

The Chicago Post, an influential independent Republican newspaper, propounds this question to Republicans:

"Why not Wilson?"

"This question is addressed particularly to Republicans."

"Governor Wilson suits the Democrats down to the ground, suits all Democrats who are worthy to be called Democrats. But in an emergency like this, why should not Wilson suit a large part of the Republicans as well?"

"Why not Wilson?"

"Governor Wilson is a thoroughbred American gentleman, not only in the accident of birth, but in his every ideal, impulse and principle. That should be the first requirement of every presidential candidate."

"Governor Wilson is a tried and trustworthy executive. His brilliant record as governor of New Jersey proves that."

"Governor Wilson is an eminently sane and sensible man. He is an eminently honorable man. He has dignified every place which he has held. He has performed a splendid public service by lifting the present campaign out of the mire of mudslinging with which Roosevelt began it."

"In every personal characteristic, Governor Wilson is equipped to be any man's president, without regard to whether that man is a Democrat or a Republican. What, then, of his political qualifications?"

"Governor Wilson is and always has been a sensible Democrat, but he is not and never has been a silly, violent partisan."

"Governor Wilson stands for honesty and efficiency in federal administration. So do all sane those who profit by graft and inefficiency."

"Governor Wilson stands for the curbing of trusts and monopolies. So do all, except monopolists and their defender, Theodore Roosevelt."

"Governor Wilson stands for a prompt and steady downward revision of the tariff. So do nine-tenths of the people of the United States."

"Governor Wilson believes in a more radical tariff revision than do a large number of the rank and file of Republicans. But Governor Wilson is the only candidate who if elected will permit the revision of the tariff at all."

"The tariff has been too high for a generation. Is it not better to take a chance at getting it too low, according to Republican standards, than to let the known frauds of the present regime continue for another four years to rob the public?"

"Why not Wilson? He will give an honest, a dignified, a capable administration. He will respect the constitution. He will see that the tariff is revised downward. He will curb trusts. He will serve the people."

"Why not Wilson?"

FACTS WORTH REMEMBERING.

John D. Archbold, for the Standard Oil company, gave \$100,000 to Roosevelt's campaign fund in 1904, but refused to "come across" with \$150,000 more, which was demanded.

J. P. Morgan of the steel trust and other interests gave the Roosevelt fund in the same year \$100,000, and did give up \$50,000 more.

Mr. Roosevelt furiously prosecuted the Standard Oil company, but he refused to prosecute the harvesters trust and the steel trust and gave the steel trust permission to absorb its only serious rival.

TWENTY-TWO YEARS AGO

The following items are taken from the files of the Scio Press of June 1890.

Scio was again visited by the fire fiend last Friday morning. About 3 o'clock the building occupied by Frank Mack as a barber shop was discovered to be on fire. The alarm was given and in a few minutes the fire companies were on the grounds and by hard work confined it to its limits and it did not spread. The loss is about \$300. The fire was a clear case of incendiary as shavings saturated with coal oil were found near the fire.

Wm. Cyrus, an old and well known citizen of the Forks, died last night at his home in this city of heart trouble. He leaves a wife and several children to mourn his loss. He was in his 70th year and was sick but a few hours.

The electric cars commenced to run in Salem Tuesday.

The finest strawberries of the season are selling in Salem at 5 cents a box.

The Albany city council has forwarded to Congress a memorial for the right to bridge the Willamette at that place.

Work on the new motor line between Independence and Monmouth is progressing favorably. The line will be in operation by July 1.

The new Bank building is going ahead rapidly.

About 10 o'clock Wednesday night Mrs. Dilly discovered a fire in the rear of L. Mayer's grocery store. It seems that whoever set the building afire had made previous arrangements, as a case of coal oil in the rear of the building had been cut open and oil spread on the floor. This is the third fire in this city within a month, and it would seem as though we had a fire bug in our midst.

The electric plant will reach here in a month or six weeks, we learn. Upon its erection our people will not have to grope in darkness, and the fire-bug, if such there be in Scio, will have to be awfully smart to get away without being seen and identified.

Shelburn is the name of the new townsite located at the junction of the Oregon Pacific and the Oregonian railways.

Take the flouring mill away from Scio and what would there be left?

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's stomach and liver tablets excellent. They are easy and pleasant to take and mild and gentle in effect. For sale by all dealers.

Trespass notices for sale at the News office.

Mrs J F Kukacha was visiting in Lebanon last week.
