Santiam Farm Topics

Hello Mr Editor: Here I am again
loaded for bear. Many thanks to you
for past favors as I assure you they
are highly appreciated.

The Pie Eater called at the Santiam
News office Saturday, where I found
Mr Editor and little wife quite busy and
real sociable. On leaving the office,
Mr Charles presented me with a full
line of stationery which I presume
meant, "I wish you to send in your
items regular," which I will surely try
to do. We hope other correspondents
will do likewise as we all like to read
the country items.

George Griffin went up Friday to his
stock ranch on the Rogers mountain
to look after his stock. He found them
wading around in the snow six inches
deep without feed, so he brought them
back to his valley farm to feed. He is
still losing his goats.

Mrs Harry Freeman had her three
children vaccinated some two weeks
ago, which has taken well and confined
them all in bed. This will surely pro-
tect them from the smallpox. Mrs
Freeman made a trip to Scio Saturday

To Our Many Customers:

We want to heartily thank
you for the liberal patron-
age you have given us dur-
ing the past year.

It has been the greatest
and most pleasant year's
business we have ever en-
joyed.

Wishing you a prosperous
New Year, we are,

Sincerely yours,

S. E. Young & Son

for medicine and as the roads are so
bad one shaft was broken out of her
buggy on the trip.

I could not make the trade with my
good wife I spoke of last week as she
wanted 50c to boot and I did not have
the ready money by me, and she would
not credit me.

Our new road we cut through the
sand stone is almost completed, so
those fine haired fellows who ride in
automobiles can shut go by flyin'.

We are petitioning the county court
to divide our road district, hoping we
may have better roads.

Uncle Geo Bilyeu is nicely improving
and is able to be out looking after his
young lambs. He has about 60 head,
all doing fine.

Mr and Mrs Cecil Crume of Provi-
dence were over Sunday visitors at the
home of her mother Mrs Geo Bilyeu.

Clifford Griffin is out on a prolonged
sparking expedition as he has not been
home for three days. He will no doubt
get into another hornet's nest.

Mr Brewster has a contract to cut
1000 cords of wood on M C Gaines'
farm and has a crew of eight men at
work there. M C has built them a nice
house in the grub patch so they will be
handy to their work.

David Horsburg's family are all down
with the smallpox now, as he has at
last taken it. The wife and three
children are now improving nicely, and
it is hoped they will all pull through
safe.

Abraham T Powell was out our way
Thursday making urgent inquiry after
John Plummer, but it was easy for one
to smell a hawk, when there was a
widow lady living near the road where
he made a special call and received
some of he pleasant smiles, as she had
said she was lonesome without a com-
panion. This struck A T's mind forc-
ibly and he is wishing to investigate
the truth of it.

Prof G L Sutherland returned home
Thursday after quite a tramp through
Marion county canassing.

Our school in Dist 77 is being taught
by Prof Taw of Stayton. He reports a
very light attendance since the Holi-
days on account of smallpox and scar-
let fever in the neighborhood.

Lyman Smail has gone to California
for a few months' visit.

Our mail carrier Mr Mespelt is de-
lighted with the improvement on our
road over the sand rock points, where
the Santiam boss put in nine days hard
work pounding rock and filling ruts and
mud holes.

Mrs Dave Bilyeu returned home the
last of the week from a visit with her
parents at Lebanon.

Anyone wishing a few Hamala berry
plants in the spring can find them at
the Santiam Farm at 50c per doz.; also
anyone wishing the finest horse in the
country, dapple grey, weighs 1800 lbs,
gentle as a kitten; call and see the
Pie Eater.

An interesting item of some
length is unavoidably left out
this week as the News force had
more work on hand than they
could handle, but it will appear
in next week's issue.—Ed.

where speak well of Chamberlain's
